

2019 IMSA SPORTING REGULATIONS & SERIES SUPPLEMENTARY REGULATIONS

of the

IMSA WEATHERTECH SPORTSCAR CHAMPIONSHIP

Sanctioned by

INTERNATIONAL
MOTOR SPORTS
ASSOCIATION

One Daytona Blvd.
Daytona Beach, FL 32114
(O) +1 (386) 310-6500
(F) +1 (386) 310-6695
www.imsa.com

Revision Date: 08.21.19

FOREWORD

For all Members, the IMSA RULES of the International Motor Sports Association establish the foundation for the organization and conduct of all IMSA Sanctioned Events. The IMSA RULES take effect immediately upon publication.

The purpose of the RULES is to: (i) promote safety, the sport of automobile Competition and IMSA, (ii) enhance Competition, (iii) ensure the quality, fairness and integrity of the IMSA programs and operations and (iv) achieve prompt finality in the Competition results ("**Purpose**").

ALL MEMBERS ARE REQUIRED TO REVIEW THESE IMSA RULES CAREFULLY.

The **IMSA RULES** consist of following three (3) sections and the Event Supplementary Regulations (**SR**):

- The IMSA Sporting Regulations (**ISR**), which concern Competitor and Event procedures, as well as guidelines for the safe and uniform operation of the sport. The ISR may be modified or changed at any time by the publication of a Competition Bulletin, amending the ISR.
- The Series Supplementary Regulations (**SSR**) that provides Series-specific information about each IMSA Series. The SSR is integrated into the ISR and are designated with "(SSR)" next to the Paragraph title. The SSR may be modified or changed at any time by the publication of a Competition Bulletin, amending the SSR.
- The Technical Regulations, which outline the rules and regulations for the specific cars and equipment. The Technical Regulations may be modified or changed at any time by the publication of a Technical Bulletin, amending the Technical Regulations.

Any portion of the RULES may be modified through Bulletins (Competition Bulletins and Technical Bulletins, respectively) and takes force when published. Once published, the Bulletin shall take precedence over the applicable portion of the RULES. Additionally, the RULES may be modified for an Event by the Race Director through the mandatory briefing instructions.

HOW TO READ THE RULES

- 1) The ISR apply to all IMSA Series, unless specifically stated otherwise.
- 2) The SSR is specific to each Series. Where the ISR and SSR conflict, the SSR shall govern.
- 3) The Technical Regulations are specific to particular categories, classes and types of race cars in a Series. Where the Technical Regulations conflict with the ISR or the SSR, the Technical Regulations shall govern.

The SR is specific to an Event and published in conjunction with the Event schedule. Where SR conflicts with the ISR, SSR, and/or Technical Regulations, the SR shall govern.

PREFACE

To enhance the safety of Members, Competitors and spectators at IMSA Sanctioned Events and to provide for the orderly conduct of Events, IMSA requires adherence to the IMSA RULES. All Members agree to comply with these IMSA RULES, as they may be amended from time to time, which RULES, as interpreted by IMSA, govern the conduct and organization of all IMSA Sanctioned Events. The 2019 IMSA RULES supersede all previous editions of the IMSA RULES as well as all amendments thereto, and shall remain in force and effect except as provided herein, until superseded by publication of the next edition of the IMSA RULES.

It is ultimately the obligation of each Member to ensure that their conduct and equipment comply with all applicable IMSA RULES, as they may be amended from time to time. NO EXPRESS OR IMPLIED WARRANTY OF SAFETY SHALL RESULT FROM THE PUBLICATION OF, OR COMPLIANCE WITH, THESE RULES. The RULES are intended as a guide for the conduct of the sport and are in no way a guarantee against injury or death to Members, Competitors, spectators or others.

This is an important document. All Members must read these RULES before participating in an Event. Please contact the appropriate department head at IMSA if you have any questions in relation to these RULES. It is the responsibility of the Member to read, understand and comply with the RULES. Failure to do so provides no relief from the RULES.

EXECUTIVE LEADERSHIP MASTHEAD

John Bishop* / Bill France Sr.*	Founders of IMSA
Dr. Don Panoz*	Legacy Vice Chairman
Jim France	Chairman
Lesa Kennedy	Director
Ed Bennett	Chief Executive Officer
Scott Atherton	President

ARTICLE 1 – DEFINITIONS

1. DEFINITIONS

- 1.1. **Article (Art.)** means an individually identified (numbered or lettered) section of the IMSA Sporting Regulations and/or the Series Supplementary Regulations.
- 1.2. **Attachment (Att.)** means the sections of the Series Supplementary Regulations addressing specific additional requirements for a Series.
- 1.3. **Bulletin** means a formal notification creating, modifying, amplifying or deleting the RULES. A Competition Bulletin is used with respect to the ISR and the SSR and a Technical Bulletin is used with respect to the Technical Regulations.
- 1.4. **Car** means an automobile approved for Competition.
- 1.5. **Challenge Series/Single-Make** means one or more of the Series Sanctioned by IMSA that have their own SSR.
- 1.6. **Chief Appellate Officer (CAO)** means the individual(s) selected by IMSA to hear the final appeal of a Member. The Chief Appellate Officers are Roger Bailey and Tim Mayer.
- 1.7. **Competition** means a contest of competitive nature in which a Car takes part during an Event and results of which Competition are published.
- 1.8. **Competition Bulletin** means a formal notification creating, modifying, amplifying or deleting the ISR and/or SSR.
- 1.9. **Competition Memo** means an advisory notice or reminder.
- 1.10. **Competitor** means a Member whose Membership is in capacity of: Entrant, Driver, Entrant Representative, Team Representative, Admin Representative or Crew.
- 1.11. **Conclusive** means that such action, inaction and/or decision is final and not subject to protest, appeal and/or litigation.
- 1.12. **Constructor** means an officially recognized IMSA Official Partner pursuant to a separate agreement with IMSA.
- 1.13. **Crew** means a Member participating as part of the Team in the direct operation, maintenance, promotion and support of the Car.
- 1.14. **DPI** means a Daytona Prototype international Car or the Daytona Prototype international class.
- 1.15. **Driver** means a person named as the Driver of a Car in an Event and holds an IMSA Membership in the capacity of Driver or Entrant/Driver.
- 1.16. **Entrant** means an entity or person who has entered a Car that has been accepted for Competition and holds an IMSA Membership in the capacity of an Entrant or Entrant/Driver.
- 1.17. **Entrant Representative** is the person nominated by the Entrant and means a principal, partner and/or officer of the Entrant and is an individual legally responsible for the ownership and operation of the business entity. The Entrant Representative is the party responsible for all communications and contact with IMSA regarding all business (as opposed to Competition) matters in connection with the Team(s).
- 1.18. **Event** means an IMSA Sanctioned motorsport activity. It includes the designated Race as well as all periods for registration, inspections, practice Sessions, qualifying Sessions, Races, pre- and post-Race activities and rain or postponed dates related thereto.
- 1.19. **Event Representative** means the individual nominated by the Entrant Representative to serve in the capacity of Team Representative if the Team Representative is not available for that Event.

- 1.20. Event Supplementary Regulations (SR)** means the Official Schedule, minute-by-minute (MxM) and any additional RULES specific to an Event.
- 1.21. GT** means Grand Touring Cars collectively, comprising GTLM and GTD Cars and classes.
- 1.22. GTD** means a Grand Touring Daytona Car or the Grand Touring Daytona class.
- 1.23. GTLM** means a Grand Touring Le Mans Car or the Grand Touring Le Mans class.
- 1.24. Headquarters** means the principal office of IMSA, located at One Daytona Boulevard, Daytona Beach, Florida, 32114.
- 1.25. Homologation** means the documented specifications and approval for use in a particular class of racing with IMSA.
- 1.26. Impound** means the restricted access area designated for technical inspection by IMSA.
- 1.27. IMSA** means International Motor Sports Association, LLC with a principle place of business at One Daytona Boulevard, Daytona Beach, Florida 32114.
- 1.28. IMSA Sporting Regulations (ISR)** means the basic statutes under which Series Sanctioned by IMSA are organized and are the basis for the operations of IMSA.
- 1.29. Intervention Vehicles** means the vehicles used by Track Services to respond to an incident.
- 1.30. LMP2** means a Le Mans Prototype 2 Car or the Le Mans Prototype 2 class.
- 1.31. Manufacturer** means an officially recognized IMSA Official Automotive Partner pursuant to a separate agreement with IMSA.
- 1.32. Member** means an individual or entity accepted by IMSA who holds a Membership/License pursuant to the RULES whose Membership/License is not expired, suspended, canceled or terminated.
- 1.33. Membership/License** means the privileges conferred to the Member in the specific type: Entrant Representative, Team Representative, Admin Representative, Driver, Crew, Industry Support, Industry Support Representative, Supplier, Team PR, Team VIP, Media, Media/Broadcast, PR, Photographer, Promoter, VIP, Partner, Vendor, Official and Employee or any other IMSA Member type.
- 1.34. OEM** means original equipment as delivered on a Car built by a recognized automobile manufacturer and delivered via a regular retail sales outlet.
- 1.35. Official** means an IMSA representative as authorized in these RULES.
- 1.36. Official Schedule** means the timetable for the Event including the pre- and post-Race minute-by-minute (MxM) and is considered part of the Event Supplementary Regulations.
- 1.37. Official Session** means practice, qualifying, warm up, recon lap(s) and/or Race but not including any IMSA Sanctioned Test or Promoter Test.
- 1.38. P2** means a LMP2 Car.
- 1.39. Paddock** means the area within the facility where Entrants park their transporters and work on their Car(s) between Sessions.
- 1.40. Paragraph (Par.)** means an individually identified (numbered or lettered) section of the Series Supplementary Regulations Attachments.
- 1.41. Pit Box** means the working area along pit lane assigned to an Entrant during a Session, in which the Competitors may place their equipment and service the Car.
- 1.42. Promoter** means an individual, partnership, corporation, joint venture or other legal entity that, in connection with the Event, is designated the "Promoter" in the executed Sanction Agreement for the Event.

- 1.43. Prototype** means Prototype Cars collectively, comprising DPi and LMP2 Cars and classes.
- 1.44. Purpose** means the purpose of the RULES which is to: (i) promote safety, the sport of automotive Competition and IMSA, (ii) enhance Competition, (iii) ensure the quality, fairness and integrity of the IMSA programs and operations and (iv) achieve prompt finality in the Competition results.
- 1.45. Race(s)** means the Car competition(s) during an Event, listed on the IMSA season Schedule, for which championship points and awards are distributed.
- 1.46. Race Control** means the primary location of operations and officiating for an Event.
- 1.47. Race Equipment** means a Car, Car part, engine, engine component, tires, fuel, support equipment and/or any other part or related equipment.
- 1.48. Race Procedure** means the manner in which an Event is conducted. It includes, but is not limited to, determinations regarding the eligibility of Cars for Competition, compliance with Competition-related procedures as set forth in the RULES, qualifying procedures, the line-up of the Cars, the start of the Race, the control of Cars throughout the Race by flags, lights, or other direct communication, the election to stop or delay a Race, control of pit activity, flagging, the positioning of Cars at any time, the assessment of lap and time penalties, and the completion of the Race. It does not include the assessment of penalties (disqualification, suspension or fine) except lap and/or time penalties imposed during a Race or directly after a Race.
- 1.49. Removal** means being removed from the results.
- 1.50. RULES or IMSA RULES** mean the IMSA Sporting Regulations, the Series Supplementary Regulations, the Technical Regulations and the Event Supplementary Regulations.
- 1.51. Safety Car** means a non-Competition vehicle used during the formation laps prior to the start of the Race and during a Race to collect the field of Cars during an intervention.
- 1.52. Sanction (Organizing Permit)** means the authority granted by IMSA to a Promoter to organize and hold an Event.
- 1.53. Sanction Agreement** means the documentary authority, granted by IMSA and executed with the Promoter, to organize and hold an Event.
- 1.54. Scrutineer** means a technical inspector.
- 1.55. Scrutineering** means the technical checks of the Car prior to the Event or Session.
- 1.56. Series** means the individual racing groups or categories Sanctioned by IMSA.
- 1.57. Series Supplementary Regulations (SSR)** means the Series-specific statutes (as designated by (SSR) preceding the Article language) and the Attachments collectively.
- 1.58. Session** means the time from the start of the on-track activity, through the time of the end of the on-track activity until the last running Car exits the racing surface and the Cars have cleared pit lane.
- 1.59. Single File** means a line of Cars arranged one behind another without overtaking.
- 1.60. Supervisory Official** means the officers, employees or agents of IMSA as designated by IMSA. The IMSA Supervisory Officials include: Ed Bennett, Scott Atherton, Simon Hodgson, Paul Walter, Mark Raffauf, Geoffrey Carter, Ed Hall, Charlie Cook, Matthew Kurdock, Jeff Smallwood, Jeff Mishtawy, Randy Hembrey, Eric Haverson, Rob Elson and Beaux Barfield.
- 1.61. Team** means a particular IMSA assigned Car competition number (Car #), its Entrant and all persons associated with its participation. Team points are assigned to a particular Car by its assigned competition number.

- 1.62. **Team Representative** means the individual designated by the Entrant that is the party responsible for all communications and contact with IMSA regarding all Competition (as opposed to business) matters in connection with the Team.
- 1.63. **Technical Bulletin** means a formal notification creating, modifying, amplifying or deleting the Technical Regulations or part of the Technical Regulations.
- 1.64. **Technical Inspection** means the technical checks of the Car following a Session or Race or as may be required at the discretion of IMSA.
- 1.65. **Technical Regulations** means the technical specifications of the Series.
- 1.66. **Test(ing)** means all forms of Test or Testing, on-track or off-track.
- 1.67. **Tire Partner** means an officially recognized IMSA Proud Partner pursuant to a separate agreement with IMSA.
- 1.68. **Tire Set** means two (2) front tires and two (2) rear tires of the same type of tire.
- 1.69. **Track Services** means the department and persons responsible for on-track incident response and racetrack restoration.

ARTICLE 2 – INTRODUCTION

2. INTRODUCTION

2.1. CONTROL OF COMPETITION

- 2.1.1. IMSA has established these IMSA RULES that govern the organization and conduct of IMSA Sanctioned Events, the standards for eligibility and conduct of Members, the RULES for eligibility and preparation of Cars, and the RULES for any annual calendar of Events.
- 2.1.2. All IMSA Members are bound by the IMSA RULES and must abide by their provisions.
- 2.1.3. IMSA reserves the right to amend the IMSA RULES at its discretion at anytime to promote safety, enhance Competition or for other purposes to ensure the quality and integrity of its programs and operations. Such amendment shall become effective upon publication by IMSA in the manner of its choice.
- 2.1.4. The RULES may only be amended by publication of an amendment in a Bulletin issued by Headquarters pursuant to the authority of the President of IMSA or other duly authorized Official of IMSA. An amendment is effective upon the date of publication by IMSA, regardless of when a Member receives actual notice. Additionally, the RULES may be modified for an Event by the Race Director through the mandatory briefing instructions. Any other written or verbal communication shall not constitute an amendment to the IMSA RULES.

2.2. INTERPRETATION AND APPLICATION

- 2.2.1. If there is a dispute regarding the RULES, the interpretation and application of the Officials shall prevail. Notwithstanding the foregoing or any other provision in the RULES, Supervisory Officials may review an Official's interpretation or application of the RULES where such Supervisory Officials deem such review to be appropriate. The interpretation and application of the RULES by the Officials (or by a Supervisory Official) shall be Conclusive, except as provided for in the RULES.
- 2.2.2. **Principal Rule.** On occasion, circumstances are presented, either unforeseen or otherwise extraordinary, in which strict application of the RULES may not achieve the Purpose. In such rare circumstances, Officials, as a practical matter, may make a determination that is not contemplated by or is inconsistent with the RULES. Such determinations are reviewable by the Supervisory Officials. All such determinations are Conclusive, except as provided for in the RULES.

- 2.2.3. **Submission to the RULES.** No express or implied warranty of safety shall result from the publication and/or compliance with the RULES. Every Member warrants that (i) he agrees without reservation to know and abide by the RULES, (ii) he renounces the right to have legal recourse, except with the written consent of IMSA, to any arbitrator or tribunal not provided for in the RULES.
- 2.2.4. **Pronouns.** The pronouns “he”, “his”, and “him” are generic and not intended to indicate gender.
- 2.2.5. **Money.** All monetary amounts specified are in US Dollars.
- 2.2.6. **Forms and Information.** All forms and information referred to in the RULES can be obtained from Headquarters and/or at imsacompetitors.com.
- 2.2.7. **Notice.** Receipt is determined by the date contained in the U.S. postal mark (if mailed), IMSA recognized courier receipt, received time stamp of an email, received fax time stamp or the date and time (if delivered in person).

2.3. ACKNOWLEDGEMENT OF RULES

- 2.3.1. Every Member agrees, without reservation or qualification, to conduct themselves in accordance with the IMSA RULES. If there is a disagreement or dispute regarding the meaning or application of the IMSA RULES, the interpretation and application thereof shall be determined by IMSA Officials and Supervisory Officials, whose rulings shall, in all instances, govern and control. Determinations by IMSA Officials applying or interpreting the IMSA RULES are Conclusive, except as provided in the RULES.
- 2.3.2. IN ORDER TO FAIRLY AND EFFECTIVELY PROMOTE THE SPORT OF AUTO RACING AND TO ACHIEVE PROMPT FINALITY IN COMPETITION RESULTS AND IN CONSIDERATION OF RECEIVING NUMEROUS BENEFITS AVAILABLE TO THEM, THE RECEIPT AND SUFFICIENCY OF WHICH ARE HEREBY ACKNOWLEDGED, ALL IMSA MEMBERS, INCLUDING DRIVERS, ENTRANTS, OFFICIALS, PROMOTERS OR OTHER COMPETITORS, EXPRESSLY AGREE THAT DETERMINATIONS BY IMSA OFFICIALS AS TO THE APPLICABILITY AND INTERPRETATION OF THESE RULES ARE NON-LITIGABLE, AND SPECIFICALLY COVENANT THAT THEY WILL NOT INITIATE, DIRECTLY OR INDIRECTLY OR MAINTAIN LITIGATION OF ANY KIND AGAINST IMSA OR ANYONE ACTING ON BEHALF OF IMSA, TO REVERSE, OR MODIFY SUCH DETERMINATION OR TO SEEK TO RECOVER DAMAGES OR OTHER RELIEF ALLEGEDLY INCURRED OR REQUIRED AS A RESULT OF SUCH DETERMINATION UNLESS THE IMSA OFFICIAL MADE SUCH DETERMINATION FOR NO PURPOSE OTHER THAN BAD FAITH INTENT TO HARM OR CAUSE ECONOMIC LOSS TO THE MEMBER. IF A MEMBER INITIATES OR MAINTAINS LITIGATION IN VIOLATION OF THIS COVENANT, THAT MEMBER, DRIVER, ENTRANT, OFFICIAL, PROMOTER OR OTHER COMPETITOR AGREES TO REIMBURSE IMSA FOR THE COST OF ALL SUCH LITIGATION, INCLUDING TRAVEL EXPENSES AND ATTORNEY'S FEES. EACH MEMBER, FURTHER COVENANTS THAT IN ANY LITIGATION BROUGHT AGAINST IMSA FOR ANY REASON, IF THE LITIGATION IS NOT DISMISSED PURSUANT TO THIS COVENANT, THE MATTER WILL BE TRIED BEFORE A JUDGE OF COMPETENT JURISDICTION AND HEREBY WAIVES ANY RIGHT TO TRIAL BY JURY IN SUCH ACTION. IMSA RESERVES THE RIGHT TO TAKE ANY OTHER ACTION HEREUNDER, INCLUDING SUSPENSION OR TERMINATION OF MEMBERSHIP, FOR VIOLATION OF THE COVENANT NOT TO SUE.

2.4. Fédération Internationale de l'Automobile (FIA)

- 2.4.1. The Fédération Internationale de l'Automobile, hereinafter referred to as the "FIA" is the international authority entitled to make and enforce rules and regulations for the encouragement and control of automobile competitions (including records). Except as provided in Art. 2.4.4, the FIA is the final international court of appeal for appealable disputes arising out of FIA-recognized World Championship Events.
- 2.4.2. The Automobile Competition Committee for the United States-FIA is recognized by the FIA as the National Sporting Authority (ASN) of the U.S.A., and is generally referred to as ACCUS-FIA. NASCAR, IMSA, IndyCar, USAC, SCCA and NHRA are members of ACCUS.
- 2.4.3. IMSA is the sole and final authority for the development, maintenance, and distribution of Point Fund / Prize Money, the awarding of IMSA championship points, the naming of Driver, Team, Manufacturer, Tire Partner, Constructor or other champions in any IMSA Series, scheduling of IMSA Sanctioned Events, live broadcast and ancillary rights relative to IMSA Sanctioned Events, determinations regarding the suitability of a racing facility, control over all aspects of Competition during IMSA Sanctioned Events, and the governance, interpretation, and implementation of the IMSA RULES, including but not limited to, IMSA Membership/License, entries, disciplinary action, the IMSA Substance Abuse Policy, and the determination of driver eligibility, in the manner set forth in the IMSA RULES. Notwithstanding that a particular IMSA Sanctioned Event may be listed on the FIA calendar, or count towards an FIA championship, IMSA reserves sole authority to finally settle any dispute that may arise during such IMSA Sanctioned Event.
- 2.4.4. All Entrants entering IMSA-FIA listed Events must possess a current, valid FIA Entrant's License. All Drivers driving in IMSA-FIA listed Events must possess a current, valid FIA Driver License of the grade specified in the SSR. If the SSR permits FIA license holders who do not possess a current IMSA Membership/Licenses to compete, they must fully meet IMSA's eligibility requirements as determined by IMSA and they are also required to sign releases and waivers and to acknowledge that they are not eligible for the benefits of IMSA Membership, including without limitation Participant Accident Insurance. They are bound by the RULES, as may be amended from time to time.

ARTICLE 3 – MEMBERSHIP & CREDENTIALS

3. MEMBERSHIP & CREDENTIALS

- 3.1. **Requirement.** Any person who desires to participate in an Event as a Competitor, Official, Promoter, Manufacturer or other Membership types, must apply for, receive, and possess a valid, current IMSA Membership authorizing participation in that capacity. IMSA may, but is not required to, accept as an IMSA Member any individual or business that has properly and truthfully completed and filed a Membership application, agreed to abide by the RULES, paid the fee(s) prescribed for Membership, and meets the required qualifications. All Membership cards and credentials issued by IMSA remain the property of IMSA. Memberships and credentials are not transferable. Privileges may be revoked at any time for non-compliance with the RULES.

- 3.2.** IMSA is dedicated to the highest degree of professionalism, sportsmanship and integrity in sports car racing. For that reason, IMSA may reject the Membership application of an otherwise qualified applicant in the interest of sports car racing or IMSA, in IMSA's sole discretion. Among other things, participation or involvement by a person or business entity (including, in the case of a business entity, involvement by any stockholder, director, officer, employee, partner or agent thereof) in conduct detrimental to sports car racing or to IMSA, whether in the course of Competition or not, and whether the person or business entity was a Member or applicant at the time of such conduct, may result in rejection of a Membership application by IMSA. Any person or business entity whose Membership application has been declined by IMSA may appeal directly to the IMSA Chief Appellate Officer in accordance with Art. 59.5 (Appeal to the IMSA Chief Appellate Officer).
- 3.3. Application Process.** Application forms for an IMSA Membership may be obtained from Headquarters and/or at imsacompetitors.com. Upon completion, they must be submitted, including the required fee(s), to Headquarters, which is the only IMSA office authorized to approve and issue such Memberships. The receipt of a Membership/License and Annual Credential Application and Agreement and fee(s) by an Official and the depositing of accompanying fee(s) by IMSA do not constitute the issuance of or approval by IMSA of such an application for IMSA Membership.
- 3.4. Minimum Requirements.** In addition to the requirements set forth below for a specific type of Membership all applicants must:
- 3.4.1. Be at least 16 years of age.
- 3.4.2. Execute and deliver to IMSA such authorizations, releases, applications, consents, waivers, resumes and other documents as may be required by IMSA from time to time.
- 3.5. Minors.** Applicants who are 16, 17 or 18 years old at the time of application and are not legally emancipated, must also include with their Membership/License and Annual Credential Application and Agreement, a fully complete Annual Minor's Assumption of Risk Acknowledgement that is signed by the applicant. Also included must be the standard and the Florida Annual Parental Consent, Release and Waiver of Liability Assumption of Risk, and Indemnity Agreement signed by the applicant's father and mother, or legal guardian. An applicant, who is 16, 17 or 18 and emancipated, must include with their Membership/License and Annual Credential Application and Agreement, a copy of the emancipation order. Specific Events may have additional requirements for minors that must be fulfilled prior to participation in such Event.
- 3.6. Business Entities.** If the applicant is a partnership, corporation or other entity, the person responsible for all communication and contact with IMSA regarding the business shall fill out the Membership/License and Annual Credential Application and Agreement and such person must meet the eligibility requirements for the capacity in which the business wishes to participate.
- 3.7. Driver Membership.** Every person who drives a Car in an Event must possess a current IMSA Driver Membership. A Driver must be approved to participate for each specific IMSA Series.
- 3.7.1. Every person who drives a Car in an Event must possess a current IMSA Driver Membership/License. The standard IMSA Driver Membership minimum age is 17 years old. The minimum age may be reduced to one year younger, at the sole discretion of IMSA, where the Driver has significant racing experience in formal organized Competition. For a Membership in the capacity of a Driver at a minimum must:
- A. If requested by IMSA Officials, provide a racing resume detailing past racing participation and experience qualifications. If requested by Officials, submit to and pass driving ability tests conducted by and at the discretion of Officials, whose decision as to the applicant's driving ability is Conclusive.
- B. Be physically and physiologically fit as determined in the sole discretion of IMSA. In this regard, IMSA requires a Competitor or applicant to:

- i. At a minimum, have a current (issued within three (3) months of the date of application for the IMSA Driver Membership) completed IMSA, FIA, INDYCAR, Pirelli World Challenge (PWC), NASCAR or World Endurance Championship (WEC) medical examination form.
 - ii. Submit to and pass one or more physical examinations by a qualified physician(s);
 - iii. Complete a neurocognitive base line ImPACT test / assessment from ImPACT Applications, Inc. within the last two (2) IMSA seasons prior to the date of submitting the Membership application and prior to participation in the first Official Session of their first Race Event. Proof of completion must be submitted to IMSA's Medical Liaison Unit medliaison@imsa.com or via the Driver Medical Documents Submission Portal. The test must be performed by a Credentialed ImPACT Consultant healthcare provider. For a nearby provider see: http://impacttest.com/find_care_provider. Allow sufficient time to complete the assessment prior to the Driver's first Event.
- C. In order to participate in FIA listed Events, a Driver must also have a valid, current FIA Driver license. Application for an FIA license may be made through IMSA registration at IMSA Headquarters.

3.7.2. (SSR) To be eligible to participate in the Event, Drivers must submit an application with all required documents (including medical materials) by CoB on the Monday two (2) weeks prior to the Event week. After this deadline until CoB on the Friday of the week prior to the Event, a fee must be paid to expedite the credentialing process. No applications (or related documents) are processed for the Event after CoB on the Friday of the week prior to Event. In some instances, deadlines may be adapted in consideration of holidays and consecutive Events. Deadline dates are listed in the SR.

3.7.3. IMSA Driver Memberships may be issued to Drivers holding valid FIA Grade C licenses issued by IMSA or their home ASN. Holders of foreign FIA licenses must provide documentation of permission to Race with IMSA granted by their national sporting authority (ASN).

3.7.4. Provisional Driver Memberships may be issued to Drivers whose qualifications require further evaluation. As a condition of entry, these Drivers recognize that their Membership is subject to revocation at any time and such decision by the Officials is Conclusive. Holders of provisional Memberships are subject to a period of evaluation prior to a determination of qualification for an IMSA Driver Membership.

3.8. IMSA ENTRANT MEMBERSHIP

3.8.1. An Entrant must be specified for all entries and is required in order to take certain actions under the IMSA RULES. An Entrant must be at minimum, 18 years of age. It is the responsibility of the Entrant wishing to participate in an Event to obtain the appropriate Event Entry Application and to ascertain and abide by all applicable deadlines and instructions. Holders of foreign FIA licenses must secure and provide documentation of permission to Race with IMSA granted by their national sporting authority (ASN).

3.8.2. **Entrant Representative/Team Representative.** An Entrant must nominate an Entrant Representative. An Entrant Representative may designate a Team Representative. The Entrant Representative and Team Representative may be the same person.

3.8.3. **Responsibility.** Entrants are at all times responsible for the conduct of their Competitors. An offense committed by a Competitor may be charged to the Entrant. Unpaid fines of the Entrant, its designee and/or Competitors may be collected by deducting the amount from any Point Fund / Prize Money of the Entrant. Entrants are at all times responsible for anyone in their pit, whether members of their Team and/or Crew or not.

- A. Entrant is responsible for any credential(s) attributed to Entrant for the entirety of the season, regardless of the continued employment status of any Crew or other assignee. Entrant must return to IMSA any credential in order to cancel it or receive another in its place.
- 3.8.4. **Change in Ownership.** An Entrant Membership is non-assignable and non-transferable, unless approved by IMSA in writing. With respect to an Entrant that is a business and/or partnership entity, the Entrant must promptly inform IMSA in writing, using the appropriate form, if the entity is altered in any material manner or the entity's stock or assets are sold (other than routine daily stock sales) or becomes the subject of a merger or the entity's ownership interest materially changes. When informed of such a change, IMSA in its sole discretion may revoke the entity's Membership or permit the continuation of the Entrant Membership by the altered entity.
- 3.8.5. **Team Change.** Any change to the Team including without limitation (i) Car number, (ii) Team name, or (iii) registered Car manufacturer, is subject to IMSA's prior written approval. To request a change, Entrant must submit the appropriate Team change form available at imsacompetitors.com with the applicable administrative fee for IMSA's review. It may take up to two (2) weeks for IMSA to review a Team change request. IMSA, in its sole discretion, may assign to the new Car number, Team name or Car the Championship Points earned by the previous Car number, Team name and/or Car, if doing so is in the interest of Competition and sports car racing. IMSA may make such other determinations regarding scoring, Point Fund / Prize Money as it determines to be in the interest of Competition and sports car racing.
- 3.8.6. **Team Transfer.** Transfer of any Team or party of a Team (Car, Car Number, Team name, Championship Points) to another Entrant is subject to IMSA's prior approval in its sole discretion. If the Entrant is seeking approval for a transfer, the Entrant must complete the applicable form available at imsacompetitors.com and submit the form and the applicable administrative fee to IMSA. It may take up to two (2) weeks for IMSA to review a transfer of Team request. If IMSA determines in its sole discretion that the Team (or part thereof) may be transferred, the original Entrant must pay IMSA an additional Fifteen Thousand Dollar (\$15,000.00) administrative fee. The new partnership, corporation or business entity must hold an Entrant Membership. IMSA, in its sole discretion, may assign to the new Entrant the Championship Points earned by the Team of the former Entrant, if doing so is in the interest of Competition and sports car racing. IMSA may make such other determinations regarding scoring, Point Fund / Prize Money regarding the transferred Entry as it determines to be in the interest of Competition and sports car racing.
- 3.8.7. IMSA issues the Membership in the name of the Entrant as named on the Membership application. If the Car is owned/managed by a partnership, corporation or other business entity, the Membership is issued in the name of the partnership, corporation or business entity, and the Membership will further indicate the name of the individual legally responsible for the ownership and operation of the business entity. That person is the party responsible for all communications and contact with IMSA regarding all business (as opposed to Competition) matters in connection with the Car.
- 3.8.8. (SSR) There are two (2) types of Entries: Premium and Standard.
- 3.8.9. (SSR) Premium Entries are considered full-season Entries and are committed to enter and participate in all scheduled Events for the entire season.
- 3.8.10. (SSR) Standard entries enter Events individually and are committed to participate in all entered Events.
- 3.8.11. (SSR) There is a one-time IMSA Premium or Standard Entry Package fee that includes bundled benefits, in addition to individual Event entry fees for each Race.
- 3.9. **Crew.** To secure and maintain Membership in the capacity of Crew, an applicant must at minimum: (i) Be 16 years of age and (ii) Be physically fit as determined in the sole discretion of IMSA. In this regard, IMSA may require an applicant to pass one or more physical examination(s) by a qualified physician(s).

- 3.10. Official.** To secure and maintain Membership in the capacity of Official, an applicant must at minimum: (i) Be 18 years of age; (ii) Possess, in the sole discretion of IMSA, the necessary qualifications and abilities to carry out the duties of an Official; and (iii) Be physically fit as determined in the sole discretion of IMSA. In this regard, IMSA may require an applicant to pass one or more physical examination(s) by a qualified physician(s).
- 3.11. Partner.** To secure and maintain Membership in the capacity of Partner, an applicant must at minimum: (i) Be 18 years of age; and (ii) Be an employee or agent of an entity that has a direct contractual relationship with IMSA (sponsor, Manufacturer, Constructor, Tire Partner, Series entitlement sponsor, Promoter, etc.).
- 3.12. Industry Representative.** To secure and maintain Membership in the capacity of Industry Representative, an applicant must at minimum: (i) Be 18 years of age; and (ii) Be an employee or agent of a company that supplies products or services to Competitors and have entered into an Industry Partner Agreement with IMSA.
- 3.13. Media.** To secure and maintain Membership in the capacity of Media, an applicant must at minimum: (i) Be 18 years of age; and (ii) Be assigned to cover IMSA Event(s), and (iii) agree to and execute the IMSA standard media agreements.
- 3.14. Non-Participant Single Event Credential.** To secure and maintain Membership in the capacity of Non-Participant, an applicant must at minimum: (i) Be 16 years of age; and (ii) be nominated by a partner, employee, official or Team.

3.15. MEMBERSHIP STIPULATIONS

- 3.15.1.** IMSA may specify, limit or restrict the types of Series, Cars, or racetracks in which a Member may participate.
- 3.15.2. Non-Transferable.** An IMSA Membership is non-transferable and non-assignable. It may be used only by the Member to whom it is issued. Any attempt to transfer, lend, or permit any other person or entity to use it shall result in a penalty imposed on the Member by IMSA. IF FOR ANY REASON, WHETHER INTENTIONAL OR UNINTENTIONAL, A MEMBERSHIP IS TRANSFERRED, LOANED, OR USED BY ANY OTHER PERSON OR ENTITY, THE ORIGINAL MEMBER SHALL INDEMNIFY IMSA AND ALL RELATED PARTIES FOR ANY DAMAGES ARISING IN CONNECTION WITH SUCH TRANSFER, LOAN OR USE.
- 3.15.3. Membership Status.** A Member is not an agent or employee of IMSA by virtue of such Membership. With respect to any IMSA-related activities in which a Member engages, unless the Member is also an employee of IMSA, the Member shall act as and be deemed to be either an independent contractor or an employee of a person or entity other than IMSA, and not an agent or employee of IMSA. Each such Member, or the Member's employer, is obligated to furnish any tools, supplies or materials necessary to perform the Member's duties. Each such Member shall be responsible for compensating, and shall be responsible for all actions of, their employees or agents. Each such Member assumes all responsibility, either by himself/herself or on behalf of his/her employer, for any charges, record keeping, premiums and taxes, if any, payable on any funds the Member may receive as a result of any activities as a Member, including but not limited to, social security taxes, unemployment insurance taxes, workers compensation insurance, income taxes and withholding taxes. If a Member is an IMSA employee, the Employee Manual supersedes these RULES on any violations and/or disciplinary actions.
- 3.15.4. Suspension.** IMSA may suspend a Membership for a definite or indefinite period of time in the interest of sports car racing or IMSA, in IMSA's sole discretion. The affected Member may appeal such a suspension directly to the Chief Appellate Officer in accordance with Art. 59.5 (Appeal to the IMSA Chief Appellate Officer). Such Member shall have no right to receive, and IMSA shall not be obligated to refund, any part or all of the fee(s) previously paid by the Member to IMSA.

- 3.15.5. **Voluntary Termination.** A Member may terminate his/her Membership at any time by providing a letter of resignation to Headquarters. Such Member shall have no right to receive, and IMSA shall not be obligated to refund, any part or all of the fee(s) previously paid by the Member to IMSA.
- 3.15.6. **Involuntary Termination.** IMSA may terminate a Membership at any time in the interest of sports car racing or IMSA, in IMSA's sole discretion. The affected Member may appeal such involuntary termination directly to the Chief Appellate Officer in accordance with Art. 59.5 (Appeal to the IMSA Chief Appellate Officer). Such Member shall have no right to receive, and IMSA shall not be obligated to refund, any part or all of the fee(s) previously paid by the Member to IMSA.
- 3.15.7. **Expiration.** An IMSA Membership expires automatically on October 31st of the calendar year in which the Membership is issued.
- 3.15.8. **Ejection.** A Supervisory Official may eject a Member from an Event or from the premises in an emergency situation, as determined by such Supervisory Official, to promote the orderly conduct of the Event and/or future Events. An ejection is Conclusive.
- 3.15.9. **Medical.** For safety reasons, at any time during the calendar year IMSA may require a Competitor to undergo a physical or psychological examination by designated medical professionals at the Competitor's expense.
- 3.15.10. **Interim Review of Member Qualifications.** IMSA, in its sole discretion, may review the qualifications of a Member at any time after issuance of a Membership and may require the Member to submit to such additional physical examinations, to submit a resume or an updated resume to include Driver information and record of competition, or to pass such additional Driver ability tests, and may take such other action or require the Member to take such other action as IMSA may deem appropriate, to determine whether the Member continues to qualify for the applicable type of Membership under these RULES.

3.16. CODE OF CONDUCT

- 3.16.1. An IMSA Member shall not make or cause to be made a public statement and/or communication that criticizes, ridicules, or otherwise disparages another person based upon that person's race, color, creed, national origin, gender, sexual orientation, marital status, religion, age, or handicapping condition.
- 3.16.2. IMSA is dedicated to the highest standards of safety and conduct and all Members must conduct themselves accordingly. Unsafe or inappropriate conduct may result in the imposition of penalties. Acts or omissions that constitute a violation of the IMSA RULES, or are detrimental to auto racing, sports car racing, IMSA, Promoters, sponsors, participants or fans, may result in the imposition of penalties.
- 3.16.3. All Members of IMSA are expected to conduct themselves in a professional and sportsmanlike manner. Persons whose appearance, associations or affiliations at or away from an Event are deemed inappropriate or who exhibit conduct that is offensive, abrasive, in bad taste, or otherwise inappropriate or who have been convicted of criminal activity may be denied Membership or may have their existing Membership and/or credential suspended or revoked by IMSA. Such conduct may also be or be considered a violation of these RULES and may result in the imposition of other penalties.
- 3.16.4. Competitors may be required to take part in certain fan and media activities as directed by the Officials. Such activities may include but are not limited to autograph periods, interviews, fan forums, tech talks, pit lane or Paddock "open houses", etc. Failure or refusal to participate as directed, once scheduled and notified either in-person or through the SR or otherwise, may result in the imposition of penalties. Arriving late, missing the activity or departing early, without permission from IMSA Officials, is a breach of the RULES.

- 3.16.5. Except during periods of extreme weather, or when permission of IMSA Officials is obtained, Competitors must not fully enclose their Paddock setups (including the use of clear panels) such as to obscure the view of fans of the majority of the activities including, at least, the preparation one (1) Car. Teams are encouraged to be fan friendly.
 - A. Competitors must not fully enclose their pit lane setups such as to obscure the view of fans of the majority of the activities including, at least, the campaigning of one (1) Car.
- 3.16.6. Failure to obey the direction of an IMSA Official or Promoter representative, as such pertain to the procedures and RULES that govern the organization and administration of an Event, is considered a breach of the RULES.
- 3.16.7. Any Member that publicly criticizes and/or disparages IMSA or its Officials may be considered to be acting in an unsportsmanlike manner prejudicial or detrimental to IMSA and the best interests of the sport and shall be considered a breach of the RULES.
- 3.16.8. Actions or in-action not otherwise specifically prohibited by these RULES, of a Member while participating in an Event deemed by IMSA to be or to cause a situation, unnecessarily dangerous, negligent or otherwise inappropriate, shall be considered a breach of the RULES.
- 3.16.9. Actions or in-action on the part of a Competitor that, in the opinion of the Race Director and/or the Supervisory Officials results in an unfair advantage to the Competitor shall constitute unsportsmanlike conduct, and is a breach of the RULES.
- 3.16.10. During each Event, there may be several mandatory meetings, including Driver and/or Team Manager briefings. Failure to attend or late arrival is a breach of these RULES. Attendance is for the specified Competitors, and guests or other attendees must receive prior approval.
- 3.16.11. Animals are prohibited in the pit lane, on the racetrack, in the pit area, in the Paddock or in any public area. Only animals permitted by the Promoter for controls and security services or as may be required by law are authorized.
- 3.16.12. Entrants must ensure that all persons related to their Team abide by the IMSA RULES. Throughout the Event, it is the individual and collective responsibility of any Team and/or Crew to ensure that the RULES are respected.
- 3.16.13. Throughout the Event, it is the Entrant's responsibility to ensure that their Car complies with the RULES, including without limitation the safety requirements and technical specifications.
- 3.16.14. **Unregistered Driver:** A Driver who has not satisfactorily completed registration and/or Sporting Checks is prohibited from taking part in any on-track Session. Penalty: Minimum \$10,000 Fine.

3.17. CREDENTIALS / PARKING PASSES

- 3.17.1. Only persons approved by IMSA are permitted to enter restricted areas (i.e., garage areas, pits, racing surface and similar areas) after they have personally signed all required entry forms, waivers and release of liability forms and pit permits applicable to the particular Event and obtain an IMSA issued credential. Persons are prohibited from signing at any time, for any reason, any entry form, waiver and release of liability form or pit permit for anyone other than themselves. Credentials must be displayed at all times during an Event. Competitors must not enter Race Control, timing and scoring and/or the broadcast compound during any Session unless permitted or directed by an Official.

- 3.17.2. Annual credentials are available for Members in the capacity of: Entrant Representative, Team Representative, Admin Representative, Driver, Crew, Industry Support, Industry Support Representative, Supplier, Team PR, Team VIP, Media, Media/Broadcast, PR, Photographer, Promoter, VIP, Partner, Vendor, Official and Employee upon execution and acceptance by IMSA of an Annual Credential Application. IMSA Single-event credentials are available to Members in the capacity of: Industry Support, Industry Support Representative, Supplier, Media, Media/Broadcast, PR, Photographer, Promotor, Partner, Crew, VIP and Vendor.
- 3.17.3. An IMSA annual credential serves as a valid credential for each Event. Single-event credentials are sold by IMSA registration upon authorization of the Entrant or Official and availability may be limited.
- 3.17.4. IMSA-designated participants and each Car entered in an Event receive serialized seasonal automobile parking passes, which remain the property of IMSA. IMSA reserves the right to remove automobiles without a valid parking pass at the owner's expense. Lost or stolen passes can be replaced once per season at a cost of \$500.00. Designated lots and additional parking restrictions may apply as specified in the applicable SR. Possession of a parking pass shall not guarantee parking availability. Misuse of the parking pass system may be penalized.
- 3.17.5. Delivery passes valid for thirty (30) minutes are available for individual temporary check out from the Administrator at the IMSA Series-specific Technical Trailer and IMSA Registration at each Event. Delivery passes must be returned immediately after use and are not considered parking passes. Vehicles with delivery passes must not remain unattended. Violators towed at owner/operator's expense. Misuse of the delivery pass system may be penalized.

ARTICLE 4 – ENTRIES

4. ENTRIES

- 4.1. **Release.** BY SUBMITTING AN EVENT ENTRY APPLICATION AND/OR TAKING PART IN ANY ACTIVITY RELATING TO THE EVENT, A MEMBER AGREES TO ABIDE BY THE DECISIONS OF IMSA OFFICIALS RELATING TO THE EVENT OR ANY MATTERS ARISING OUT OF THE EVENT, AND AGREES THAT SUCH DECISIONS ARE FINAL, NON APPEALABLE (EXCEPT AS PROVIDED IN THE RULES) AND NON-LITIGABLE. SUCH MEMBER FURTHER AGREES TO INSPECT THE FACILITIES, AND HIS/HER CAR AND ALL RELATED EQUIPMENT, SAFETY PERSONNEL AND EQUIPMENT, AND CONDITIONS AT THE RACETRACK, TO ENSURE THAT IT IS IN A SAFE, RACEABLE AND USABLE CONDITION, AND THAT THE MEMBER VOLUNTARILY ASSUMES THE RISK OF, AND HAS NO CLAIM FOR DAMAGES AGAINST IMSA, THE PROMOTER OR THEIR OFFICERS, DIRECTORS, SHAREHOLDERS, OFFICIALS, AGENTS OR EMPLOYEES BY REASON OF, DAMAGE TO THE CAR, OR INJURY OR DEATH OF THE DRIVER, CREW OR ANY OTHER PERSON. ALL MEMBERS ASSUME FULL RESPONSIBILITY FOR ANY AND ALL INJURIES SUSTAINED, INCLUDING DEATH, AND ALL PROPERTY DAMAGE, ANYTIME THEY ARE IN THE RACING AREAS OR EN-ROUTE THERETO OR THEREFROM. EACH MEMBER ACKNOWLEDGES THAT THE MEMBER'S SPOUSE AND NEXT OF KIN HAVE BEEN ADVISED THAT THE MEMBER UNDERSTANDS THE HIGH RISK OF SERIOUS INJURY OR DEATH WHICH MAY RESULT FROM RACING, AND THAT THE MEMBER SOLELY ASSUMES ALL SUCH RISKS.

- 4.2.** To participate in an Event, an Entrant must complete and have approved, an Event Entry Application and paid the applicable Event entry fee in accordance with the directions stated on the Event Entry Application. An Event Entry Application accepted by IMSA shall constitute a contract, binding the Entrant to take part in the Event and pay the applicable Event entry fee, either with the Driver(s) designated or with IMSA-approved substitute Driver(s), unless prevented by forces beyond his control. If an Entrant enters an Event without having properly submitted an Event Entry Application, the Entrant by such actions nevertheless agrees that he is subject to the RULES, as well as all statements, releases and obligations appearing in the Event Entry Application, as if he had properly submitted an Event Entry Application. Acceptance of any Event Entry Application is at the discretion of IMSA.
- 4.2.1. (SSR) For a Premium Entry choosing the per-Event payment option, payment not submitted by the Event Entry deadline is subject to a late fee.
- 4.2.2. (SSR) For a Standard Entry, if an Event Entry Application and payment are not submitted by the deadline, IMSA in its sole discretion may accept the Event Entry Application, subject to a late fee.
- 4.3. Event Entry Deadlines.**
- 4.3.1. (SSR) The Event entry deadline is by close of business (CoB) on the Tuesday, two (2) weeks prior to the Event week, as listed in the SR.
- 4.3.2. (SSR) The Late Event entry deadline is by CoB on the Monday of the week prior to the Event week. After the Event entry deadline up to the Late Event entry deadline, a fee of \$1,000 is applied.
- 4.3.3. (SSR) The Final Event entry deadline is by CoB on the Friday of the week prior to the Event week. After the Late Event entry deadline up to the Final Event entry deadline, a fee of \$2,500 is applied.
- 4.3.4. (SSR) Entries submitted after the Final Event entry deadline (CoB on the Friday prior to the Event week) are accepted at the sole discretion of IMSA and may include an additional fee.
- 4.3.5. (SSR) The deadline to make Driver changes to the Entry List to approved Driver names is by CoB on the Monday of the week prior to the Event week. After this deadline, a fee of \$500 is applied per Driver change.
- 4.3.6. An Event Confirmation Declaration must be submitted via TIMS ([Art. 13.2](#)) no later than 4:00 pm ET on the Monday of the week prior to the Event week. For Event Confirmation Declarations received after this deadline, a fee of \$500 is charged.
- 4.4.** A Car must be entered by the holder of a current IMSA Entrant Membership.
- 4.4.1. (SSR) Entrant may enter multiple Cars but each Car earns championship points separately.
- 4.5.** After the close of registration, Driver substitution(s) are subject to the approval of the Race Director.
- 4.6.** At Events where the physical limitations of the facilities limit the maximum number of Cars, IMSA may establish specific criteria for the number of Cars permitted to participate.
- 4.7. Entry Acceptance and Refusal.** IMSA is the sole judge of whether an Event Entry Application is accepted and such decision is Conclusive. IMSA is not obligated to give any reason for such a decision. An Entrant whose Event Entry Application is refused by IMSA shall be promptly informed of that fact by IMSA and the applicable Event entry fee returned.
- 4.8. Falsification.** If it is determined that the Entry Application contains false information or incorrect statements, it may be considered null and void and any fees paid to IMSA shall be forfeited.

4.9. Withdrawal of Entry. Once an entry is accepted for an Event, the Entrant becomes obligated to attempt in good faith to compete in the Event to the best of his/her ability. The Entrant Representative must submit in writing any request to change the entry, including the withdrawal of the entry, to IMSA via TIMS (Art. 13.2) no later than the Late Event entry deadline (CoB on the Monday of the week prior to the Event week), which IMSA may accept or decline in its sole discretion. If the request is received by IMSA later than the Late Event entry deadline or not at all, Entrant may be subject to a penalty fee of up to \$5,000 and Entrant will still be obligated to pay the applicable Event entry fee(s). After the Close of Sporting Checks, a Car is no longer permitted to withdraw and is shown as "No Time/No Speed" for any remaining Session(s) and as "DNS" for the Race. Penalty fees apply. After the start of the Race, a Car must be retired via TIMS (Art. 13.2).

4.10. Car Number.

4.10.1. Car Registration. Entrants must register their Car(s) with IMSA by completing the necessary application forms and paying the appropriate fees. Competition numbers are assigned by IMSA following the completion of the registration process.

4.10.2. Competition Number (Car #). Competition numbers are non-assignable and non-transferable, except by IMSA. Entrant must use the assigned competition number on the Car registered by the Entrant. During an Event, Entrant must use the competition number to identify a particular Car and it must not be transferred to another Car during the same Event, except with IMSA written approval. At subsequent Events, Entrant may use the competition number to identify a different Car registered by the Entrant. Championship points, awards and/or Point Fund / Prize Money are awarded to the Entrant for the performance of the Car identified by the competition number assigned to Entrant. If IMSA changes an Entrant's competition number, IMSA, at its option, may transfer Entrant's championship points to the new competition number. IMSA reserves the right to revoke, reassign or transfer competition numbers at any time.

4.10.3. Number Allocation. The allocation of competition numbers is exclusively controlled by IMSA. Such numbers must comply with IMSA requirements and number panel requirements.

- A. (SSR) Three-digit (000) numbers and numbers beginning with zero (0X) are prohibited except as approved at the sole discretion of IMSA in extraordinary circumstances. Certain numbers may be restricted or retired at IMSA's discretion. The number "1" is reserved for the preceding season P class Team champion and is ineligible for use by another Competitor.
- B. (SSR) A Team failing to submit an Entry by the last Tuesday in November of the current season for the Series forfeits the right to use their previous or historical number if another Entry is then received requesting that number.
- C. (SSR) A Premium Entry Team may, only with IMSA approval, use an approved temporary number for significant cause without jeopardizing their right to their previous or historical number and retaining the Team championship points.

4.11. Payment.

4.11.1. Failure to pay all sums due to IMSA or its contractors, agents and affiliated companies, or to the various Series sponsors or Promoters may result in revocation of credentials or Membership, withholding of any Point Fund / Prize Money or other penalties.

4.11.2. IMSA may charge interest of 1% per month, or 12% per annum, or the highest amount permitted by law if lower, on any sums outstanding. IMSA may charge a service fee up to the maximum amount permitted by law for any returned or canceled check, insufficient funds, or refused credit card payment.

4.11.3. Multiple declined credit Cards and/or returned checks may require future payments to be made by cash or wire transfer only.

- 4.11.4. All Point Fund / Prize Money won shall be paid by IMSA solely and directly to the applicable Entrant. IMSA requires that each Entrant provide a W9 and/or other required governmental documentation prior to distribution of payment.

ARTICLE 5 – INSURANCE, INJURIES & RESPONSIBILITY

5. INSURANCE, INJURIES & RESPONSIBILITY

- 5.1. Participant Accident Insurance.** IMSA provides participant accident insurance coverage at Events as follows:
- \$50,000 Accidental Death and Dismemberment
 - \$50,000 Excess Medical
 - \$1,000,000 Excess Catastrophic Medical
 - \$100 per week Weekly Indemnity for the first 52 weeks
- 5.2. Injuries.** Any Competitor involved in an incident in which there is an injury must report such incident to the IMSA Medical Liaison, Series Manager or a Supervisory Official prior to leaving the Event on the day the incident occurred. Where there is significant damage or injury, or at the direction of any Official, a Competitor MUST present himself or be transported to the Promoter medical facility for evaluation. IMSA Event medical guides are posted at imsacompetitors.com in the Event information section. Participant accident insurance coverage may be declined by the insurance provider if an Official is not notified and/or the Competitor is not evaluated by the Promoter medical staff. The Competitor is solely responsible for all medical costs, including any costs associated with off-site medical transportation, for injuries not covered by the insurance provider.
- 5.3. Assumption of Risk.** Automobile racing is an inherently dangerous sport and each Member assumes that risk of bodily injury, death, or property damage when participating in an Event. The risk of serious injury or death cannot be eliminated and is always present at a high level. Members are required to advise their spouses and next of kin, if any, of this fact. IMSA cannot be and is not responsible for all or even most aspects of the safety effort. That responsibility instead rests with the various participants in the Event as follows:
- 5.3.1. IMSA Responsibility.** Employees and representatives of IMSA, when they are present at an Event, will inform the Promoter of any inadequacies in the facilities, safety personnel and equipment, or other conditions at the racetrack that they (a) observe and (b) consider in their best judgment to be inconsistent with the interests of safety. In addition, IMSA works with Competitors, Promoters, Manufacturers and Constructors and Tire Partners and outside independent experts to facilitate, where and when appropriate, the exchange of useful information regarding safety designs, products, practices and procedures. IMSA, however, is not and does not hold itself out as an expert in safety standards, designs, products, practices or procedures, nor is IMSA a standards organization or a designer, manufacturer or seller of safety-related products, facility designs or Car designs. IMSA DOES NOT MAKE ANY REPRESENTATIONS OR WARRANTIES OF SAFETY TO ANY MEMBER OR OTHER PERSON AND CANNOT AND DOES NOT TAKE RESPONSIBILITY TO ENSURE THE ADEQUACY – FOR PURPOSES OF SAFETY – OF THE FACILITY, SAFETY PERSONNEL AND EQUIPMENT, AND/OR CONDITIONS AT THE RACETRACK. The Promoter (see below) and the Members (see below) are solely and ultimately responsible for such matters at Events.

- 5.3.2. **Official's Responsibility.** Officials at an Event will inform the Promoter of any inadequacies they observe and consider in their best judgment to be inconsistent with the interest of safety, including but not limited to inadequacies in the facilities, safety personnel, equipment and conditions of the racetrack. In addition, if an inadequacy is observed on a Competitor's Car, equipment, or conduct, Officials may take whatever action is reasonable and appropriate to correct such inadequacy, including but not limited to, requesting physical examination(s) and/or Driver ability tests. In any case, Competitor is obligated to follow the Official's directives. IMSA, HOWEVER, IS NOT RESPONSIBLE FOR THE ADEQUACY OF A COMPETITOR'S CAR, RACING EQUIPMENT, OR RACING ACTIVITY TO ACCOMPLISH THIS PURPOSE.
- 5.3.3. **Promoter Responsibility.** The Promoter is directly and finally responsible to ensure that the facility is adequate and that adequate safety personnel and equipment are provided for at each Event, both for the purpose of preventing injury where reasonably possible, responding to injury when it occurs; and that the conditions at the facility are maintained in a reasonable manner to reduce the risk of injury, all as more fully set forth in the Sanction Agreement applicable to the Event.
- 5.3.4. **Member Responsibility.** All Members are obligated to inspect the facility, safety personnel and equipment and conditions of the racetrack on a continuing basis before, during, and after the Event. Members must promptly report to IMSA and the Promoter any inadequacy in the facility, personnel, equipment, or conditions of the racetrack. Members also are solely and directly responsible for the safety of their Race Equipment and are obligated to perform their duties in a manner designed to minimize to the risk of injury to themselves and others.
- 5.4. NEITHER IMSA NOR THE PROMOTER IS RESPONSIBLE FOR THE ADEQUACY OF A COMPETITOR'S RACE EQUIPMENT, OR RACING ACTIVITY TO ACCOMPLISH THIS PURPOSE. IMSA DOES NOT MAKE ANY REPRESENTATIONS OR WARRANTIES OF SAFETY TO ANY COMPETITOR OR OTHER PERSON, AND CANNOT AND DOES NOT TAKE RESPONSIBILITY TO ENSURE THE ADEQUACY, FOR PURPOSES OF SAFETY, OF THE FACILITY, SAFETY PERSONNEL OR EQUIPMENT, OR CONDITIONS AT THE RACETRACK.
- 5.5. Each Member agrees and consents that in the event of injury or death in the course of or as a result of an Event, IMSA may obtain access to and copies of any and all medical records of the Member related to such injury or death.
- 5.6. IMSA Participant Accident Insurance is in effect from the beginning of the first Event Load-In day until the Load-Out time for each specific Series per the Official Schedule and SR.

ARTICLE 6 – MEDIA RELEASES

6. MEDIA RELEASES

- 6.1. **Advertising and Promotion Release.** Each Member by entering an Event, grants to IMSA, its duly authorized agents, assigns and licensees, including but not limited to the Series entitlement sponsors and Promoters, on an exclusive basis, the right to use and sublicense, Competitor's name, likeness and performance, in and out of uniform, including photographs, images and sounds of Competitor, any Crew and/or any Car(s) with respect to which Competitor participates in the Event(s), in any way, material or medium (including but not limited to print, telecasts by and through television, cable television, radio, pay-per-view, closed circuit television, satellite signal, digital signal, film productions, audiotape productions, transmissions over the Internet, public and private online services authorized by IMSA, sales, other commercial projects and/or the like) for promoting, advertising, or reporting IMSA racing generally, the IMSA Series in which Competitor participates, and/or any Event(s) or related telecast or programming, before, during and after such Event and Competitor hereby relinquishes to IMSA exclusively and in perpetuity all rights thereto for such purpose.

- 6.2. Broadcast Rights.** Each Member by entering an Event acknowledges that IMSA and its licensees and assigns exclusively and in perpetuity owns any and all rights to broadcast, transmit, film, tape, capture, overhear, photograph, collect or record by any means, process, medium or device (including but not limited to television, cable television, radio, pay-per-view, closed circuit television, satellite signal, digital signal, film productions, audiotape productions, transmissions over the Internet, public and private online services authorized by IMSA, sales, other commercial projects and/or the like), whether or not currently in existence, all film, audio, video and/or photographic images, sounds and data (including but not limited to in-Car audio, in-Car video, in-Car radio, other electronic transmissions between Car and Crew and timing and scoring information) arising from, during, or in connection with the Event(s) or the Member's performance in the Event, and that except for works created pursuant to the fair use doctrine or the IMSA Media Access Policy, IMSA shall be the sole owner of any and all copyrights, intellectual property rights and other proprietary rights worldwide in and to these works and in and to any other works, copyrightable or otherwise created from the images, sounds and data arising from, during or in connection with the Event(s) or Member's performance in the Event. Each Member hereby agrees to take all steps reasonably necessary, and all steps requested by IMSA, to protect, perfect or effectuate IMSA's ownership or other interest in these rights. Each Member agrees not to take any action, nor cause others to take any action, nor enter into any third party agreement that would contravene, diminish, encroach or infringe upon these IMSA rights.

ARTICLE 7 – IMSA SUBSTANCE ABUSE POLICY

7. IMSA SUBSTANCE ABUSE POLICY

- 7.1. Notice** - Any Member charged with any violation of the law relating to alcoholic beverages or illegal substances, or charged with any felony, shall notify the IMSA Managing Director, Racing Operations prior to the next scheduled Event or within seventy-two (72) hours of being charged, whichever is earlier.
- 7.2. Introduction** - Through a comprehensive testing program, IMSA's Substance Abuse Policy is designed to keep Events safe for everyone and provide a level playing field. Strong testing programs save lives, prevent injury, gives IMSA Members additional reasons to say no to illegal drugs and help identify people with substance abuse issues and facilitate their treatment. To those ends, IMSA prohibits the misuse of alcohol, prescription drugs, and any other substance used in a manner that affects safety or impacts the integrity of the Competition, including –but not limited to– illegal or performance enhancing substances. All IMSA Members are responsible for whatever goes into their body.
- 7.3. Administration of this Policy; Program Administrator (PA), the Testing Laboratory and Medical Review Officer (MRO)** - The Policy of this program is overseen by IMSA, but it is administered and implemented through a program administrator, testing laboratories, medical review officers and substance abuse professionals.
- A. **Program Administrator (PA)** - IMSA has designated Dr. Doug Aukerman, M.D. as the program administrator (PA). The PA acts to oversee the administration and implementation of the program, but his primary role is to act as an advocate for the accuracy and integrity of the substance abuse testing process. The PA will also facilitate evaluations for IMSA Members for the Road to Recovery Program by coordinating evaluations with the appropriate substance abuse professional for advising on the creation of a Road to Recovery Plan that may include substance abuse counseling, treatment or rehabilitation.
 - B. **Specimen Collection** – All specimen collections pursuant to this Policy will be conducted by IMSA designated collectors. The IMSA designated collector shall administer all Reasonable Suspicion and Road to Recovery collections, and to assure transport of urine, blood, saliva, hair and/or breath specimens pursuant to this Policy.

- C. **Testing Laboratory** - All testing pursuant to this Policy will be done at the IMSA designated Testing Laboratory. The IMSA designated Testing Laboratory shall administer the testing of urine, blood, saliva, hair, and/or breath specimens pursuant to this Policy and to communicate the results to the MRO. IMSA reserves the right to designate other testing facilities, as needed to facilitate this Policy, throughout the year.
 - D. **The Medical Review Officer (MRO)** - IMSA has designated Douglas Aukerman, M.D., as the MRO of this Policy. The MRO is an independent and impartial physician to the laboratory's findings, and he is responsible for receiving and reviewing laboratory results generated pursuant to this Policy and determining whether there is a legitimate medical explanation for a positive drug test or refusal to test because of adulteration, substitution, or other non-negative test. Dr. Aukerman is a board certified Sports Medicine physician and a medical review officer certified by the American Association of Medical Review Officers (AAMRO). IMSA reserves the right to designate other MROs, as needed, to facilitate this Policy throughout the year.
- 7.4. IMSA Members Subject to Testing** - All Members are required to adhere to IMSA's Substance Abuse Policy and are subject to reasonable suspicion testing, as well as any subsequent follow-up testing and Road-to-Recovery testing that is necessary. (See Art. 7.6).

7.5. Prohibited Substances and Acts

- 7.5.1. Prohibited Substances** - For the purpose of this Policy, prohibited substances are those substances that, in the PA's determination, in consultation with IMSA, may adversely affect the safety and well-being and performance of an IMSA Member at an Event, including without limitation illegal drugs. The PA, in consultation with IMSA, may make this determination with respect to a particular substance at any time, including and without limitation at the time of discovery of the substance following a drug test. For the purposes of the IMSA RULES, federal bans and definitions of illegal substances supersedes any state and/or local ordinance, regulation or law allowing use of a substance. IMSA Members are prohibited from using, having in their system, possessing, purchasing, selling and/or participating in the distribution of any drug that is illegal to possess, use, and/or distribute by the laws of the United States of America and/or any of its 50 states, regardless of the amount, at any time. Illegal acquisition and/or illegal distribution of any prescription or over-the-counter medication are strictly prohibited at any time. In addition to the prohibition of illegal drugs described above, non-medical use of the following non-exhaustive list of drugs is prohibited under this Policy.

A. Stimulants

Amphetamine, methamphetamine, Ecstasy (MDMA), Eve (MDEA), MDA, PMA, Phentermine, and other amphetamine derivatives and related compounds.

B. Narcotic Analgesics

Including without limitation, alfentanil, fentanyl, hydromorphone, marijuana (cannabis), meperidine, methadone, morphine, oxycodone, oxymorphone, propoxyphene, sufentanil, heroin and/or their chemical and pharmacological analogs and related compounds, as well as codeine, dihydrocodeine, hydrocodone, and codeine analogs and related compounds (including those available over the counter in some countries if taken for a non-medical use).

C. Ephedrine Class

Ephedrine, pseudoephedrine, and phenylpropanolamine and/or their chemical and pharmacological analogs and related compound as well as pseudoephedrine (even if purchased as an over the counter medication without a prescription) if used:

- i. in a manner that is inconsistent with the instructions provided by the drug manufacturer (e.g., use in concentrations or amounts in excess of the manufacturer's recommended dose); or

- ii. in a manner or an amount that may cause an increased risk to health, safety, or an impairment of ability to perform his/her duties in relation to an Event.

D. Benzodiazepines

Including without limitation, alprazolam, diazepam, lorazepam (Ativan), oxazepam (Serax), temazepam (Restoril), Alpha-hydroxy-alprazolam (Xanax), Nordiazepam (Valium) and/or their chemical and pharmacological analogs and related compounds.

E. Barbituates

Including without limitation, amobarbital (Amytal), butalbital (Anolor 300, Esgic, Fioricet, Fiorinal), butabarbital (Butisol), phenobarbital (Luminol, Solfoton), pentobarbital (Nembutal, Nembutal Sodium), secobarbital (Seconal) and/or their chemical and pharmacological analogs and related compounds.

F. Performance Enhancing Drugs

Including without limitation, Human Growth Hormone (hGH), Human Chorionic Gonadotropin (hCG), Lutenizing Hormone (LH) and Insulin-like Growth Factor (IGF-1), clenbuterol, anabolic androgenic steroids ("AAS"), including without limitation:

- | | |
|--------------------------|----------------------|
| • Androstenediol | • Methandriol |
| • Androstendione | • Methenolone |
| • Bolasterone | • Methylclostebol |
| • Boldenone | • Methyltestosterone |
| • Chloroxomesterone | • Methyltrienolone |
| (dehydrochlormethyl- | • Mibolerone |
| testosterone) | • Nandrolone |
| • Clostebol | • Norandrosterone |
| • Dihydroepiandrosterone | • Norethandrolone |
| • Dihydrotestosterone | • Oxabolone |
| • Dromostanolone | • Oxandrolone |
| • Epitestosterone | • Oxymesterone |
| • 4-Chlortestosterone | • Oxymetholone |
| • Fluoxymesterone | • Stanozolol |
| • Formebolone | • Stenbolone |
| • Furazabol | • Testosterone |
| • Mesterolone | • Trenbolone |
| • Methandienone | |
| (methadrogenolone) | |

G. Muscle Relaxers

Including without limitation, carisoprodol (Soma) and meprobamate (Miltown, Meprospan).

H. Sleep Aids

Including without limitation, zolpidem (Ambien).

I. Beta Blockers

Including without limitation, the following drugs and related compounds:

- Acebutolol
- Alprenolol
- Amosulalol

- Atenolol
- Betaxolol
- Bisoprolol
- Carteolol
- Esmolo
- Landiolol
- Levobunolol
- Mepindolol
- Metipranolol
- Nadolol
- Nebivolol
- Oxprenolol
- Penbutolol
- Pindolol
- Propranolol
- Metoprolol
- Sotalol
- Tilisolol
- Timolol

J. Hormone and Metabolic Modulators

Including without limitation, anastrozole, formestane, ATD, clomiphene, “SERMS” (raloxifence, tamoxifen (Nolvadex), toremifene, Arimidex, clomid, evista, fulvestrant, aromatase inhibitors (Androst – 3, 5-dien, 17-dione), SARMS, etc.

- 7.5.2. Medical and Non-Medical Use of Prescription and Over-the-Counter Medications - IMSA** recognizes that there are many prescription and over-the-counter medications that serve essential or beneficial purposes for the health and well-being of IMSA Members, and nothing in this Policy is intended to discourage the proper use of these medications. Some medications, even when properly used, may adversely affect the safety and integrity of Competition. For example, many types of cough medicines contain codeine, which is a potent narcotic that may result in drowsiness or diminished alertness. Non-medical use of a prohibited, prescription, or over-the-counter medication by an IMSA Member is prohibited, and the MRO will examine whether: (1) the medication was used in a manner inconsistent with the instructions provided by the manufacturer, pharmacist and/or the prescribing physician; (2) the medication causes a competitive advantage, or a diminished or impaired ability to perform duties on the day of an Event; (3) the medication was used without a valid prescription from a licensed and treating physician that was given for a legitimate medical purpose; (4) the IMSA Member failed to advise the issuing physician that another physician was prescribing the same and/or similar medication; and/or (5) the medication was prescribed more than 6 months prior to an Event. For the purposes of the IMSA RULES, federal bans and definitions of illegal substances supersedes any state and/or local ordinance, regulation or law permitting the use of a substance.

- 7.5.3. **Alcohol** - An IMSA Member is prohibited from consuming any alcohol 12 hours prior to or during any Session. An IMSA Member with breath, urine, saliva, or blood alcohol level above 20mg per 100ml (.02%) at the time of testing is deemed unfit for race driving, participating or officiating in an Event. Nothing in this paragraph shall preclude an IMSA Official from determining that an IMSA Member with a breath, urine, saliva, or blood alcohol test level below 20mg per 100ml (.02%) is physically unfit for race driving, participating, or officiating in an Event and taking such action as the IMSA Official may deem appropriate under the IMSA RULES.
- 7.5.4. **Dietary and CBD Supplements** - Dietary and CBD supplements may contain (either purposefully or through contamination) a prohibited substance under this Policy. Any product sold with a warning advising non-use if the purchaser is subject to a drug testing program should be avoided even though such product may be available without a prescription. IMSA Members may use a variety of apps or internet sources to become more educated about the contents of a supplement, but regardless of that information, the IMSA Member is responsible for any substance found in their system.
- 7.5.5. **Masking Agents** - The use or attempted use of any agent or technique that is designed to avoid detection of a prohibited substance and/or falsify, alter, compromise, or otherwise tamper with the integrity of a specimen or test under this Policy is prohibited. This includes providing false urine samples (e.g., urine substitution or synthetic urine), contaminating the urine sample with chemicals or chemical products, using pharmaceutical diuretics to purposefully dilute the urine sample, using masking agents, using Aromatase inhibitors that may be used to biologically manipulate the testosterone/epitestosterone ratio, and/or using epitestosterone to artificially alter the testosterone/epitestosterone ratio.
- 7.5.6. **Substances That Mimic Effects of Banned Substances** - IMSA Members are prohibited from using any legal or illegal substance, or combination of substances, including but not limited to synthetics, analogues and/or derivatives of a banned substance.
- 7.5.7. **Manner of Use**
- A. **Safety** - The use of any legal or illegal substance, or combination of substances, which when taken into the human body, can impair the ability of the person to perform safely is prohibited. Under this Policy, any substance or combination of substances used in an unsafe manner is a violation. For example, a combination of drinking 10 cups of espresso, taking cold medicine and using prescribed sleep medication will cause a safety risk, although each substance in small amounts by themselves may not necessarily result in a violation of the SAP.
 - B. **Integrity of Competition** - The use of any legal or illegal substance, or combination of substances, which when taken into the human body, can alter or enhance a person's ability to compete in a manner unfair to other Competitors is a violation. For example, a legal substance may be substantially similar to an illegal drug – i.e., an analogue or derivative of an illegal drug – use of that substance will result in a violation of the SAP.
- 7.5.8. **Prescription Documentation for Prohibited Substances to the Medical Review Officer** - Competitors or Officials in the IMSA Series are required to notify and provide proof of prescriptions for all prohibited substances under this Policy to the MRO upon receipt of such a prescription from his/her treating physician. The method to provide this information to the MRO shall be:

- A. Using a fax cover sheet, print "IMSA SAP Information", the Competitor or Official name and phone number, name of medication, the prescribing physician, and the physician's phone number. Attach a copy of the prescription providing the dosage and duration instructions for proper use.
- B. Fax both the cover sheet and copy of the prescription to the MRO at (888) 595-4949, or email scanned copies to mro@aukmed.net.
- C. The Competitor's or Official's physician may receive a call from the MRO to discuss the prognosis and expected length of treatment and corresponding duration of the prescription.

7.6. Testing for Prohibited Substances - Under this Policy, all Competitors, Officials and IMSA Members will be tested on the following basis:

7.6.1. Reasonable Suspicion - IMSA may require an IMSA Member to submit to a test or tests if an IMSA Official has reasonable suspicion that the IMSA Member has violated any part of this Policy or has a competitive advantage or diminished ability to perform as a result of using any substance in violation with this Policy. Some of the conditions, observations and/or reports that may cause an IMSA Official to have such a reasonable suspicion are, without limitation, as follows:

- A. When an IMSA Member is found or observed in possession of illegal substances or illegal drug paraphernalia at any time.
- B. Observation of signs, symptoms, and/or behaviors generally understood to accompany the use of prohibited substances or alcohol use or intoxication including, without limitation:
 - i. Physical signs of red or droopy eyes, dilated or constricted pupils;
 - ii. Slurred speech, stumbling, or hyperactivity;
 - iii. Needle marks;
 - iv. Repeated unexplained disappearances from an Event;
 - v. Constantly running nose, red appearance in the face, or persistent sniffing;
 - vi. Time distortion, including repeated tardiness and missed appointments;
 - vii. Chronic forgetfulness or broken promises;
 - viii. Accidents during Events;
 - ix. Inability to concentrate or remember, or to maintain attention;
 - x. Mental confusion, paranoia, or presence of abnormal thoughts or ideas;
 - xi. Violent tendencies, loss of temper, or irritability;
 - xii. Extreme personality change or mood swings; or
 - xiii. Deteriorating personal hygiene or appearance.
- C. An arrest or conviction for driving while under the influence of alcohol or drugs, or an alcohol or drug related conviction.
- D. Receipt of a report from a reliable source that an IMSA Member is under the influence of substances prohibited under this Policy on the day of an Event, or, at any time, is using, possessing or selling illegal drugs or substance.

- E. The results of an examination or test, as provided by the IMSA RULES, which shows evidence of use of a prohibited substance or alcohol abuse or of adulteration or manipulation of the specimen.
- F. The odor or aroma of an alcoholic beverage on or about the breath or body of a Competitor, Official or IMSA Member consistent with use of such a substance or alcoholic beverage on the day of an Event.
- G. Violation of IMSA safety precautions or careless acts during an IMSA Event.

7.6.2. Follow-up testing - IMSA Members may be required to undergo follow-up testing as requested by the PA, MRO or IMSA. Tests may be:

- A. Administrative. The PA may request follow-up testing for administrative issues.
- B. MRO requested. The MRO may request follow-up testing for variety of reasons, including but not limited to:
 - i. If the MRO finds that test results are invalid, the MRO may request a follow up test to assist in analysis.
 - ii. Monitor or determine therapeutic levels of prescription drugs.
 - iii. Determine whether an IMSA Member is “cycling” or “stacking” performance enhancing substances.
 - iv. Assist in the investigative process to determine if there is a legitimate medical reason for test results.
- C. In its discretion, IMSA may decide to include drug and/or alcohol testing as a condition of probation. In the rare instances when that occurs, IMSA will review the situation and determine how many times, for how long, in what circumstances and for what substances a Member will be tested as part of probation and whether collections are to be observed.

7.6.3. The Road to Recovery / Competition Re-entry - IMSA Members, who violate this Policy are required to be evaluated and tested before returning to IMSA. In conjunction with the terms and condition of reinstatement of an IMSA license, the PA will provide for an evaluation with an appropriate substance abuse professional for the purpose of advising on the creation of a Road to Recovery Plan, which may include substance abuse counseling, treatment or rehabilitation. The PA will determine how many times the IMSA Member will be tested, for how long, and for what substances. The PA may also require that collections be under direct observation.

7.7. Specimens For Testing - IMSA may require an IMSA Member to submit to a test or tests, including without limitation urine, blood, saliva, hair, and/or breath tests. At the time of testing, the choice of specimen for a particular test is at the discretion the PA, MRO and IMSA. Also, the type of test performed is at the discretion of the PA, MRO and IMSA. In the event of disagreement, IMSA shall make the determination of the specimen for a particular test.

7.8. Refusal to Test

7.8.1. Refusing to submit to testing will be treated as if the test was found to be positive. For the purposes of this Policy, IMSA Members have refused to take a test if they:

- A. Fail to participate, authorize or cooperate for testing, including failure to follow procedures of Art. 7.9.
- B. Fail to appear for a test after being notified of the test.

- C. Fail to remain for the duration of testing or until all testing requirements are completed.
- D. Fail to provide sufficient amount of the requested specimen, and the MRO determines that no legitimate medical reason exists for the insufficient specimen.
- E. Fail to permit or allow a requested observed collection.
- F. Fail to take a requested follow up test.
- G. Fail to consult and/or cooperate with the MRO.
- H. Fail to provide an unadulterated specimen. A test is considered a refusal for any findings of specimens that are adulterated, substituted, including but not limited to a finding of synthetic urine, synthetic marijuana, adulterants, intentional dilution of specimens, etc., and where no legitimate medical explanation supports the laboratory findings.
- I. Any attempts by IMSA Members to mask or alter the results of the test will be considered a refusal.

7.8.2. Removal from IMSA Event - If an IMSA Official directs an IMSA Member, who refuses to consent to and participate in a test within the time period designated by the IMSA Official, the IMSA Member may be removed from the racing premises by an IMSA Official and may be subject to other emergency action as may be appropriate, including disciplinary action pursuant to IMSA RULES.

7.9. Authorization for Testing and Release - If an IMSA Member refuses to execute any authorization for the release of that IMSA Member's medical records, as deemed relevant in the PA, MRO or IMSA's discretion, or withdraws such authorization for testing and release pursuant to this Policy, IMSA Member will not be issued an IMSA license and, if already issued, the IMSA license will be suspended until the IMSA Member executes the above mentioned authorization and release and delivers it to IMSA. If an IMSA Official directs an IMSA Member to submit to a urine, blood, saliva, hair and/or breath test as provided by this Policy, that IMSA Member must consent to and participate in the test by the time designated by the IMSA Official. If that IMSA Member refuses to consent to and participate in such a test or tests within the time period designated by the IMSA Official, the IMSA Official may eject the IMSA Member from the racing premises or take such other emergency action as may be appropriate, and that IMSA Member will also be subject to disciplinary action pursuant to the IMSA RULES.

7.10. Collection and Transport of Specimen(s) - The Collectors will, among other things, be responsible for the following procedures:

7.10.1. Identification & Direct Observation - The Collectors will confirm the identity of the person whose specimen is taken. Where necessary, the Collectors will conduct direct observation of the collection of the specimen(s) if directed by the MRO or if in the Collectors's own discretion, the integrity of the testing process requires it. To direct an observed collection, the Collectors and his/her agents may consider not only their training and experience, but other factors, not limited to, but including: materials brought to the collection site, a temperature of the original specimen was out of range or the IMSA Member's behavior indicates an attempt to tamper with a specimen, etc.

7.10.2. Designated times - The Collectors will ensure that the specimen(s) are collected within the designated time period. Normally, collection shall be made within one (1) hour or less of the notification of the IMSA Member that testing will be conducted, unless a different time is designated by the Collectors and/or an IMSA Official based on the circumstances.

- 7.10.3. **Recording or Photographing of Substance Abuse Procedures** - Taking photographs and/or audio/visual recording of any of the IMSA Substance Abuse Program collection protocols or procedures is prohibited. IMSA Members are prohibited from bringing any electronic device capable of photography and/or audio/visual recording into the collection area.
- 7.10.4. **Specimen quality** - The Collectors will promptly measure the temperature of the specimen(s) to ensure it has not been manipulated. Where results indicate that the sample is inappropriate for testing, the Collectors and/or an IMSA Official may require the IMSA Member to provide additional specimen(s) as necessary.
- 7.10.5. **Specimen handling** - The Collectors will split specimens into "A" and "B" samples (when possible), label, secure, and transport the specimen(s) to the Testing Laboratory in such a manner as to ensure that the specimen(s) are not misplaced, tampered with, or relabeled.
- 7.10.6. **Prescription drug forms** - The Collectors will provide a form to be completed by the IMSA Member that identifies all prescription and over-the-counter medications consumed by IMSA Member in the preceding three (3) months.
- 7.10.7. **Specimen ownership** - Under this policy, all specimens collected, including both "A" and "B" samples, are exclusively the property of IMSA.
- 7.11. Procedures if a Test Shows the Presence of Prohibited Substances Adulteration, Substitution - MRO cancelled tests**
- 7.11.1. **MRO Requests for an interview and additional information** - Once the MRO notifies an IMSA Member that they have a positive drug test or refusal to test because of adulteration or substitution, or other non-negative test, the IMSA Member has 72 hours from the time of notification to respond to the MRO's request for an interview and additional information in accordance with the following:
- A. The MRO may request the following information, for example and without limitation: suitable proof of valid medical prescriptions given by a licensed and treating physician consent to review records of the prescribing physician, or any other reasonable requests that assist the MRO investigation.
 - B. To assist the MRO's investigation, the MRO may also direct the IMSA Member to undergo further independent medical evaluation from a professional designated by the MRO, at the IMSA Member's expense. After a medical exam is requested, IMSA Members have 30 business days to have the test examination conducted. By obtaining an IMSA Membership or license, IMSA Members have consented for the MRO to contact their physician for the purposes of a MRO investigation. The failure to cooperate with the MRO's investigation, or provide suitable proof in a timely manner shall be treated as confirmation of the positive test.
 - C. MRO Notifications. When required by this policy, the MRO is to make reasonable efforts to notify Members. Reasonable efforts may include the MRO using email, texts, phone or mail to contact the Member via the contact information the Member provided on the license application.

- D. If the MRO determines that there is no legitimate medical use or legitimate medical explanation for a positive test or refusal to test because of adulteration, substitution, the MRO is to consider all information derived from the testing process, and information derived from the MRO investigation, and then make a determination of whether the results are positive. If the MRO decides the results are positive, the MRO shall inform IMSA of a positive result, irrespective of whether the split specimen procedures described in this Rule Book have been completed. Once split specimen procedures are completed, the MRO shall then issue to IMSA either a confirmed negative test result or a confirmed positive test result. If split specimen procedures are waived or never acted upon, the MRO shall issue a confirmed positive result and violation of this Policy to IMSA.
- 7.11.2. **Split Specimen Procedures** - Once the MRO notifies an IMSA Member that they have a positive drug test or refusal to test because of adulteration, substitution, or other non-negative test, the IMSA Member has 72 hours from the time of notification to request in writing a test of the split specimen or B sample in accordance with the following:
- A. All requests to test a "B" sample must be made in writing to the MRO. Please fax your request with a cover sheet to the MRO at (888) 595-4949, or send your request by email to mro@aukmed.net.
 - B. The "B" sample test shall be conducted at the IMSA designated Testing Laboratory using the "B" specimen from the original collection. The IMSA Member may be present (either personally or be represented by a qualified toxicologist not affiliated with the IMSA designated Testing Laboratory during the second test at his/her own expense. If the IMSA Member chooses to be present personally or represented by a qualified toxicologist during the "B" sample test, the IMSA Member must notify the MRO within the 72 hour period in writing per Art. 7.11.3.
 - C. The "B" sample test will be performed in accordance with the same procedures used by the IMSA designated Testing Laboratory in the original test of the "A" specimen. If the "B" sample fails to confirm the original test, then the specimen and test will be recorded as negative, and there will be no violation under this Policy. If the "B" sample test confirms the original test, then the specimen and test will be recorded as a confirmed positive test and a violation of this Policy.
 - D. If no "B" sample is available due to the nature of the collection, then the MRO will act upon the procedures in Art. 7.11.1. The final determination of whether there has been a violation of this Policy will be made by the MRO.
 - E. After a "B" sample test is requested, IMSA Members have 30 business days to have the "B" sample test conducted and results finalized.
 - F. If the MRO decides the results are positive, the MRO shall inform IMSA of a positive result, irrespective of whether the split specimen procedures described herein have been completed. If the MRO is concerned about the safety and integrity of the Competition or other exigent circumstances, the MRO may notify IMSA of the original "A" specimen positive test prior to the verification of the results.
 - G. Upon notification of the original "A" specimen positive test, IMSA, in its sole discretion, may temporarily suspend an IMSA Member's license before the "B" sample test is completed based on the following reasons:
 - i. Concerns regarding the safety of the IMSA Members and others at the Event.
 - ii. Concerns regarding the fairness of a Competition.

- iii. Exigent circumstances,
- iv. Undue delay to accommodate the presence of the IMSA Member (or his/her representative) at the "B" sample test.

IMSA Members temporarily suspended in this section are ineligible to apply for temporary deferment of the suspension in accordance with Art. 59.5. In the interests of safety and integrity of the Competition, the temporary suspension shall be executed promptly.

- H. The "A" and "B" specimen samples remain the exclusive property of IMSA.
 - I. An IMSA Member is not entitled to 72 hours to request a B sample test when no specimen was produced or tested due to refusal or when the IMSA Member waives the 72 hours during the MRO interview.
 - J. **Uncooperative Member** - When the MRO has made repeated attempts to contact the Member regarding notification of a positive test and B bottle sample testing procedures, and the Member has not responded to the MRO, then the MRO may report the test as positive after 72 hours from the findings of the test. Lack of cooperation with the MRO by the Member will be treated as a constructive waiver of his B bottle sample testing procedures.
- 7.11.3. **Cancelled and Negative Tests** - If the MRO verifies a test as cancelled or negative, the results will be reported to IMSA. A cancelled and negative test will not be treated as a violation of this Policy.
- 7.11.4. **Suspension of IMSA License** - Upon being notified by the MRO of a verified positive or refusal or any violation of this Policy, IMSA will suspend an IMSA Member's license for an indefinite period and/or take such other disciplinary action deemed appropriate under the circumstances pursuant to the IMSA RULES.
- 7.11.5. **Publication of Results** - By seeking to participate in any Event, all IMSA Members agree that IMSA may publish the results of any test or tests conducted pursuant to this Policy and the circumstances giving rise to such test or tests to such third parties as IMSA, in its sole discretion, deems reasonable under the circumstances. IMSA may also publish any and all violations to this Policy, including but not limited to conduct violations where no testing may have occurred. No IMSA Member shall have any claim or cause of action of any kind against IMSA or any director, officer, employee or agent of IMSA, the PA, Testing Laboratory, or MRO with respect to such publication, and/or shall be deemed to have released any such claim or cause of action.

- 7.11.6. **Road to Recovery / Competition Re-entry** - IMSA shall also send the suspended IMSA Member a letter containing terms and conditions for consideration of reinstatement of the IMSA Member's IMSA license. If the IMSA Member wishes to have IMSA lift the suspension, the IMSA Member must agree to IMSA's terms and conditions. In conjunction with the terms and conditions of reinstatement, the PA will also facilitate an evaluation for the Road to Recovery Program by coordinating an evaluation with the appropriate substance abuse professional for advising on creation of a Road to Recovery Plan that may include substance abuse counseling, treatment or rehabilitation. The PA will determine how many times the IMSA Member will be tested, for how long, and for what substances. The PA may also require that collections be under direct observation. Testing will be done at a time and place and under conditions specified by IMSA and/or the PA, at the IMSA Member's expense, which will include laboratory fees and all other direct and indirect costs incurred by IMSA or the laboratory in connection with each test. When an IMSA Member has, to the satisfaction of the PA, completed the requirements set forth in the letter, the IMSA Member is eligible for reconsideration of reinstatement of an IMSA license.
- 7.12. **Disciplinary Action for Prohibited Acts Where There is No Testing for, Prohibited Substances or Alcohol** - With respect to any prohibited act described herein, if an IMSA Official determines that an IMSA Member has engaged in any such prohibited act, the IMSA Official may remove the IMSA Member from the racing premises or take such other emergency action as is appropriate, and that IMSA Member will also be subject to disciplinary action pursuant to IMSA RULES.
- 7.13. **Self-Reporting** - Pain medications and other substances prohibited or misused under this Policy can be addictive, abused, and generally harmful to the health and well-being of IMSA Members. An IMSA Member who believes he/she may have a substance abuse issue or problem is encouraged to seek professional assistance or self-help solutions. No penalty will be imposed under IMSA's Substance Abuse Policy on Member who voluntarily acknowledges a substance abuse issue or problem to IMSA's Substance Abuse Program Director prior to notice of a drug test. IMSA may, however, in the interest of safety, temporarily suspend the IMSA Member's license until the IMSA Member has been rehabilitated to the satisfaction of IMSA. If requested, IMSA will provide a list of credible drug or alcohol rehabilitation programs. IMSA strongly encourages both self-help and professional treatment for those suffering from a substance abuse issue or problem. Many worthy programs, both public and private, are available for the treatment of substance abuse addictions. IMSA will continue its efforts to support a drug-free America and a society in which alcohol is not abused.
- 7.14. **Applicability of the IMSA RULES** - This Policy, as it may be amended from time to time, is binding upon all IMSA Members in the same manner and to the same extent as the IMSA RULES.

ARTICLE 8 – IMSA WEATHERTECH SPORTSCAR CHAMPIONSHIP

8. (SSR) The IMSA WeatherTech SportsCar Championship (WeatherTech Championship)

- 8.1. (SSR) The WeatherTech Championship is an annual calendar of Races determining Driver, Manufacturer, Constructor, Tire Partner and Team Champions, as well as Trueman/Akin awards, the IMSA Michelin Endurance Cup (IMEC), IMSA WeatherTech Sprint Cup (Sprint Cup) and other special awards outlined in Att. 7.

8.2. (SSR) Calendar of 2019 WeatherTech Championship Races:

Daytona International Speedway, FL**	(DPi/LMP2/GTLM/GTD)
Sebring International Raceway, FL**	(DPi/LMP2/GTLM/GTD)
Grand Prix of Long Beach, CA	(DPi/GTLM)
Mid-Ohio Sports Car Course, OH*	(DPi/LMP2/GTLM/GTD)
Detroit Belle Isle, MI*	(DPi/GTD) (GTD is Sprint Cup only)
Watkins Glen International, NY**	(DPi/LMP2/GTLM/GTD)
Canadian Tire Motorsport Park, ON (CAN)*	(DPi/LMP2/GTLM/GTD)
Lime Rock Park, CT*	(GTLM/GTD)
Elkhart Lake's Road America, WI*	(DPi/LMP2/GTLM/GTD)
Virginia International Raceway, VA*	(GTLM/GTD)
WeatherTech Raceway Laguna Seca, CA*	(DPi/LMP2/GTLM/GTD)
Petit Le Mans, Road Atlanta, GA**	(DPi/LMP2/GTLM/GTD)

8.2.1. (SSR) Races may vary in duration. For Races of a given distance, an additional time limitation may be imposed by the Race Director prior to the start of the Race. The scheduled duration (time and/or distance) is specified in the SR.

- A. ** Denotes Races comprising the IMSA Michelin Endurance Cup.
- B. * Denotes Races comprising the IMSA WeatherTech Sprint Cup.

ARTICLE 9 – EVENT & SR**9. EVENT & SR**

9.1. Event. IMSA approves an annual calendar of Events. An Event or a Session forming part of an Event may be canceled, rescheduled, or postponed by IMSA for reasons of safety, or forces beyond IMSA's control. If an entire Event is canceled prior to its commencement, IMSA will make every effort to notify all parties concerned, but accepts NO responsibility for such cancellation, or failure to notify.

9.2. ORGANIZATION

9.2.1. Every Event is organized according to the IMSA RULES:

- A. The IMSA Sporting Regulations (ISR);
- B. The Series Supplementary Regulations (SSR);
- C. The IMSA Technical Regulations;
- D. The Event Supplementary Regulations (SR);
- E. Applicable Bulletins and Race Director's Briefing instructions.

9.3. Event Supplementary Regulations (SR). Articles in the RULES noted as "SR" or "Schedule/SR" if applicable are included in the SR for a given Event. The SR are published in conjunction with the Event schedule.

9.4. INFORMATION ABOUT THE EVENT**9.4.1. Sanctioning body:**

International Motor Sports Association (IMSA)
 Address: One Daytona Blvd.
 Daytona Beach, FL 32114 USA
 Telephone: +1 (386) 310-6500
 Fax: +1 (386) 310-6695
 Internet: imsa.com and imsacompetitors.com

9.4.2. Description of the Event: Schedule/SR

9.4.3. Name of the Event (if applicable): Schedule/SR

9.4.4. Event Facility: Schedule/SR

9.4.5. Date of the Event: Schedule/SR

9.4.6. Close of Entries: Schedule/SR

9.4.7. Length of the Racetrack & Type: Schedule/SR

9.4.8. Duration of the Race: Schedule/SR

9.4.9. Direction of the Race: Schedule/SR

9.4.10. Pole Position: (Per FIA Homologation) Schedule/SR

9.4.11. Number of Cars admitted (may be defined by class):

A. Practice Sessions: Schedule/SR

B. Qualifying Sessions: Schedule/SR

C. Race: Schedule/SR

9.4.12. Sporting Checks & Scrutineering:

A. Location: Schedule/SR

B. Schedule: Schedule/SR

C. Time of Inspection of the Refueling Equipment: Schedule/SR

9.4.13. Impound: Schedule/SR

9.4.14. Fuel Distribution:

A. All fuel must be obtained from the "Official Fuel" supplier (as designated by IMSA) at each Event.

Place of Delivery: "Official Fuel" compound in the Paddock
 Distribution: By drum at "Official Fuel" compound
 Storage: Approved fifty-four (54) gallon drums
 Schedule: Schedule/SR

9.4.15. Team Manager Briefing:

A. Date: Schedule/SR

B. Location: Schedule/SR

i. Attendance: Attendance of a Team representative at the Team Manager briefing is mandatory.

- ii. Documentation: Each Team representative must be recorded or personally sign attendance documentation. Team representatives must present their hard-card for bar code scanning for attendance.
- iii. Penalty: One (1) warning per season, then penalty per person late/not attending or without credential.

9.4.16. Driver and Team Manager Briefing:

- A. Date: Schedule/SR
- B. Location: Schedule/SR
 - i. Attendance: Attendance of Driver and a Team representative at the Driver and Team Manager briefing is mandatory.
 - ii. Documentation: Each Driver and Team representative must be recorded or personally sign attendance documentation. Drivers and Team representatives must present their hard-card for bar code scanning for attendance.
 - iii. Penalty: One (1) warning per season, then penalty per person late/not attending or without credential.

9.4.17. Autograph Period:

- A. Date: Schedule/SR
- B. Location: Schedule/SR
 - i. Attendance: Attendance of Driver throughout autograph period is mandatory.
 - ii. Penalty: One (1) warning per season, then penalty per person late/not attending.

9.4.18. Driver Parade (when scheduled):

- A. Date: Schedule/SR
- B. Location: Schedule/SR
 - i. Attendance: Attendance of Driver at the Driver parade is mandatory.
 - ii. Penalty: One (1) warning per season, then penalty per person late/not attending.

9.4.19. Official Notices (Pit box assignments, Channel List, etc.): IMSA Technical Transporter, at imsacompetitors.com and at results.imsa.com.

9.4.20. Location of Race Control: Schedule/SR

9.4.21. Car Tire Allocation: Schedule/SR

ARTICLE 10 – ADVERTISING, IDENTIFICATION & BRANDING

10. ADVERTISING, IDENTIFICATION & BRANDING (See also ATTACHMENT 5)

10.1. Display of Branding & Advertisements. Entrant acknowledges and agrees that IMSA may refuse to permit, or it may restrict or assign the size and/or placement of all patches, decals, advertising logos, text or identification of entities, persons, and/or sponsors (“Branding”) on the Car, transporters, Team uniforms and/or fire suits and in the Paddock and pit lane during an Event, if IMSA determines in its sole discretion that such Branding is: (i) detrimental to the sport, IMSA, the Series, Series entitlement sponsors and/or Promoter for any reason, including but not limited to the public image of the sport and/or (ii) does not comply with the Branding terms and conditions set forth in the RULES as may be amended from time to time. Entrant agrees to accept IMSA’s determination in this regard, and that all such determinations are subject to the RULES and are Conclusive.

10.1.1. Logos of other series and sanctioning bodies are prohibited. Cars, transporters, uniforms and/or firesuits, and/or equipment with logos of other series and sanctioning bodies are prohibited in the Paddock, pits or on-track until such logos are covered or removed.

10.2. REQUIRED BRANDING

10.2.1. Entrant shall cause every Driver and Crew member on its Team competing in the Series to correctly display the required patches on their fire suits and/or uniforms.

10.2.2. Entrant shall cause every Car that Entrant displays in the Paddock or is compete in the Series with, at any Event, to correctly display the required decals, number panels and leader lights.

10.2.3. Cars and Competitor uniforms must carry the mandatory decals and patches, without exception and/or modification. IMSA reserves the right to approve final placement for all identification markings, in its sole discretion. Such decisions are Conclusive. Failure to display mandatory decals and patches as required shall be penalized.

10.2.4. Certain decals and patches are available at the IMSA Series Transporter in the Paddock.

10.2.5. Cars without required Series decals during the Event are not eligible for championship points and/or Point Fund / Prize Money.

ARTICLE 11 – SPORTING CHECKS

11. (SSR) SPORTING CHECKS

11.1. (SSR) Sporting Checks comprise the presentation of the required documentation and confirmation of eligibility for participation, administered by Registration.

11.2. (SSR) Sporting Checks conclude at the close of registration on the day prior to the first Official Session or as listed in the SR.

11.2.1. (SSR) The deadline to add and/or change licensed Drivers (Drivers previously completing all licensing and medical requirements for that Series) on a Car is by close of Sporting Checks for that Series for the Event.

A. (SSR) After the close of Sporting Checks, Driver changes only for force majeure are accepted at the sole discretion of IMSA and only upon application in writing via TIMS (Art. 13.2) by the Team Representative to and with approval of the Race Director and Director, Racing Operations.

- B. (SSR) After qualifying, and until thirty (30) minutes prior to the start time of the reconnaissance lap(s), changes to a nominated Driver combination approved by IMSA as above require that the Car must start the Race from the back of the starting grid for its class (and Driver(s) must meet the Driver requirements as approved by the Race Director). **Penalty** for changes after this deadline: Drive-Through.
- 11.2.2. (SSR) A registered Driver, properly nominated by an Entrant, is only eligible to participate in the Car listed on that Entry.
- 11.2.3. **(SSR) Unregistered Driver.** A Driver who has not satisfactorily completed registration and/or Sporting Checks is prohibited from taking part in any on-track Session. **Penalty:** Minimum \$10,000 Fine, may forfeit Point Fund / Prize Money, and other penalties may apply.
- 11.2.4. (SSR) Presentation of these valid documents during Sporting Checks is required:
 - A. (SSR) Entrant Memberships (both FIA and IMSA).
 - B. (SSR) Driver Memberships (both FIA and IMSA) - FIA Grade C minimum.
 - C. (SSR) For Entrants and Drivers from countries outside the United States: written permission to race with IMSA granted by their national sporting authority (ASN).
- 11.2.5. (SSR) During Sporting Checks, the Entrant Representative must declare any change of their Team Representative and/or nominate an Event Representative in writing via TIMS (Art. 13.2).
- 11.2.6. (SSR) Nomination of the Car's Driver combination: Team Representative must nominate a minimum and/or maximum number of Drivers as required or permitted as follows:
 - A. (SSR) An individual Driver may be nominated for a maximum of two (2) Cars.
 - B. (SSR) Reserve Drivers are prohibited (all nominated Drivers must participate as required for the Event for drive-time, night laps, etc.).
 - C. (SSR) Daytona - DPi and GTLM: The minimum number of Drivers required is two (2). The maximum number of Drivers permitted is four (4).
 - i. (SSR) LMP2 and GTD: Four (4) Drivers are required.
 - ii. (SSR) LMP2/GTD: A maximum of one (1) Platinum and (1) Gold rated Driver, or a maximum of (2) Gold Drivers are permitted.
 - D. (SSR) Sebring / Watkins Glen / Petit Le Mans - DPi and GTLM: The minimum number of Drivers required is two (2). The maximum number of Drivers permitted is three (3).
 - i. (SSR) LMP2 and GTD: Three (3) Drivers are required.
 - ii. (SSR) LMP2/GTD: A maximum of one (1) Platinum or Gold rated Driver is permitted.
 - E. (SSR) All other IWSC Races - Two (2) Drivers are required.
 - i. (SSR) LMP2/GTD: A maximum of one (1) Platinum or Gold rated Driver is permitted.

11.2.7. **(SSR) FIA Driver Ratings.** Drivers are assigned a Platinum, Gold, Silver or Bronze rating via the FIA Driver Categorization procedure (separate application from the FIA driver license). As such, any Driver intending to compete must submit an application and receive a rating prior to participation at any WeatherTech Championship Event via the FIA Driver Categorization website: <http://www.fia.com/fia-driver-categorisation> (listing updated periodically online by the FIA). Allow three (3) weeks to receive a rating. If due to force majeure, a Driver is permitted to participate at a Race prior to receiving a FIA Driver Rating, the Driver shall be considered rated Gold until a formal FIA rating is delivered. Please contact Paul Walter, Director, Racing Operations for questions at pwalter@imsa.com.

- A. (SSR) Per the FIA Driver Categorisation Regulations, “any series using the FIA Driver Categorisation System may retain the right to adjust the categorisation to the specific nature of their own series”.

11.2.8. **(SSR) IMSA Driver Evaluation Committee (IDEC).** The IDEC is a body with the purpose of reviewing and evaluating drivers to compare relative performance to their rating, to prepare driver rating recommendations for consideration by the FIA Driver Categorisation Committee, and to determine any IMSA-specific adjustments to the annual ratings once finalized and published by the FIA. Please see the full IDEC regulations at imsacompetitors.com.

- A. (SSR) Any IMSA WeatherTech SportsCar Championship Entrant wishing to submit an entry that includes a FIA Silver rated Driver who has in the previous season (2018) not participated in the IMSA WeatherTech SportsCar Championship must first make a request to the IDEC to receive approval for participation by submitting Driver details to idec@imsa.com no later than the Event entry closing date as listed in the respective Event SR.

ARTICLE 12 – DRIVE-TIME, POINT DISTRIBUTION & CHAMPIONSHIPS

12. (SSR) DRIVE-TIME, POINT DISTRIBUTION & CHAMPIONSHIPS

12.1. (SSR) Driver Eligibility Requirements

12.2. **(SSR) Two (2) Drivers Must Drive.** At least two (2) Drivers must drive each Car in a Race. A Driver is considered to have “driven” a Car if registered the corresponding Driver ID on taking the start of the Race on the track or crossing the pit exit timing loop after the start of the Race.

12.3. **(SSR) Driver Entered in Car(s):** Drivers are eligible to be awarded points only in the Car(s) they are nominated in during the Race as detailed below.

12.4. **(SSR) Driver Entered in One (1) Car:** The Driver must meet all drive-time requirements and comply with all other Sporting and Driver eligibility and participation requirements in each Car.

12.5. **(SSR) Driver Entered in Two (2) Cars in Same Class:** Drivers in more than one (1) Car in the same class are eligible to be awarded points only in the Car declared for championship points. A Driver may be nominated in a maximum of two (2) Cars in same class but is only eligible to score championship points in one (1) Car by complying with the following:

- 12.5.1. (SSR) The Team Representative must, no later than the conclusion of Sporting Checks, declare (in writing via TIMS ([Art. 13.2](#)), to the Race Director and/or Director, Racing Operations) the Car in which the Driver is eligible to score championship points. If not so declared, the Driver is assigned a Car for championship points eligibility at the sole discretion of the Race Director. Drivers nominated in only one (1) Car and later added to another Car are eligible for championship points only in the first Car in which they were nominated.

- 12.5.2. (SSR) The Driver must meet all drive-time requirements and comply with all other Sporting and Driver eligibility and participation requirements in the Car in which they are declared for championship points.
- 12.5.3. (SSR) The Driver must also meet all drive-time requirements in the 2nd Car in order to maintain that Car's eligibility for points. Drivers nominated in more than one (1) Car shall have their maximum drive-time calculated cumulatively for the purposes of maximum drive-time. Exceeding maximum drive-time incurs the penalty for all Cars in which the Driver is nominated, irrespective of the Car declared for championship points.
- 12.6. (SSR) Driver Entered in Two (2) Cars in Different Classes:** Drivers in more than one (1) Car in different classes are eligible to be awarded points in both Cars. A Driver in different classes may be nominated in a maximum of two (2) Cars by complying with the following:
- 12.6.1. (SSR) The Driver must meet all drive-time requirements and comply with all other Sporting and Driver eligibility and Participation requirements in each Car.
- 12.6.2. (SSR) Drivers nominated in more than one (1) Car shall have their maximum drive-time calculated cumulatively for the purposes of maximum drive-time. Exceeding drive-time incurs the penalty for all Cars in which the Driver is nominated.
- 12.7. (SSR) Podium for Driver Entered in Two (2) Cars:** Drivers are recognized in any podium and/or posted finishing orders/results in each Car in which they participated and met the requirements, even if not their declared championship points Car.
- 12.8. (SSR)** Cars entered for Competition, the championship points scoring status of their Drivers notwithstanding, are listed in their respective finishing positions for which they are eligible in any listing of results.
- 12.9. (SSR) Driver Participation**
- 12.9.1. (SSR) A Driver, in each Car in which they are nominated must: Take part in a minimum of one (1) Official Session. To take part, the Driver must cross the pit-out loop, registering the corresponding Driver ID during an Official Session including: practice, qualifying, warm up and/or reconnaissance lap(s).
- 12.9.2. **(SSR) Exceptional Cases.** The Race Director may permit Drivers who did not take part in the Official Sessions to Race. If permitted, the Car(s) must start from the back of the starting grid in its class.
- 12.9.3. **(SSR) Night Laps.** Drivers as specified below must complete a minimum of three (3) laps during the scheduled night practice Session when the Race is run partly by night. Laps may start and/or finish in the pits but must include, at minimum, two (2) crossings of the Start line on the racetrack that are not required to be consecutive. The time of local Nautical Twilight dusk time (rounded to the nearest five minutes) is considered the official time of darkness, and this is the time in the Race after which Drivers prohibited from taking part must not drive until the time of local Nautical Twilight dawn time (rounded to the nearest five minutes) (for a 24 Hour Race). These official time(s) are published in the SR. Night laps from any session or test that are not the Official Night Practice for that respective Race are invalid for this requirement.
- A. (SSR) Bronze rated Drivers (not downgraded exclusively for age) must complete the Night Laps.
- B. (SSR) Silver rated Drivers (not downgraded exclusively for age) that have raced at night at that specific track at least once in the preceding two (2) years are eligible for exemption from the night lap requirement as determined by IMSA and communicated by Competition Memo at the Event.

- C. (SSR) Non-exempt Bronze and Silver rated Drivers that do not complete the night lap requirement must not compete during periods of darkness, except by reason of force majeure with permission of the Race Director.
- D. (SSR) Gold and Platinum rated Drivers are exempt from the night lap requirement.

12.10. (SSR) Minimum Pace. During the Race, Drivers should achieve and/or maintain a lap time at least equal to 115% of the best time achieved by the fastest Car in the Driver's respective class.

12.11. (SSR) Timing and Scoring of Drive-Time

- 12.11.1. (SSR) The drive-time for all Drivers starting the Race on the racetrack commences when Timing and Scoring starts the timing system when the first Car crosses the starting line at the completion of the scheduled formation (pace) lap(s), regardless of whether the Race starts under green flag, yellow flag, or behind the Safety Car, which is also the commencement of the official start time of the Race (Art. 44.9).
- 12.11.2. (SSR) When a Car enters the pit lane during the Race, the drive-time stops when the Car crosses the designated pit-in scoring loop. Drive-time starts (or re-starts) for the Driver exiting pit lane when the Car crosses the designated pit-out scoring loop. Drive-time is not counted when the Car is in the pit lane or Paddock. The Driver in the Car when it enters the pits is credited for completing that lap, regardless of where that Pit Box is located on pit lane.
- 12.11.3. (SSR) If a Car is disabled on-track, the drive-time ends for the Driver in the Car at the last recorded crossing of the S/F line. If a disabled Car is recovered and returned to the Paddock, the Car is not credited for completing that lap. If a Car returned to the Paddock rejoins the Race, drive-time starts (or re-starts) for the Driver exiting pit lane when the Car crosses the designated pit-out scoring loop.
- 12.11.4. (SSR) Drive-time (but not necessarily the Race) ends when the published time for the Race expires, or, if a distance is specified, at the moment when the leading Car crosses the control line (either in the pits or on the racetrack) first after completing the distance. Should a distance and a time be specified, the drive-time ends at the moment when the first of these is completed as herein.
- 12.11.5. **(SSR) Drive-Time During Red Flag.** If drive-time is stopped during a red flag period during a Race (announced by Race Control), the minimum drive-time is reduced by a percentage commensurate to the time lost while drive-time was stopped and the adjustment(s) announced by Race Control directly after the Race is resumed or abandoned. Minimum Driver achievements (requirement to drive, etc.) may be adjusted as determined by the Race Director, which adjustment shall be Conclusive.
- 12.11.6. (SSR) Computation of lap count or drive-time is at the sole discretion of IMSA and Conclusive.

12.12.(SSR) Drive-Time Penalty Order Priority

- 12.12.1. (SSR) Cars are placed at the back of the class for drive-time requirement violations and are ordered as follows (and all other Cars/Drivers elevated in the finishing positions):
 - A. (SSR) First, regardless of base or minimum drive-time status or how many Drivers have "driven" the Car (Art. 12.2), Cars completing less than 90% of the Race time remain in their finishing order except if exceeding Maximum Drive-Time (see Art. 12.12.1.B);
 - B. (SSR) Second, Over Maximum Drive-Time, the Car with the Driver most exceeding Maximum Drive-Time placed lowest;

- C. (SSR) Third, Cars completing 90% or more of the Race time where a Driver did not achieve the Minimum or Base Drive-Time, the Car with the Driver least achieving the drive-time placed lowest.

12.13.(SSR) Minimum and Base Drive-Time

12.13.1. (SSR) DPi/GTLM – (4/3/2 Driver combination).

- A. (SSR) Each Driver must individually drive the Car for a Base Drive-Time as listed in the Event SR or Car penalized in the Drive-Time Penalty Order Priority (Art. 12.12).

12.13.2. (SSR) LMP2/GTD – (5/4 Driver IMEC Combination).

- A. (SSR) Two (2) Drivers rated Silver and/or Bronze must individually achieve the Minimum Drive-Time and each other Driver (regardless of Driver rating) must individually drive the Car for a Base Drive-Time as listed in the SR or Car penalized in the Drive-Time Penalty Order Priority (Art. 12.12).

12.13.3. (SSR) LMP2/GTD – (3 Driver IMEC Combination).

- A. (SSR) One (1) Driver rated Silver or Bronze must individually achieve the Minimum Drive-Time and each other Driver (regardless of driver rating) must individually drive the Car for a Base Drive-Time as listed in the SR or Car penalized in the Drive-Time Penalty Order Priority (Art. 12.12).

12.13.4. (SSR) LMP2/GTD – (2 Driver Non-IMEC Race Combination).

- A. (SSR) One (1) Driver rated Silver or Bronze must individually achieve the Minimum Drive-Time and the other Driver (regardless of driver rating) must individually drive the Car for a Base Drive-Time as listed in the SR or Car penalized in the Drive-Time Penalty Order Priority (Art. 12.12).

12.14. (SSR) Maximum Drive-Time

- 12.14.1. (SSR) Drivers must not exceed the Maximum Drive-Time of four (4) hours in any six (6) hours and/or any other limit listed in the SR.
- 12.14.2. (SSR) Drivers nominated in more than one (1) Car have their maximum drive-time calculated cumulatively. Exceeding maximum drive-time incurs the penalty for all Cars in which the Driver is nominated, irrespective of the Car declared for championship points.

12.15. (SSR) Trueman (LMP2) / Akin (GTD) Drive-Time Requirements. refer to ATTACHMENT 7.

12.16. IMSA Championship Points Authority. IMSA is the sole authority for the awarding of all IMSA Series championship points, the naming of IMSA Series Driver, Team and/or other Champions and the distribution of any IMSA Series Point Fund / Prize Money in the manner set forth in the SSR.

12.17. (SSR) Driver Championship Points

- 12.17.1. (SSR) IMSA recognizes Driver champions in the DPi, LMP2, GTLM and GTD class based on the total number of championship points earned during the season.

12.18. (SSR) Team Championship Points

- 12.18.1. (SSR) IMSA recognizes a Team champion (assigned competition number and its Entrant) in the DPi, LMP2, GTLM and GTD class based on the total number of championship points earned by a Car during the season.

12.19. (SSR) Manufacturer, Tire Partner Championship Points

12.19.1. (SSR) Each Manufacturer and/or Tire Partner must be an Official Automotive Partner and receives championship points for its highest finishing position in each class in each Race. The positions of subsequent finishing Cars from the same Manufacturer and/or Tire Partner are not considered in the results and all other Cars elevated in the finishing positions accordingly.

12.19.2. (SSR) IMSA recognizes a Car Manufacturer champion in the DPi, GTLM and GTD classes.

12.19.3. (SSR) IMSA recognizes a Tire Partner champion in the GTLM class when two (2) or more tire partners are represented.

12.20. (SSR) Championship Points Table. Championship points are awarded in each Race to the finishers that have met the eligibility requirements in each championship per the following table:

1 st	35 Points	11 th	20 Points	21 st	10 Points
2 nd	32 Points	12 th	19 Points	22 nd	9 Points
3 rd	30 Points	13 th	18 Points	23 rd	8 Points
4 th	28 Points	14 th	17 Points	24 th	7 Points
5 th	26 Points	15 th	16 Points	25 th	6 Points
6 th	25 Points	16 th	15 Points	26 th	5 Points
7 th	24 Points	17 th	14 Points	27 th	4 Points
8 th	23 Points	18 th	13 Points	28 th	3 Points
9 th	22 Points	19 th	12 Points	29 th	2 Points
10 th	21 Points	20 th	11 Points	30 th +	1 Point

12.20.1. (SSR) Championship points are awarded based on the finishing position of the Car in each Race as earned by its Drivers per the table above, subject to all technical and/or sporting eligibility requirements, and penalties applied.

12.20.2. (SSR) A Car found out of compliance with the RULES may be penalized by being placed at the back of the class, or up to and including Removal from consideration for championship points for its finishing position. Championship points of other finishers are elevated accordingly.

12.21.(SSR) YEAR END POINT FUND / PRIZE MONEY

12.21.1. (SSR) IMSA shall establish a Year End Point Fund for each class. To be eligible for the Year End Point Fund, the Premium Entry must participate in all scheduled Events for the applicable class, finish within the top ten (10) of the Series points standings, and comply with the Premium Entry agreement.

ARTICLE 13 – TEAM INFORMATION & NOTIFICATIONS**13. TEAM INFORMATION & NOTIFICATIONS**

13.1. (SSR) Instant Messenger System (IM): Competitors must at all times that their Car is participating in a Session or Race, establish and maintain the IM connection using the Race Control Notification System (RCNS) between their pit and Race Control. It is the Competitor's responsibility to be familiar with the Regulations. Race Control does not respond to inquiries regarding the disposition of other Competitors and may not respond to requests for regulatory clarification due to the complex nature of the RULES during the time pressures of the Competition. Such inquiries should be made directly and in person with the Race Director or appropriate IMSA Officials.

- 13.1.1. **(SSR) Reports.** Reports of on-track activity, passes under yellow and similar must include the time of day, location, and a description of the specific concern. Vague reports receive lower priority.
- 13.1.2. **(SSR) Pass Under Yellow.** Passes under yellow must be reported only via IM, not through the pit lane Officials.
- 13.1.3. **(SSR) Behind The Wall.** Requests to “go behind the wall” must be made only through the pit lane Officials, not via IM.
- 13.1.4. **(SSR) Driver ID.** Competitors must contact Timing and Scoring for any Driver ID related questions. Timing and Scoring does not answer questions about other Competitors.

13.2. (SSR) Team Information Management System (TIMS)

- 13.2.1. **(SSR) TIMS.** The TIMS system, accessed at tims.imsacompetitors.com (along with a link to instructions for TIMS), is used to manage all entry list and starting grid changes, updates, and other changes. The Team Representative must use TIMS to make updates or changes to the entry list, change starting tires post-qualifying, to submit nominations for the starting Driver when required, change the starting Driver.
- 13.2.2. **(SSR) Name Starting Driver.** If a Car does not participate in qualifying, or qualifying is abandoned, the Team Representative must submit the name of the starting Driver via TIMS within thirty (30) minutes of the originally scheduled end of qualifying.
 - A. **(SSR) LMP2/GTD.** Must be a Silver or Bronze rated Driver.
- 13.2.3. **(SSR) Change Starting Driver.** Requests to change the starting Driver must be made using TIMS. TIMS is active for submission from the time of the originally scheduled end of qualifying until thirty (30) minutes prior to the publication of the Official Starting Grid. Changes to the Starting Driver are irreversible after submission. Starting Driver changes after TIMS is closed are subject to drive-through penalty.
 - A. (SSR) Incorrect Driver starting subject to Stop plus 30 second penalty.
 - B. (SSR) LMP2/GTD non-Silver/Bronze starting Driver is subject to Stop plus five (5) minutes penalty.
- 13.2.4. **(SSR) Change Qualifying Tires.** Requests to change any marked qualifying tires must be made using TIMS. TIMS is active for submission from the time of the originally scheduled end of qualifying until thirty (30) minutes prior to the publication of the Official Starting Grid. Submissions made prior to the time of the originally scheduled end of qualifying are invalid. Changes from the marked tires are irreversible after submission (except as per weather). Changes from the marked tires after TIMS is closed are subject to drive-through penalty (see also Art. 43.6).
- 13.2.5. **(SSR) Race Retirement.** The Team Representative must use TIMS as the only formal notification of a retirement of the Car. On IMSA receipt of retirement, the Car is ineligible to rejoin the Race.
- 13.2.6. **(SSR) Effective Order of Changes.** Submissions to change the starting Driver or starting tires are logged in the chronological order received. Cars with post-qualifying technical inspection penalties, or penalties as determined by the Race Director are ordered at the back of their class behind all other class Cars irrespective of changes.

13.3. (SSR) Entry Lists.

- 13.3.1. (SSR) Prior to the Event, IMSA releases a Pre-Event Entry List. Following the publication of the Pre-Event Entry List, all updates to the entry list must be submitted via TIMS. The official entry list is published following the close of Sporting Checks. In the event of force majeure changes after the publication of the post-Sporting Checks entry list, a Pre-Race entry list shall be posted. After the Close of Sporting Checks, a Car is no longer permitted to withdraw and is shown as "No Time/No Speed" for any remaining Session(s) and as "DNS" for the Race. After the start of the Race, a Car must be retired.

ARTICLE 14 – RADIOS**14. RADIOS**

- 14.1.** In order to reduce radio interference, particularly on critical frequencies, and to enhance the fan experience, the following requirements apply to all IMSA Members. Failure to comply with these requirements may result in penalties.
- 14.2.** Only the UHF (450-470 MHz) frequency band is permitted for pit to Car radio communication. Competitor radio traffic is limited to a maximum of four (4) watts on handheld radios and a maximum of ten (10) watts ERP on mobile units (base stations) and/or repeaters and must not transmit to Car on one frequency and receive on another at greater than 5Mhz spacing. All Car communication must operate in analog mode on 12.5Khz channel spacing. On the transmit and receive of a radio broadcast, the DPL or TPL codes must be the same. Mixing of codes between TX and RX is prohibited. Digital and/or encrypted, or any radio transmission scheme between Team and Driver not understandable using a standard scanner at any time during any qualifying Session or Race is prohibited.
- 14.2.1. All radio transmissions between the Team and Car or Driver must be directly understandable in their meaning. Providing false or intentionally misleading information is a breach of the RULES and the use of code(s), cipher(s), disguised, misleading, or otherwise secretive language to attempt to influence the BoP process by manipulating the performance through Driver management or by any other means is prohibited and may be penalized per Art. 57. IMSA is the final authority with respect to radio transmission inputs and all related decisions.
- 14.3.** Every originator of transmitted radio signals, including all voice and data transmissions, must each year apply to register each radio frequency, PL codes, transmission scheme (if not a standard scheme) and intended use (for example "Pit to Driver", or "Car Telemetry"), no later than two (2) weeks prior to use with the IMSA designated representatives for coordination. This requirement extends to all persons or organizations Members of IMSA, including Teams, manufacturers, suppliers, corporate Members and individuals. The determination of IMSA in any dispute regarding conflicting frequency or discrepancy is final and Conclusive.
- 14.4.** Teams must declare and register their Team-to-Driver radio frequency used in any qualifying Session and Race. The IMSA designated representative is Racing Electronics. Teams must submit frequency registrations directly to Racing Electronics no later than two (2) weeks prior to their first Race and at each Race if changed. Changes during an Event must be submitted no less than two (2) hours prior to qualifying or Race.
- 14.5.** Application forms (Petition for Frequency Use) for registration of frequency(ies) are provided by Racing Electronics and are available at imsacompetitors.com or from the Racing Electronics trailer at the Event site. Forms must include Frequency, PL, Channel use and FCC license designator if applicable.

- 14.6.** Teams must bring a handheld radio to Racing Electronics for verification no later than two (2) hours prior to qualifying at their first Event and again in the case of changes to the frequency(ies).
- 14.7.** Racing Electronics coordinates licensing for registered frequencies with the governing body in Canada and assists Competitors in obtaining required operating licenses. Proper licensing of frequencies remains the sole responsibility of the user/Competitor/vendor.
- 14.8.** IMSA reserves the right to monitor and record all frequencies used by IMSA Members and to use such recordings for any purpose whatsoever. All IMSA Members, by their continued Membership, consent to such recording and use. IMSA reserves the right to deny use by IMSA Members of a particular frequency at an Event.
- 14.9.** At all times that the Car is on the racetrack, a minimum of one (1) Crew member in the Pit Box must have radio communication with the Driver. At all times during a Session, a minimum of one (1) Crew member in the Pit Box must monitor the published Race Control frequency. Competitors must not use these IMSA operational frequencies.

IMSA RADIO FREQUENCIES

CHANNEL			FREQ		PL CODE
Race Control (Primary)	Simplex	Analog	461.2000		DPL 432
Race Control (Backup)	Simplex	Analog	464.6000		DPL 631

- 14.10.** Applications must be emailed or faxed in advance of an Event Joseph Piercy, 980-521-8070: joe.piercy@racingelectronics.com or: Attention to: IMSA Radio Frequency Coordinator, 704-721-5133 fax. At the racetrack, applications must be delivered to the Racing Electronics trailer at the Event site.

ARTICLE 15 – BROADCAST EQUIPMENT & BROADCASTERS

15. BROADCAST EQUIPMENT & BROADCASTERS

- 15.1.** Competitors may be required to carry Onboard Cameras (OBC) and cooperate with the official broadcaster in the installation of such, including the provision of power for such equipment, which may require battery packs. Cars equipped with OBC must display the Car number in the OBC's home position field of vision. Once installed for an Event, OBC must not be removed or disabled by the Competitor for any Session. During qualifying and the Race, the OBC audio must remain functional. All images generated by the official broadcasters are copyright of IMSA and/or its designees, or the broadcast copyright holder. No right of interest accrues to the Competitor from carrying such equipment. Non-compliance may result in penalties. 3G Wireless LLC is the exclusive provider of OBC for IMSA. For technical questions, please contact the IMSA' technical liaisons: Mark Hull at mhull@nascar.com or Bill Stafford bstafford@nascar.com.
- 15.2.** For commercial questions, contact David Pettit, IMSA VP, Marketing at dpettit@imsa.com
- 15.3.** OBC not provided by the official broadcaster are prohibited in all phases of all Events, except as approved by IMSA, or as may be permitted in the SSR. In any case, broadcast, display or any non-private use of such images requires permission from IMSA or its designee.
- 15.4.** Competitors may be required to carry on-board telemetry devices for television broadcast use and cooperate with the official broadcaster in the installation of such, including the provision of power where necessary. Once installed for an Event, such equipment must not be removed or disabled by the Competitor for any Session. Where telemetry devices are prohibited, the installation of this equipment shall not violate those provisions. Competitors shall have no right to the data acquired.

- 15.5. (SSR) OBC specifications are as defined in the specific Series and Class Technical Regulations and/or as approved by IMSA.
- 15.6. OBC as specified by IMSA for other commercial or promotional purposes may be required from time to time with specific arrangement with the Competitor(s).
- 15.7. Where a Series has a minimum weight, equipment listed in Art. 15 is included in that minimum weight. Altering the structure or configuration of Cars in contravention of the RULES is prohibited.
 - 15.7.1. IMSA Members must cooperate with the official broadcasters and public-address announcers to the fullest extent reasonable. This includes cooperating with interviews, features, graphics, audio sound bites and other elements of the show and providing space, time and unfettered access to working areas.

ARTICLE 16 – PRIVATE IN-CAR-CAMERAS

16. PRIVATE IN-CAR-CAMERAS

- 16.1. Private In-Car-Cameras (ICC) may be permitted only after the express approval of IMSA and any footage gathered from such private ICC shall only be used for non-commercial use by Team and Driver. Each Driver and/or Entrant must execute and maintain current, a media rights and usage license with IMSA or its designated production company prior to participation in their first Event. Any private ICC installation for any Session must be approved by the Director of Racing Operations. Installations are limited to inside the cockpit on closed Cars and within a limited proximity of the cockpit on open Cars unless otherwise approved. Private ICC installation on Driver helmet prohibited. Footage shall not be transferred, sold, given to any party not having executed the media rights and usage license with IMSA or its designated production company. Real time or live streaming or posting of any recorded material is prohibited. Any use of the private ICC footage by sponsors or any other third party shall require the execution of a separate commercial use license with IMSA.
 - 16.1.1. Per Car penalties for violations of Art. 16.1. include but are not limited to:
 - First violation - \$5,000 Entrant Fine, loss of one (1) Team championship point and one (1) Driver championship point per Driver in Car and immediate removal of any prohibited media from visibility.
 - Second and subsequent violation(s) - \$5,000 Entrant Fine, loss of three (3) Team championship points and three (3) Driver championship points per Driver in Car and immediate removal of any prohibited media from visibility.

ARTICLE 17 – AERIAL DEVICES

17. AERIAL DEVICES

- 17.1. The use by Members of drones or other aerial devices at an Event is prohibited except by IMSA.

ARTICLE 18 – OFFICIALS

18. OFFICIALS

- 18.1. The Officials responsible for conducting an IMSA Event are organized as follows:
 - A. RACE DIRECTOR
 - B. CLERK OF THE COURSE

- C. SUPERVISORY OFFICIALS
- D. STARTER
- E. TIMING & SCORING MANAGER
- F. SR. DIRECTOR, TECHNICAL REGULATIONS & COMPLIANCE (SDTR&C)
- G. TRACK SERVICES MANAGER
- H. COMMUNICATION MARSHAL
- I. COURSE MARSHAL
- J. PIT LANE OFFICIALS
- K. FIELD INVESTIGATOR
- L. OTHER OFFICIALS

18.1.2. Except for the Supervisory Officials, the above Officials may delegate part of their duties to assistants. Individual Series may appoint Officials whose decisions are subject to ratification by the IMSA Supervisory Officials.

18.1.3. **Supervision.** In addition to these Officials, IMSA reserves the right to appoint a person to evaluate and report on the Event.

18.1.4. **Appointment of Officials.** The Race Director and Supervisory Officials are appointed by IMSA. Other Officials are appointed subject to approval of IMSA.

18.1.5. **Conduct.** Officials are expected to conduct themselves in a manner reflecting credit on the sport of automobile racing and IMSA. IMSA may remove any Official's appointment or penalize them if they fail to conduct themselves appropriately.

18.1.6. **Separation & Plurality of Duties.** An Official must have no responsibility or authority beyond that attached to their appointment. However, except for the Race Director and Supervisory Officials, a person may hold more than one Official position.

18.2. RACE DIRECTOR

18.2.1. The Race Director is the primary IMSA Official at an Event and is responsible directly to IMSA for the conduct of the Event. Accordingly, the Race Director has the duty and authority to:

- A. Keep order in cooperation with civil authorities responsible for public safety.
- B. Execute the program of Competitions and other activities punctually by directing the Drivers and their Cars, Officials and their assistants and other Competitors.
- C. Prevent ineligible Cars and Drivers from taking part in an Event.
- D. Order inspection of any Car in order to verify its eligibility.
- E. Refer disputes and protests to the Supervisory Officials.
- F. Determine, upon consultation with the Supervisory Officials, whether conditions are safe to continue the Event, postpone a Competition, modify the SR or alter the schedule for reasons of safety or forces beyond their control.
- G. Assess penalties in accordance with the RULES.
- H. Replace an Official unable to perform their duties.
- I. Compile a report on all aspects of the Event as may be requested by IMSA.

- J. Assign certain responsibilities and/or authorities to other IMSA Officials.
- K. Also serve as Clerk of the Course in certain cases.

18.3. CLERK OF THE COURSE

- 18.3.1. The Clerk of the Course is responsible for conducting the Event in accordance with the RULES.

18.4. SUPERVISORY OFFICIALS

- 18.4.1. The Supervisory Officials are named in Art. 1. Not every Supervisory Official may be present for every Event. At all Events, at least one (1) Supervisory Official is present to represent the Supervisory Officials. When required, others may be contacted telephonically.
- 18.4.2. The Supervisory Officials shall have oversight authority for the enforcement of the RULES. The Supervisory Officials may overturn the decisions of the Race Director regarding the penalty(ies) assessed. In addition to the authority stipulated within the RULES, the Supervisory Officials may hear Protests and/or Appeals (Art. 59). The Supervisory Officials also have authority for the following:
 - A. They may assess penalties or fines;
 - B. They may pronounce Removals;
 - C. They may amend the results;
 - D. They may assist the Race Director in the investigation of possible RULES violations and other disputes;
 - E. They may advise the Race Director on any matter that they feel may improve the conduct of the Event.

18.5. STARTER

- 18.5.1. The Starter communicates the flag signals to the competing Drivers from the time the Cars take their starting positions until the Competition is ended and all Cars have left the racetrack.

18.6. TIMING & SCORING MANAGER

- 18.6.1. The Timing & Scoring Manager and their staff are responsible for the accurate timing and scoring of the Event. They prepare the official results, maintain official qualifying times for competing Cars and furnish timing and scoring information.

18.7. SR. DIRECTOR, TECHNICAL REGULATIONS & COMPLIANCE (CHIEF SCRUTINEER)

- 18.7.1. The Sr. Director, Technical Regulations & Compliance (SDTR&C) is responsible for checking all competing Cars for safety and eligibility. The SDTR&C and his staff conduct inspections and report any Cars found unsafe or ineligible. Where appropriate, references to "Sr. Director, Technical Regulations & Compliance" or "SDTR&C" shall also be interchangeable with "Technical Committee" in such cases of technical oversight and/or submission of applications and/or where no acting SDTR&C is present.

18.8. TRACK SERVICES MANAGER

- 18.8.1. The Track Services Manager is responsible for organizing and directing the incident response activities of the racetrack and IMSA personnel and equipment.

18.9. COMMUNICATIONS MARSHAL

- 18.9.1. The Communications Marshal is responsible for the operation of the system used for transmitting and communicating information between Race Control and the marshal stations.

18.10. COURSE MARSHAL

18.10.1. The Course Marshals are responsible for final preparation and maintenance of the racetrack, flagging and other related duties assigned by the Race Director.

18.11. PIT LANE OFFICIALS

18.11.1. The Pit Lane Officials are the liaison between Competitors and Race Control.

18.12. FIELD INVESTIGATOR

18.12.1. The Field Investigators are responsible for collecting and analyzing information post-incident and have authority to impound any Car or component to aid in such responsibility.

18.12.2. The Field Investigators work within the Series Technical Department on safety and technical inspections to determine proper installation, maintenance and use of such systems.

18.13. OTHER OFFICIALS

18.13.1. IMSA may establish such other Officials as deemed appropriate.

ARTICLE 19 – EVENT LOGISTICS

19. EVENT LOGISTICS

19.1. Event logistics are under the exclusive direction of IMSA and no other entity may give contradictory direction. Transporter Load-In specifics are issued via the SR and/or as directed by the IMSA SR Director of Logistics. Competitors must not open/unload transporters until instructed by an IMSA Official or as listed on the Official Schedule. Additionally, where applicable and after such permission is granted, pit equipment may be moved to pit lane but must remain 36" from the pit wall until scheduled or notified by an IMSA Official that pit equipment setup may commence.

19.1.1. IMSA Prototype Challenge and/or Lamborghini Super Trofeo pit equipment may be moved to pit lane but must remain 36" from the pit wall until scheduled or notified by an IMSA Official that pit equipment setup may commence. Porsche GT3 Cup or any other Teams not part of the WeatherTech Championship, Michelin Pilot Challenge, IMSA Prototype Challenge and/or Lamborghini Super Trofeo must not set up any equipment in pit lane except during their designated sessions as permitted in their respective series.

19.2. From Load-In to the conclusion of the Event, Cars must not be removed from the Event premises without the express permission of IMSA.

ARTICLE 20 – PADDOCK & PIT - EQUIPMENT & ACTIVITY

20. PADDOCK & PIT - EQUIPMENT & ACTIVITY

20.1. Pit and Paddock Layout:

20.1.1. The layout and requirements of the pits and Paddock are exclusively at the discretion of IMSA and no other entity may give contrary direction. Road cars are prohibited and must be parked only in the designated areas or may be towed at owner's expense. Inquiries or determinations regarding appropriate compliance should be referred to the IMSA Senior Director of Logistics for approval prior to commencement.

- A. **(SSR) Pit Lane Assignments.** The pit lane and garage (if applicable) assignments are made by IMSA at its sole discretion and based on the championship points order established as of the preceding Event or as may be specified in the SR for the first Race Event of the calendar. For CTMP, IMSA shall apply the Watkins Glen assignments. Multi-Car Entries are placed in adjacent pit boxes in order as determined by the Car with the higher total of Team championship points. All Cars must use the pit box assigned to them. If such Cars prefer to be pitted separately, the respective Team Representative must inform IMSA no later than the entry deadline for the first Event of the season (or if a single Event entry, the entry deadline for the first Event for that Team) and shall then be assigned pit boxes separately for the season. Reverting to adjacent assignment is prohibited.
- 20.1.2. **Business Transactions/Delivery.** Unless specifically authorized by IMSA, only persons with Partner or Industry Representative Memberships are permitted to conduct business transactions within the Paddock. A business transaction includes, but is not limited to, unauthorized solicitation and/or the delivery of parts or services. Unauthorized third parties engaging in business transactions within the Paddock shall be escorted from the Paddock area and Members so engaged with such parties may be subject to penalty. Food service at transporters to anyone other than direct personnel is prohibited. Providing catered meals, except through track-authorized vendors, is prohibited.
- 20.1.3. **Appearance.** The appearance of the Series and Competitors must always meet a professional standard. All transporters must be of tasteful design and kept clean and in good repair, in IMSA's sole opinion. Defacement, damage or theft of racing facility property is strictly prohibited. Competitors must leave their designated work area clean and free of trash or debris.
- 20.1.4. **Advertisement.** Unless specifically authorized by IMSA in writing, advertising outside of the confines of Competitor's equipment, uniforms and permitted awning space, including but not limited to, direct sales and marketing efforts, sampling, exhibits and surveying are strictly prohibited.

20.2. Paddock Equipment:

20.2.1. (SSR) IMSA exclusively makes all Paddock assignments and no other party may give contrary direction. All Paddock arrangements, specific transporters/trailers and tow vehicles, as well as the construction and arrangement of any awning or canopy(ies) are subject to approval by IMSA. As a general policy, road automobiles, motorhomes, fifth-wheel and/or tag trailers are prohibited in the Paddock. Any Team receiving dispensation for the inclusion of a fifth-wheel and/or tag trailer must maintain such trailer at a high degree of preparation and presentation, professionally painted or wrapped and depicting the appropriate presentation as required for the Series. Each entered Car is assigned one (1) Paddock space which is no larger than required for their equipment, and which is a MAXIMUM of ninety feet (90') long and thirty feet (30') wide. This includes all transporters, liftgates, equipment, awnings, walkways, door openings, belly-box swings, slide-outs etc. Awnings must not extend beyond the rear of the trailer with the liftgate in the closed position. No allocation is made for automobile, motorhome or other vehicle parking. Each WeatherTech Championship Team is permitted and expected to utilize one (1) tractor-trailer transporter plus an awning per entered Car in its assigned Paddock space, complying with the regulations for the assigned space except as otherwise permitted by IMSA for single-event international entries. Unless otherwise required or permitted by IMSA, pop-up type, other temporary, or no awning is prohibited unless otherwise permitted by IMSA. Two (2) Car Teams are permitted a maximum of three (3) tractor-trailers in assigned Paddock space, up to a MAXIMUM of ninety feet (90') long and sixty feet (60') wide. Three (3) Car Teams are permitted a maximum of four (4) tractor-trailers in assigned Paddock space, up to a MAXIMUM of ninety feet (90') long and ninety feet (90') wide. If a Team desires to utilize a different arrangement of transporter(s) and/or awning(s) than permitted herein, the Team must submit the layout and presentation of the requested Paddock arrangement to IMSA (Senior Director of Logistics - Mike Simons at msimons@imsa.com) for approval prior to use.

- A. (SSR) The above thirty feet (30') maximum dimension is smaller and Teams are limited to one (1) transporter per Entered Car, and limited accommodation for awnings, for Long Beach and other Events as may be announced for such Events in the SR. At Daytona, Teams are allocated space for one (1) transporter and designated work space per entered Car. Equipment otherwise not adhering to the appearance expectations of Paddock presentation are prohibited and may incur penalties. IMSA branding per Attachment 5 is required and conflicting marks are prohibited.
- B. (SSR) A "Constructor and Manufacturer Paddock" parking area is designated at Events where space is available. Subject to an agreement with IMSA, each recognized Constructor or Manufacturer is permitted a space which is a MAXIMUM of ninety feet (90') long and fifteen feet (15') wide. This includes all transporters, liftgates, equipment, awnings, walkways, door openings, belly-box swings, slide-outs etc. No allocation is made for automobile, motorhome or other vehicle parking. The Constructor and Manufacturer Paddock space is not assignable. Unless otherwise approved by IMSA, each Constructor or Manufacturer is permitted and expected to utilize one (1) tractor-trailer transporter in its assigned Paddock space, complying with the regulations for the assigned space. IMSA branding per Attachment 5 is required and conflicting marks are prohibited.
 - i. (SSR) The "Constructor and Manufacturer Paddock" allocated space is forfeit if the Constructor instead elects to place their designated transporter within a two (2) Car Team's Paddock space up to a MAXIMUM of ninety feet (90') long and sixty feet (60') wide or a three (3) Car Team's Paddock space, up to a MAXIMUM of ninety feet (90') long and ninety feet (90') wide.

- C. (SSR) A card, with minimum dimensions of 24 inches by 24 inches, depicting separately the width in feet of the trailer, the awning, and any slide-outs, in font a minimum of 4 inches high, under the Team Name must be made visible in the windshield of the tractor during the load-in procedure.
- 20.2.2. (SSR) IMSA and/or the Promoter are not responsible to have or make available any ballast or other objects to which to tie down awnings and the responsibility to make appropriate arrangements rests solely with the participant.
- 20.2.3. (SSR) WeatherTech Championship Teams that also compete in other IMSA Series may receive additional consideration, where possible. However, this must be pre-arranged with the IMSA Logistics department and is exclusively at IMSA's discretion. For a WeatherTech Championship Team with another IMSA Series Car, IMSA will make every effort to combine the Team's transporters in the WeatherTech Championship Paddock when possible, however such Competitors must not remove any awnings or transporters until as specified for the WeatherTech Championship.
- 20.2.4. (SSR) Organization and/or accommodation of Team, Manufacturer, Constructor, Industry Partner or other entity areas may be established separately or as space permits at IMSA's discretion.
- 20.2.5. (SSR) Teams are responsible for completing the Paddock Equipment Form at imsacompetitors.com no later than three (3) weeks prior to their first Event and maintaining its accuracy.
- 20.2.6. (SSR) The arrangement of the Team's equipment, awnings, hard-panels etc., must not block the view of their Car(s) from the public at any time during Event hours, if the Team has not departed the racetrack, without the express permission of the IMSA Director of Logistics. Except during periods of extreme weather, or when permission of IMSA Officials is obtained, Competitors must not enclose their Paddock setups (including the use of clear panels) such as to obscure the view of fans of the majority of the activities including, at least, the preparation of one (1) Car. Teams are encouraged to be fan friendly. In case of extreme weather, the IMSA Director of Logistics may approve the temporary closure of awnings.
 - A. (SSR) Teams and suppliers must not begin to dismantle paddock installations, including: awnings, flooring, walls and cabinets, until the start time of the Open Grid / Fan Walk specified in the Official Schedule, subject to penalty.
 - B. (SSR) Hard panels and/or wallboards are prohibited when paddocked in permanent garages.
- 20.2.7. Awnings must not extend past the rear of the trailer (i.e. into the area of the lift gate) and must not extend past the nose of the tractor in its normal road-going configuration. IMSA may require removal of the tractor and then the awning is limited to the front of the trailer.
- 20.2.8. Cars (including show cars and/or equipment) must not be left unattended or displayed on liftgates.
- 20.2.9. Any fitting-out requiring welding or modification of racetrack property and/or drilling into walls, surfaces, paving, concrete or otherwise is prohibited and subject to penalty unless approved in writing by the Promoter and/or IMSA.
- 20.2.10. Participants must be familiar with the Safety Kleen waste disposal system at each facility and follow the specific procedures and policies. Questions or problems should be brought to the attention of facility personnel immediately. Entrant is responsible for conveying the required information to all Team members.

20.2.11. (SSR) Each Premium Entry is provided a branded Paddock Banner. Teams must transport, maintain and display the Paddock Banner at all Events. (contact mmurphy@imsa.com regarding replacement).

- A. (SSR) Paddock banners must be appropriately displayed in the Team's Paddock space during the Event.
- B. (SSR) Multiple Car Entrants must display each Paddock Banner per Team (Car).

20.3. Vehicles in Paddock:

- 20.3.1. Motorhomes or Toterhomes not used to tow entered Cars are prohibited in the Paddock and Competitors must pre-arrange directly with the Promoter for parking outside the Paddock. Motorhomes/Toterhomes used to tow entered Cars must remain connected to and in line with the Car trailer and must not be moved or removed from the Paddock during the Event.
- 20.3.2. Driving in the Paddock deemed dangerous, erratic and/or of inappropriately excessive speed for the circumstances or established limits is prohibited and subject to penalty.
- 20.3.3. Motorized pit support vehicles must have adequate lighting and must not be operated under influence of alcohol or carrying alcoholic beverages on board. Vehicles must not be left unattended or loaded when running. Vehicles must carry no more than the number of passengers that the manufacturer originally designed seating to accommodate. All passengers must be seated and operators must yield right of way to pedestrians. Vehicles must be used for business purposes only. Pit carts and ATV's are intended only for legitimate purposes in the conduction of the Race Event and must not be used otherwise. Vehicles in the pits must be operated in a safe manner. When not in use, vehicles must be parked in an orderly manner, out of fire lanes and not blocking access to garages or transporters. Vehicle passes per the SR.
- 20.3.4. Bicycles, scooters and/or motorized carts and similar 3- or 4-wheeled conveyances must not be driven into pit lane except pit equipment approved for a Series or as specified in the SR. Such use in the Paddock must be for legitimate purposes only. Excessive speed prohibited. Participants must abide by state laws regarding licensing and use. Such conveyances may be prohibited at certain Events or in certain areas of each facility by local ordinance or Promoter limitation.

20.4. (SSR) Autograph Period:

- 20.4.1. (SSR) Driver autograph periods, unless otherwise specified by IMSA, are held at each Team's transporter. Autograph times are specified by IMSA on the Official Schedule, typically forty-five (45) minutes in duration.
- 20.4.2. (SSR) Autograph periods are mandatory and each Team must:
 - A. (SSR) During the posted time of autograph periods, have its Car(s) at the front of their awning, closest to the public, to facilitate photographs;
 - B. (SSR) Keep, maintain and use, a WeatherTech Championship table skirt provided by IMSA (contact mmurphy@imsa.com regarding replacement);
 - C. (SSR) Provide one (1) eight foot (8') table and enough chairs for the Team's Drivers;
 - D. (SSR) Provide sharpies, hero cards and/or other acceptable item(s) for Drivers to sign and offer to fans;
 - E. (SSR) Set up and have Drivers at their tables at or before the appointed start in Team branded apparel and tear down afterward.

- 20.4.3. (SSR) Teams must be set up on time, clean and presentable, and Drivers must remain throughout the period.

20.5. Pit Lane Equipment - Cold Side:

- 20.5.1. (SSR) Must not be placed in the pit lane prior to the date and time listed in the Official Schedule or as directed. Specific variations may be required by IMSA. IMSA exclusively makes all pit lane assignments and no other party may give contrary direction.
- 20.5.2. (SSR) Must fit entirely within a Competitor's allotted space, which is a minimum 21' (L) X 10' (D) and may vary dependent on the facility.
- 20.5.3. (SSR) Teams may erect a custom tent and/or EZ-up style pit cover in their designated pit area(s). The entire tent/removable cover, including ropes, supports, etc. must fit entirely within the designated space of the allocated pit box. Teams must be prepared to share their space with other Series as determined by pit assignments.
- 20.5.4. Areas designed to accommodate people must not be fully enclosed.
- 20.5.5. (SSR) IMSA encourages each WeatherTech Championship Team to establish a sharing relationship with a corresponding IMSA Michelin Pilot Challenge, IMSA Prototype Challenge and/or Lamborghini Super Trofeo Team, making their timing and video screens accessible and operational and accommodating fuel rigs for their respective Sessions. Any WeatherTech Championship Team(s) without a sharing arrangement with a corresponding Challenge or Single-Make Series Team, must remove their timing stand to the rear of their pit box at any time that the WeatherTech Championship is not on track for a Session. Additionally, such Team must remove their timing stand and fuel rig to the rear of their pit box (leaving at least a five-foot (5') access opening into the pit box or must remove equipment to their Paddock location) no later than one (1) hour prior to the start of any IMSA Michelin Pilot Challenge, IMSA Prototype Challenge and/or Lamborghini Super Trofeo Race. Teams desiring to establish a sharing arrangement should contact their respective Series Manager.
- 20.5.6. Drilling into walls, surfaces, paving, concrete or otherwise is prohibited unless approved in writing by the Promoter and/or IMSA.
- 20.5.7. Any fitting-out requiring welding or modifications of the pits or Paddock is only permitted after the Promoter's written agreement.
- 20.5.8. Compressed air tanks, air lines, hoses, fuel barrels, refueling equipment, tools, spare parts, spare body panels and any other equipment or materials stored in the pits must be situated behind the pit wall or as directed by Officials and must not block or infringe upon fire lanes or other designated safety zones. It is prohibited to deface or make holes in the pit lane or Pit Box surface without written permission from IMSA.
- 20.5.9. Air tanks must be securely fastened or anchored. Once their protective caps are removed, a protective cage must be installed around the regulators and fittings.
- 20.5.10. Equipment compliance and the certification of the air tanks may be checked at any time.
- 20.5.11. (SSR) The following procedures must be adhered to on the pit lane and within the pit lane area:
- A. (SSR) The fire lane(s) must be kept clear.
 - B. (SSR) Generators must be fitted with twist-lock extension cord connectors.
 - C. (SSR) All cabling and/or electric power cords outside the Team's pit area must be in cable trays or taped to the ground. Routing of cables or airlines overhead the fire lane is prohibited.

- D. (SSR) Each Team must provide a minimum of two (2) fire extinguishers (each a ten (10) pound ABC minimum) per Car.
- E. (SSR) Any equipment, including any roof or tented structure, must not be higher than four (4) meters (13' 1.5") except radio antenna masts.
- F. (SSR) Teams may receive alternative pit lane assignments or require removal of the tenting at racetracks where obstruction of the spectator view is impeded by their pit structure height.
- G. (SSR) Racetrack-specific requirements may be listed in the SR.

20.5.12. Pit Box - Hot Side:

20.5.13. Any decoration, on the installations and on the ground is prohibited.

- A. (SSR) Pit wall banners, securely fastened but cleanly removable, are permitted providing they do not exceed the assigned pit space and are subject to IMSA approval.

20.5.14. (SSR) In the Pit Box, equipment is prohibited to:

- A. (SSR) Exceed the external limit of the Pit Box;
- B. (SSR) Be less than two (2) meters (6' 7") above ground level (booms, hoses, wiring, etc.).
- C. (SSR) Be more than four (4) meters (13' 1.5"), beyond the forward plane of the pit wall.

20.5.15. (SSR) Lighting equipment in the pit lane area (for Races run partly by night) must be aimed in such a way to avoid blinding Drivers.

20.5.16. Flashing signals are prohibited in the pit lane. Any lighted equipment must be approved by IMSA. Typically red and/or yellow lighting is prohibited and lighting must not interfere with Drivers in oncoming Cars.

20.6. (SSR) Unmanned Electronic Pit Signaling Boards:

- 20.6.1. (SSR) Must not be larger than 40" x 30". (Either width or height)
- 20.6.2. (SSR) Must not be higher than 43" above the height of the pit/track signaling wall.
- 20.6.3. (SSR) Must not extend beyond the front plane of the pit/track signaling wall, or over the signaling area/pit lane barrier.
- 20.6.4. (SSR) Must not display in red (also applies to any signal used to stop the Car in its Pit Box). Must not display logos.
- 20.6.5. (SSR) Must only display text and numbers. Motion, flashing or blinking prohibited (also applies to any signal used to stop the Car in its Pit Box).
- 20.6.6. (SSR) Drilling into walls, surfaces, paving, concrete or otherwise is prohibited unless approved in writing by the Promoter and/or IMSA.
- 20.6.7. (SSR) Must be located opposite the Competitor's pits and/or in the designated signaling area, or at the direction of IMSA.
- 20.6.8. (SSR) Must be installed prior to the posted time for inspecting fuel rigs. IMSA may refuse any installation. The decisions of IMSA are Conclusive.

20.7. (SSR) Other Equipment. On an individual basis, IMSA may approve or require equipment to be fitted to Cars and/or Drivers, or waive certain procedural requirements for the sole purpose of enhancing the Event.

ARTICLE 21 – DRIVER & CREW SAFETY EQUIPMENT & UNIFORMS

21. DRIVER & CREW SAFETY EQUIPMENT & UNIFORMS

21.1. DRIVER SAFETY EQUIPMENT:

21.1.1. Drivers must wear full coverage helmets of recognized high quality and which include a face shield. Drivers must use helmets that satisfy FIA standard 8860-2004, 8860-2010 or 8860-2018. Modification is prohibited (drilling of holes, etc.) and shall void the homologation.

- A. 8860-2004 helmets shall no longer be valid for use in IMSA after December 31st, 2020. 8860-2010 and 8860-2018 helmets shall no longer be valid for use in IMSA after December 31st of the calendar year ten (10) years after the manufacture date shown on the FIA label in the helmet.

21.1.2. Drivers must have the “Eject Helmet Removal” kit or the Stand 21 “Lid Lifter Balaclava” installed in their helmets.

21.1.3. Drivers must wear outermost, a driver suit homologated to FIA 8856-2000, 8856-2018, or meeting the SFI 3.2A specification. Gloves, underwear, a balaclava, socks and shoes homologated to FIA 8856-2000, 8856-2018, or meeting the SFI 3.3 specification are also required. While any manufacturer’s items may fail inspection due to condition over time, FIA homologated items shall no longer be valid for use in IMSA after December 31st of the calendar year ten (10) years after the manufacture date shown on the FIA label; or after December 31st of the year of expiration shown on the FIA label; or after December 31st, 2021 for items not originally manufactured with a dated label.

21.1.4. Drivers must wear a Frontal Head Restraint (FHR) that is approved according to FIA standard 8858-2002 or 8858-2010. Drivers are strongly encouraged to use helmets with tether-anchorage fitted by the manufacturer as original equipment. Homologated tethers, identified by a FIA 8858-2002 label are required and must not be used beyond the 31st day of December in their manufacturer’s declared year of expiration.

21.1.5. Evaporative-loss Freon cool suits are prohibited.

21.2. (SSR) REFUELING & OVER THE WALL SAFETY EQUIPMENT:

21.2.1. (SSR) At all times that Cars are refueled in pit lane; the refueler, the vent operator where permitted, and the fire bottle operator must wear outermost, a fire-resistant uniform that meets FIA 8856-2000, 8856-2018 or SFI 3.2A/5 specification. In addition, fire resistant long underwear, socks, gloves, balaclava and shoes meeting FIA 8856-2000, 8856-2018 or SFI 3.3 specification are required. Also required is a fire-resistive rated, full-face helmet meeting Snell Memorial Foundation Special Application (SA), FIA, or SFI specifications, with the face shield that is positioned down during the actual refueling.

21.2.2. (SSR) During any Session permitting the use of the autonomous refueling rig and for the Race, the Cutoff/Deadman operator and anyone working on Cars “over the pit wall” must wear outermost, a fire-resistant uniform meeting SFI 3.2A specification. Fire resistant socks, gloves, balaclava and shoes meeting SFI 3.3 specification or FIA 8856-2000 or 8856-2018, and goggles or visors that must be on/down during actual refueling are also required. Additionally, those “over the pit wall” must wear a helmet.

21.2.3. (SSR) For any transfer of fuel not in the pit lane, Crew must wear outermost, a fire-resistant uniform meeting SFI 3.2A specification. Fire resistant socks, gloves, balaclava and shoes meeting SFI 3.3 specification or FIA 8856-2000 or 8856-2018, and goggles or visors that must be on/down during actual refueling are also required.

21.3. (SSR) Inspection. All Driver helmets must be inspected by IMSA at Safety Checks, Scrutineering and/or Technical Inspection prior to first use in the season. Helmets must display the required IMSA inspection sticker. IMSA may spot check or re-inspect any Driver and/or Crew equipment at any time.

21.4. Competitor Uniforms: Crew must wear clean uniforms and other appropriate and safe attire at all times in order to present the best possible appearance to the public. Tank tops, shorts, open-toed shoes and similar attire prohibited in the pit box area. Industry support representatives must be clearly identified as non-Team members. Inappropriate attire prohibited. Shorts, open-toe shoes and sleeveless shirts prohibited over the pit wall.

ARTICLE 22 – GENERAL CAR REQUIREMENTS

22. GENERAL CAR REQUIREMENTS

22.1. IMSA publishes specifications for various classes of Car eligible to compete in a Series in the Technical Regulations that shall supersede Art. 22 in case of any conflict.

22.2. Car Composition

22.2.1. The Car must consist of the homologated bodyshell/chassis (monocoque) unit and the homologated engine block (or crankshaft case). During the Race, it is prohibited to change the engine block (crankshaft case), the chassis, or monocoque structure (see also Art. 23.5).

22.3. Mandatory Requirements

22.3.1. Each entered Car must be inspected and approved by the SDTR&C or their delegated assistant(s) before it is permitted to participate in any Official Session. No expressed or implied warranty of safety shall result from this inspection or approval. It is at all times solely the responsibility of the Entrant to have their Car free from mechanical defects and in safe racing condition. Cars damaged or altered after they have been approved at inspection are subject to re-inspection and approval. IMSA makes the final decision on the safety and eligibility of an accident-damaged Car. Questionable Cars are subject to approval by the SDTR&C. Cars shall present a neat, clean and professional appearance, with no old damage.

22.3.2. (SSR) Brakelights/Headlights/Taillights:

- A. (SSR) The two (2) main brakelights must be functional. The Race Director may accept one (1) functioning brakelight due to damage or equipment failure. "Inertia", "accelerometer", or similarly operated brakelights prohibited.
- B. (SSR) When required (SR), in periods of darkness, the two (2) main headlights and two (2) main taillights must be switched on continuously when the Car is running on the racetrack or in the pit lane. The Race Director may accept one (1) functioning headlight, or one (1) functioning taillight (when headlights/taillights required) due to damage or equipment failure.
 - i. (SSR) The two (2) main taillights may be required during rain/inclement weather and/or at the request of Race Control.

22.3.3. (SSR) If two (2) main brakelights (and/or both main headlights and/or both main taillights, when required) are non-functioning, the Car must stop immediately for repairs. Repairs not consistent with original equipment lighting levels must be approved by the IMSA Sr. Director, Technical Regulations & Compliance. If the Car leaves the pits without making the necessary repairs, it may be stopped by Race Control.

- 22.3.4. The Car must be equipped with the required external mirrors at the start of the Race. In case of damage or loss, Competitor is responsible for the correct conduct of Car, regardless of mirror integrity.
- 22.3.5. The Car must be equipped with the required doors secured in place when being driven in pit lane or on-track. A missing door must be repaired immediately. If the Car leaves the pits without making the necessary repairs, it may be stopped by Race Control.
- 22.3.6. **(SSR) IMSA Safety Light System.** The Car must be fitted with the IMSA specified Safety Light System that must be powered and functional at all times the Car is on racetrack or in the pit lane. The activating receiver is provided by IMSA during Safety Checks at each Event and remains the property of IMSA. Entrants must surrender receiver when required by IMSA. A lost or damaged receiver is subject to a replacement fee per the IMSA Accessories Form. Installation requirements and information are found in the Technical Regulations for each class.
- 22.3.7. **(SSR) Driver ID.** A Driver ID system, approved by IMSA, must be permanently fitted to identify the Driver driving the Car. The Driver ID system must be installed in accordance with the Scrutineering System Homologation of the Entrant's respective Manufacturer or Constructor.
- 22.3.8. **Transponder.** Cars must be fitted with an approved timing and scoring transponder system and/or other electronic scoring device in accordance with the Scrutineering System Homologation of the Entrant's respective Manufacturer or Constructor. Location and manner of the installation must be approved by Timing and Scoring. The transponder system must be powered and functional at all times the Car is on racetrack or in the pit lane. It is subject to inspection at all times and must be surrendered or replaced upon request. The transponder system must not be tampered with nor transferred to another Car unless specifically approved by IMSA. Failure to obtain, install and maintain the transponder system shall result in the Car not being scored and may result in other penalties.
- A. (SSR) The transponder must be tested and operate to the satisfaction of Timing and Scoring.
- 22.3.9. **(SSR) Leader Lights.** The Car must be fitted with the IMSA specified Leader Light System in accordance with the Scrutineering System Homologation of the Entrant's respective Manufacturer or Constructor.
- A. (SSR) In-Race failure of the Leader Light system functioning at the start of a Race does not constitute a technical infraction.
- 22.3.10. **(SSR) Data Logger.** All Cars must purchase and fit a class-specific IMSA data logger. The Data Logger System must be installed in accordance with the Scrutineering System Manual and the Scrutineering System Homologation of the Entrant's respective Manufacturer or Constructor.
- A. Failure to adhere to the Data Logger requirements at any IMSA Sanctioned Event is prohibited. Any malfunction must be repaired immediately upon discovery, prior to the Car resuming competition. Noncompliance may result in the following **Minimum Penalties:**
- i. Stop plus five (5) minutes.
 - ii. Un-served Penalties from Practice carry over to the following Practice/Warm-Up session.
 - iii. A Penalty assessed during qualifying may result in qualifying times disallowed.

- iv. An un-served Race Penalty or a Penalty assessed after the Race is added to the Car's Race finishing time and may include a lap count penalty.

22.3.11. **(SSR) Controlled Engine Parameters.** Multiple engine parameters are controlled by IMSA. Requirements and information are found in the Technical Regulations for each class.

- A. (SSR) Failure to adhere to the Controlled Engine Parameters requirements is prohibited and may result in the following **Minimum Penalties**:
 - i. First violation: Warning/Reprimand (not guaranteed, depending on timing/severity of violation).
 - ii. Second violation: Drive-Through.
 - iii. Third and consecutive violations: Stop plus ten (10) seconds.
 - iv. Un-served Penalties from Practice carry over to the following Practice/Warm-Up session.
 - v. A Penalty assessed during qualifying may result in qualifying times disallowed.
 - vi. An un-served Race Penalty or a Penalty assessed after the Race is added to the Car's Race finishing time and may include a lap count penalty.

22.3.12. **(SSR) Boost Control.** Boost Control is applied to Cars with forced induction engines. Requirements and information are found in the Technical Regulations for each class.

- A. (SSR) Failure to adhere to the Boost Control requirements is prohibited and may result in the following **Minimum Penalties**:
 - i. First violation: Warning/Reprimand (not guaranteed, depending on timing/severity of violation).
 - ii. Second violation: Drive-Through.
 - iii. Third and consecutive violations: Stop plus ten (10) seconds.
 - iv. Un-served Penalties from Practice carry over to the following Practice/Warm-Up session.
 - v. A Penalty assessed during qualifying may result in qualifying times disallowed.
 - vi. An un-served Race Penalty or a Penalty assessed after the Race is added to the Car's Race finishing time and may include a lap count penalty.

22.3.13. **(SSR) On-Track Monitoring.** Car data is monitored during all on-track activity by Telemetry or alternative data communication methods per the Technical Regulations of each class.

- A. (SSR) In case of an issue with data communication, IMSA may require a Competitor to provide data or data media (memory cards or sticks) from the Car during pit-stops.
- B. (SSR) Failure to adhere to the On-Track Monitoring requirements is prohibited. Any malfunction must be repaired immediately upon discovery, prior to the Car resuming competition. Noncompliance may result in the following **Minimum Penalties**:
 - i. Stop plus five (5) minutes.
 - ii. Un-served Penalties from Practice carry over to the following Practice/Warm-Up session.
 - iii. A Penalty assessed during qualifying may result in qualifying times disallowed.

- iv. An un-served Race Penalty or a Penalty assessed after the Race is added to the Car's Race finishing time and may include a lap count penalty.

22.4. General Technical Presentation

- 22.4.1. IMSA, at its sole discretion, reserves the right to impound and inspect Cars competing in an Event. Non-compliant components may be retained and/or destroyed by IMSA without compensation or recourse to the Competitor.
- 22.4.2. The timing, location, method and type of Car inspection and the number of Cars to be inspected at any Event is determined by the Sr. Director, Technical Regulations & Compliance.
- 22.4.3. When instructed by the Officials to go to Impound or the inspection area, Cars must proceed directly and without delay or are subject to penalty up to and including Removal.
- 22.4.4. It is the responsibility of the Entrant or Driver to prepare the Car for inspection when requested to do so by the SDTR&C or their assistant(s). Any expense incurred, except in the case of a protest, is the liability of the Entrant. Preparation of a Car for inspection must be performed in a timely manner as determined by the Sr. Director, Technical Regulations & Compliance.
- 22.4.5. Measurements:
 - A. Both metric and/or English dimensions may be given. In such cases, when the two systems do not equate exactly, measurements for compliance during inspection normally use the system most advantageous to the Entrant. An equivalence table is provided in Appendix A.
 - B. The SDTR&C may establish tolerances for measurements taken during inspection; may require components on the Car to fit IMSA templates; may require IMSA monitoring devices to be fitted to a Car; and/or may require IMSA limiting devices to be fitted to a Car.
- 22.4.6. Additional distinction between Cars of similar appearance may be mandated by IMSA.
- 22.4.7. Glycol based additives/coolants: Prohibited.
- 22.4.8. Mandatory safety requirements for Cars except as specified in the SSR, SR and/or Technical Regulations for a specific Series.
 - A. A six-point Driver restraint system of approved design is required.
 - B. Cars must be equipped with two (2) master electrical circuit breakers. These circuit breakers must be clearly marked by a spark in a blue triangle.
 - C. In all cases, the Driver must be able to exit the Car through both the Driver side and the passenger side in an emergency to the satisfaction of IMSA.
 - D. An on-board starter and energy source must remain functional at all times, except when deactivated in an emergency by the master electrical circuit breaker.
 - E. Identification lights are subject to approval by IMSA.
 - F. An "arrow" decal, available from IMSA, denoting tow hook location, window net release and door release must be affixed in each of these locations.
- 22.4.9. If the SDTR&C determines prior to the Race that a Car does not meet the applicable specifications, the Car shall be prohibited from Competition unless, at the discretion of the Sr. Director, Technical Regulations & Compliance, the deficiency collectively:

- A. Does not affect safety;
- B. Cannot be corrected in time for qualifying or the Race (if no qualifying);
- C. Does not provide the Competitor a significant competitive advantage;
- D. Is so insubstantial as not to warrant a determination that the Car is ineligible to Race.
- E. If the Race Director permits the Car to compete under these circumstances, the SDTR&C shall apprise the Competitor in writing of the deficiency and the Car is prohibited from competing in future Events until such deficiency is corrected.

22.5. Sound Enforcement

- 22.5.1. Cars must meet IMSA sound limits as may be required. At its discretion, IMSA monitors, or has others monitor, sound levels and employs enforcement as appropriate.
- 22.5.2. Local sound limits beyond IMSA control may require additional procedures or penalties for noncompliance.

22.6. Technical Compliance

- 22.6.1. It is the Entrant's responsibility to present their Cars in compliance with the RULES at all times. Passing Safety Checks, Scrutineering or Technical Inspection does not constitute a waiver for existing, ongoing, latent, future, or unobserved infractions of the RULES

22.7. Technical Non-Compliance

- 22.7.1. Cars out of compliance with the Technical specifications and/or regulations may be penalized by being moved to the back of class or up to and including Removal from the results.

ARTICLE 23 – CARS ELIGIBLE

23. (SSR) CARS ELIGIBLE

23.1. (SSR) Prototype Classes:

- A. (SSR) DPi Class
- B. (SSR) LMP2 Class

23.2. (SSR) Grand Touring Classes:

- A. (SSR) GTLM Class
- B. (SSR) GTD Class

23.3. (SSR) The eligibility of any Car to compete and its compliance (or not) with the relevant Technical Regulation(s) is at the exclusive discretion of IMSA. IMSA reserves the right to make modifications to the specifications of Cars in the best interest of the Competition and the sport.

23.4. (SSR) In each season, a Team is permitted a maximum of one (1) change of Manufacturer, Constructor, and/or Model (the Car specification as identified by a unique Homologation number) subject to "force majeure" at the sole discretion of IMSA. It is prohibited to change Manufacturer, Constructor, and/or Model during an Event.

23.5. (SSR) Reserve (spare) Cars are prohibited. A Team must only use one (1) single Car during an Event except in the case of force majeure as approved by IMSA. A change of the tub or the monocoque is not considered a change of the Car if the following main components are retained from the original vehicle (if not damaged): engine, gearbox and/or suspension assembly(ies).

- 23.5.1. (SSR) A spare tub or monocoque may be prepared in advance but must be equivalent to a complete Car with the following components and/or assemblies removed: driveline (engine, gearbox), suspension components (corners), major bodywork (removable panels, nose, engine covers, wings, etc.).
- A. (SSR) In the event of the use of such spare, the repaired Car must successfully clear Safety Checks and Scrutineering and be issued the IMSA Technical Conformity Sticker per Art. 24.4.
- 23.5.2. (SSR) Should a tub or monocoque need replacement, the work must be completed with the approval of the SDTR&C and as directed under the supervision of the Scrutineers.
- 23.5.3. (SSR) After qualifying, such replacement shall require the Car to go to the back of the starting grid in its class.
- 23.6.** (SSR) After the conclusion of Sporting Checks it is prohibited to use a chassis identified by the chassis number (serial number) of an entered Car to replace that of any other entered Car.

ARTICLE 24 – SAFETY CHECKS, SCRUTINEERING & TECHNICAL INSPECTION

24. SAFETY CHECKS, SCRUTINEERING & TECHNICAL INSPECTION

- 24.1.** All Driver, refueler, firebottle and Cutoff/Deadman operator operator firesuits and personal protective equipment must be inspected by IMSA at Safety Checks, Scrutineering and/or Technical Inspection prior to first use in the season. Helmets must display the required IMSA inspection sticker. IMSA may re-inspect any equipment at any time (see Art. 21).
- 24.2.** IMSA may, for inspection purposes, seal or impound Race Equipment entered and competing in an Event. IMSA is not responsible for payment, reimbursement, damage or loss as a result of such sealing or impounding.
- 24.3. (SSR) Presentation of the Cars for Scrutineering**
- 24.3.1. (SSR) Cars must be presented with the required decals per Att. 5.
- 24.3.2. (SSR) Cars must be presented with the following functional equipment (Art. 22): Timing and Scoring Primary, including the Driver ID system; Back Up Transponder; IMSA Safety Light system; Leader Light system; IMSA Scrutineering Data Logger system and Lighted Number Panels at Races run partly by night (Att. 5).
- 24.3.3. (SSR) Failure of the Timing and Scoring Transponder(s) and/or Driver ID system must be repaired immediately on discovery.
- 24.3.4. (SSR) In-Race failure of the IMSA Safety Light system, Leader Light system or a Lighted Number Panel, functioning at the start of a Race, does not constitute an infraction.
- 24.4. (SSR) IMSA Technical Conformity Stickers**
- 24.4.1. (SSR) IMSA Technical Conformity Stickers are labels issued to a Car after it successfully clears Safety Checks and Scrutineering. They are affixed in the approved location(s) (Att. 5) after Safety Checks and Scrutineering, once the Scrutineers have approved the Car.
- 24.4.2. (SSR) A Car must not take part in the Event after Safety Checks and Scrutineering without these IMSA Technical Conformity Stickers. They must not be removed and must remain visible in all circumstances.
- 24.5. The Scrutineers may:**
- 24.5.1. Check the eligibility of a Car or of a Competitor at any time;

- 24.5.2. Require a Car to be dismantled by the Competitor to ensure that the conditions of eligibility are fulfilled;
- 24.5.3. Require a Competitor:
 - A. To pay all expenses which the exercising of the above-mentioned powers may entail;
 - B. To provide such samples of parts deemed necessary.
- 24.5.4. Once approved by the Scrutineers, any Car dismantled or modified in a way which might affect its safety or call into question its eligibility, or which has been involved in an accident with similar results, must be rechecked for the Scrutineer's approval.
- 24.6.** Cars may be weighed at any time.
 - 24.6.1. When weighing is in process, no solid, liquid, gas or other substance or material of any nature whatsoever may be added to or removed from a Car.
 - 24.6.2. Admittance to any area where inspections are being made is controlled by the SDTR&C. Intervention is prohibited, save under the control of IMSA Officials. A maximum of four (4) Team members are permitted or as limited by the IMSA Officials.
- 24.7.** (SSR) Cars in the Impound area (Art. 50) and selected for inspection are weighed with no Driver on board and fuel tank(s) drained.
- 24.8.** Cars selected at random may be checked at any time (Art. 50).
- 24.9.** Safety Checks, Scrutineering and Technical Inspection are carried out by Scrutineers duly appointed by the SDTR&C. They are responsible for the operations in the Impound area, and are the only people authorized to give instructions to the Competitors and/or Drivers.
 - 24.9.1. Safety Checks and Scrutineering is by appointment during the hours posted and as distributed by the IMSA Technical Department or as instructed by the SDTR&C. Individual checks may be performed at other times by Competitors on a first come first served basis or as permitted by the SDTR&C.
- 24.10.** Anything not explicitly permitted in the RULES is prohibited. Inquiries related to clarification of any of the RULES should be directed to rules@imsa.com.

ARTICLE 25 – TIMING & SCORING

25. TIMING & SCORING

- 25.1.** Cars must be fitted with an approved timing and scoring transponder and/or other electronic scoring device in a location and manner as specified in the Technical Regulations or as approved by Timing and Scoring. The transponder must be powered and functional at all times the Car is on racetrack or in the pit lane.
- 25.2.** For a standing start, the timing and scoring commences at the moment the starting signal is given; or, if automatic apparatus is used, at the instant it is operated as specified in the SSR for a Series.
- 25.3.** For a rolling start, the timing and scoring commences when the leading Car crosses the starting line after completion of the scheduled formation (pace) lap(s).
- 25.4.** First and subsequent laps are timed and scored when each Car crosses the control line at the timing and scoring station unless a different procedure is announced.
- 25.5.** The following timing policy is used at Events:

- 25.5.1. An “officially timed lap” is defined as: A lap with a minimum of two (2) wheels on the racing surface at all times recorded by IMSA Timing that uses the approved transponder installed in the Car to record a crossing at the control line at the beginning and end of that lap. When a Driver ID system is installed, the crossing must include the correct Driver ID.
- 25.5.2. **Engage / Disengage Driver ID.** When a Driver ID system is installed, Drivers are responsible for engaging the correct identification plug prior to the start of the formation lap(s), or; in the pit lane, prior to overtaking the last working pit. Drivers must not disengage the identification plug prior to crossing the pit lane speed limit start loop at the pit lane entry.
- 25.5.3. IMSA shall use its best efforts to notify a Competitor not registering officially timed laps or correct Driver ID. However, it is the Competitor’s responsibility to ensure that their transponder is operating correctly, including Driver ID systems when a part of a Series’ timing system, during all phases of Competition. Failure of the correct Driver ID registering may result in incorrect Driver time credit, which is the Competitor’s responsibility, and may result in penalties.
- 25.5.4. Only officially timed laps are counted towards Driver or Car qualifications, qualification times, pole positions, starting position, fastest Race laps and/or recognition of the speed of a Competitor during the Competition, and only officially timed laps are recognized as “track records”.
- 25.5.5. During a Race, when a Car is not registering officially timed laps, IMSA shall continue to score the Car (i.e. their physical position or lap count relative to other Cars during a Race shall continue to be recorded) and may display unofficial times.
- 25.5.6. Distance is normally measured in whole laps completed by the Car.
- 25.5.7. The approved transponder manufacturer is MyLaps as specified by IMSA.

25.6. Control Line

A Car crosses a control line at the instant the leading-most edge of its bodywork passes over that line, or at the instant the automatic timing apparatus is operated.

25.7. Start Line

The start line is the point on the racetrack where timing and/or scoring begins, unless otherwise stated in the SR.

25.8. Finish Line

The finish line, if different from the starting line, is the point on the racetrack where timing and/or scoring ends, unless otherwise stated in the SR.

ARTICLE 26 – RACETRACK / TRACK WALK

26. RACETRACK / TRACK WALK

26.1. Racetrack

- 26.1.1. Competition must not take place other than on a racetrack approved by IMSA.
- 26.1.2. IMSA may:
- A. Limit a racetrack to certain Series;
 - B. Restrict the number of Cars participating in the Sessions;
 - C. Restrict the classes of Cars to be raced at a racetrack;

- D. Restrict the number of Cars to be started in a Race;
- E. Restrict the racetrack to certain ratings or grades of Drivers.

26.1.3. Racetrack Measurement

- A. Timing and Scoring shall provide the official measurement of the racetrack.

26.2. TRACK WALK. Track walks, if scheduled, are for participants with appropriate annual credentials or SEC and only during specific listed times. Testing, scanning and/or measurement of the topography of the track is prohibited and will be penalized. Track walks are for walking only unless specifically permitted in the SR or by IMSA in the case of disabled persons. Automobiles are prohibited without the express direction of IMSA Officials. Track walks may be additionally restricted.

ARTICLE 27 – FLAG SIGNALS

27. FLAG SIGNALS. The following signals both advise Drivers of various conditions, and direct Drivers to obey various specific instructions or take specific actions. The signals are normally cloth flags, but flags may be replaced or supplemented with rigid signaling boards or lights carrying the same meanings. A steady light means a motionless or standing flag and a flashing light means a waving flag. Signals are displayed by the corner stations and also by the Starter. Flags displayed by the Starter encompass those of the corner stations, but also include special flags as described for the Starter, below.

27.1. GREEN. Start or restart of a Session or Race, or cancellation of a danger previously signaled. Racetrack is clear.

27.2. YELLOW - LOCAL.

- 27.2.1. Motionless Single: Danger, no passing, slow down. Motionless yellow flag is generally used to advise of a serious danger off the track. May be displayed preceding a waved yellow for additional warning.
- 27.2.2. Waved Single: Extreme danger, no passing, slow down, be prepared to stop. Waved yellow flag may mean imminent and serious danger on or adjacent to the track, or exposed persons. Drivers should be aware that safety vehicles may be dispatched on the racetrack.
- 27.2.3. A green flag may be waved at the first flag station past the point of the incident signifying that the racetrack is clear and overtaking may resume.
- 27.2.4. The prohibition on overtaking starts at the line on the racetrack perpendicular to the point of the first displayed yellow flag. Overtaking may resume at the line on the racetrack perpendicular to the first displayed green flag. However, any time a yellow flag is displayed at any point on the racetrack it is the responsibility of the Competitor to use additional caution. Failure to use such caution may be penalized regardless of position relative to the flag.

27.3. YELLOW - FULL COURSE YELLOW.

- 27.3.1. Double motionless yellow flags: Full Course Yellow (FCY) or Safety Car period. "SC" boards may also be displayed at the start line and other stations for a Safety Car period.
- 27.3.2. In Races where the in-Car IMSA Safety Light System is in use, or yellow lights are installed around the racetrack for a FCY or "Safety Car period", the racetrack condition is considered yellow at all points on the racetrack simultaneously at the moment when either: the radio call is made from Race Control, or the in-Car IMSA Safety Light System lights are illuminated, or the yellow lights around the racetrack are illuminated, or the yellow flags are displayed around the racetrack, whichever may be first.

27.3.3. The time of the yellow indicated in the official IMSA timing logs is the official time of the yellow (not necessarily simultaneous to other indications). At the completion of the FCY or "Safety Car period", the procedure for re-starts is initiated and any such FCY indication lights are extinguished at the same time as those of the Safety Car and the yellow flags cancelled.

27.4. RED. (see also Art. 47)

27.4.1. Waved: This flag is used exclusively at the discretion of the Race Director to stop a Session or Race and is displayed by the Starter and all corner stations. Any local incident continues to be flagged as appropriate for that situation.

27.4.2. (SSR) **Session Stoppage:** as permitted elsewhere in these regulations, Cars may line up at the pit exit or may proceed to their Pit Box. Cars electing to go to their Pit Box must remain there until released on the instructions of Race Control.

27.4.3. (SSR) **Qualifying Stoppage:** Cars must not line up at the pit exit and must go only to their pit box at the start of the Session or for any Session stoppage until the green flag is again displayed or the Session is concluded.

27.4.4. Upon a red flag, Drivers must decelerate to a slow speed and be prepared to stop at any time. Drivers should use caution and be aware that safety vehicles may immediately be dispatched on the racetrack; the racetrack may be blocked; or weather conditions may have made the racetrack un-drivable at Safety Car speeds. No passing. Unless otherwise directed by the Race Director, Cars must proceed in a line, slowly and carefully around the racetrack to the pit entrance, where they will be directed further. The pit exit is closed. During practice, service may be performed unless prohibited by the Race Director.

27.4.5. Upon a red flag, lap times in progress are void, reverting to the last completed 'officially timed lap' for each Car.

27.4.6. The time of the red indicated in the official IMSA timing logs is the official time of the red (not necessarily simultaneous to other indications).

27.5. RED AND BLACK COMBINED. Waved. Both a Red and a Black flag are waved simultaneously. This combination is used exclusively at the discretion of the Race Director to stop a Session or Race AND direct all Cars to come to a stop at the side of the track in a safe and controlled manner. Cars must remain stopped until instructed by the Race Director. These flags are displayed by the Starter and all corner stations.

27.6. BLACK WITH ORANGE DISK. Indicates a Car with a mechanical fault. Immediate action required. Stop at your pit next time at the pit entrance.

27.7. BLACK / WHITE DIVIDED DIAGONALLY. This flag is shown as a warning for unsportsmanlike behavior. This signal may be displayed as a furled black flag.

27.8. BLACK.

27.8.1. Waved: Penalty. Stop in the pits for a consultation next lap. This flag is usually displayed along with the number of the Car concerned for an infraction by the Starter and may also be displayed at a secondary corner station.

27.8.2. Serving Penalties. A Competitor must serve any on-track or pit lane penalty only under Green Flag conditions, and during a Race, must cross the Start/Finish line under Green Flag conditions prior to entering the pit lane under Green Flag conditions to serve any such penalty except as described elsewhere. Such penalties must be concluded and the Car rejoin the Session or Race prior to the display of the checkered flag to be considered properly served. Such penalties must not be served if the Car has started its last lap of a Race and shall be applied as a post-Race penalty. Such application and calculation of post-Race penalty is Conclusive.

27.8.3. If a Competitor fails to serve the penalty or obey the black flag within four (4) green flag laps of its announcement or display, an additional penalty may be assessed and/or the Race Director may instruct Timing & Scoring to stop timing and scoring the Car.

27.9. YELLOW WITH VERTICAL RED STRIPES. The track surface has changed as a result of liquid and/or debris on-track. Normally displayed only for a limited number of laps even if the surface condition remains.

27.10.BLUE. (the blue flag may incorporate a yellow diagonal stripe)

27.10.1. Motionless: Another Competitor is following you and may be trying to pass you.

27.10.2. Waved: Another Competitor may be rapidly overtaking you. Blue flags are normally used where the Driver being overtaken may be unaware of the following Car or is clearly obstructing another Car.

27.11. WHITE.

27.11.1. Motionless: A stationary white flag displayed at any corner post denotes an ambulance, fire truck, wrecker or other service vehicle on the racetrack, or a slow-moving Car ahead.

27.11.2. Waving: A waving white flag displayed at any corner post denotes a very slow moving vehicle ahead.

27.11.3. Starter displays a waving white flag to indicate the last lap. Alternatively, the starter may indicate the last lap by displaying one finger and/or the last lap may be announced over the radio. For a late-Race FCY, or where the timing is too close to make an advance call, the white flag may not be displayed.

27.12.BLACK AND WHITE CHECKERED. End of a Session or of a Race. Return to the pits at reduced speed and proceed to Impound or stop at the pits as designated by Race Control. The pit exit is closed. Drivers must use caution and be aware that safety vehicles may be dispatched on-track after the last Car passes the checkered flag and clean up may commence.

ARTICLE 28 – TESTING

28. TESTING

28.1. SANCTIONED TESTING

28.2. (SSR) IMSA may organize Series-wide “open” Sanctioned Tests (such as the ROAR) at its discretion and if a Team participates, such Test days shall not count toward the Team’s allotment.

28.3. Requirements for Participation at IMSA Sanctioned Test Days

28.3.1. A Crew member must be in the Car’s pit box and in communication with the Car at all times that the Car is in the pit lane or on-track.

- 28.3.2. Only properly credentialed IMSA Drivers are permitted to drive (but may drive any Car for which they are licensed). Where connected to or occurring at an Event, only entered Drivers are permitted to drive a Car.
- 28.3.3. From the time of the start of a Session until concluded, only a registered Driver, properly attired, helmeted and belted, is permitted to drive the Car to and from the pit lane.
- 28.3.4. Cars must be in compliance with all RULES, except as may be specified by IMSA, and may be checked at any time.
- 28.3.5. Cars must display proper matching competition numbers on each side of the Car to the IMSA requirements of Att. 5 and/or to the satisfaction of Timing & Scoring.
- 28.3.6. Functioning IMSA-specified transponder(s) required.
- 28.3.7. Timing & Scoring information is typically distributed via online live timing and by post-Session distribution of summary time-sheets unless otherwise stated in the SR.
- 28.3.8. Timing & Scoring information shall typically show only Team names, not specific Drivers, except at specific Tests where specified by IMSA (such as the ROAR).
- 28.3.9. Timing & Scoring and/or Race Control shall give the instructions for Session start-stop and the release of Cars from the pit lane.
- 28.3.10. Pit Lane Speed Limit violations are given as Warnings (with corresponding information) and may increase to penalties if speed excess is over +5KPH.
- 28.3.11. Any lap times, Driver participation, speeds, percentages and/or night laps are invalid for the purposes of achieving such requirements as may be specified in the RULES for Official Sessions and/or Events.
- 28.3.12. Crew working “over the wall” must be properly attired.
- 28.3.13. Refueling must only use bottles. Use of the autonomous rig is prohibited except at specific Tests where specified by IMSA (such as the ROAR). Crew must be properly attired for fueling.
- 28.3.14. The number of Crew “over the wall” and working on the Car is not restricted except at specific Tests where specified by IMSA (such as the ROAR).
- 28.3.15. On-track incidents or inappropriate actions may be penalized.

28.4. (SSR) PRIVATE TESTING:

28.5. (SSR) Eligibility (All Types of Testing):

- 28.5.1. (SSR) Independent Testing by any IMSA Member participating in the WeatherTech Championship without IMSA's prior knowledge and approval is prohibited (Entrant, Team, Manufacturer, Constructor and/or Tire Partner). This includes all forms of Testing, whether on-track or off, and must only be undertaken by a Team possessing a current IMSA Entrant Membership / License.
- 28.5.2. (SSR) For any “new” Premium or Standard Entry (“new” means not entered in any 2018 and/or 2019 WeatherTech Championship Event) these regulations apply from the first of:
 - A. (SSR) Submission date to IMSA of Entry Forms for their first WeatherTech Championship Race or Sanctioned Test (Event) including retroactively, the prohibition on Testing during the fourteen (14) days per Art. 28.7.2.A.).

28.6. (SSR) Limitations (On-Track and Off-Track):

- 28.6.1. (SSR) Testing must be conducted on the IMSA approved series- / manufacturer-specific tire(s).
- 28.6.2. (SSR) Regulations are in effect for the full Calendar Year (January 1st to December 31st inclusive) and remain in effect after the date of a Team's last WeatherTech Championship Race (in the same calendar year).
- 28.6.3. (SSR) IMSA may waive limitations and provisions of the Testing Regulations in extraordinary circumstances when in the best interest of the sport.
- 28.6.4. **(SSR) Off-Track Testing for GTD:** Wind Tunnel and/or Straightline Testing are prohibited. All other Off-Track Testing must be approved by IMSA.

28.7. (SSR) Blackout Periods (On-Track):

- 28.7.1. (SSR) Blackout Periods do not include IMSA Sanctioned Tests or Race Events.
- 28.7.2. (SSR) The following are prohibited:
 - A. (SSR) Testing at an Event site during the fourteen (14) days prior to the final day (inclusive), of official on-track activity for that WeatherTech Championship Event (Race or Sanctioned Test);
 - B. (SSR) Testing more than two (2) consecutive days at the same track;
 - i. (SSR) For each Team (assigned Car number), Testing one (1) day at the same track must be separated from any additional Testing at the same track by a minimum of two (2) consecutive days unless registered in advance as a two-day Test. Testing two (2) consecutive days at the same track must be separated from any additional Testing at the same track by a minimum of four (4) consecutive days.
 - C. (SSR) Holiday periods:
Easter (April 19th - April 23rd), Memorial Day (May 25th - 29th), Independence Day (July 2nd - 6th), Labor Day (August 31st - September 4th), Thanksgiving (November 26th - 30th), Christmas Day until New Year's Day (December 23rd - January 3rd). All dates are inclusive;
 - D. (SSR) Testing is prohibited for fourteen (14) days following the day of the last Race of the season.

28.8. (SSR) Team Test Days (On-Track Allocation):

- 28.8.1. (SSR) A Team is defined as an assigned Car number.
- 28.8.2. (SSR) A Team must not Test more than this maximum number of days in a calendar year:
 - A. (SSR) DPi: Eight (8) days;
IMSA will monitor the development of currently homologated specification DPi class Cars and may re-evaluate Testing restrictions for DPi if appropriate.
 - B. (SSR) LMP2: Four (4) days;
 - C. (SSR) GTLM: Eight (8) days;
 - D. (SSR) GTD: Four (4) days.

28.8.3. (SSR) If a Team changes classes in a Calendar year, the allocation resets for that Team in the new class (once per class).

28.8.4. (SSR) Test days are not assignable or transferable.

28.9. (SSR) Assessment, On-Track Testing:

28.9.1. (SSR) One (1) Test day equals: one (1) Team (Car number), Testing with any number of Drivers for more than two (2) hours in a twenty-four (24) hour period.

28.9.2. (SSR) Should a Team, for good cause, not Test on a day previously registered with IMSA, they may notify IMSA and upon verification, the Team is re-allocated that day.

28.10. (SSR) Registration of Testing (On-Track and Off-Track):

28.10.1. (SSR) All Testing must be registered with IMSA no later than five (5) days in advance.

28.10.2. (SSR) Teams must submit a Testing Registration Form at imsacompetitors.com.

A. Approved Tests are updated and listed at imsacompetitors.com.

28.10.3. (SSR) Failure to properly register a Test with IMSA may result in penalties.

28.10.4. (SSR) Dispensation may be given to new Manufacturers entering any class upon Approval by IMSA.

28.10.5. (SSR) All Testing requests are at the sole discretion of IMSA, and may require the presence of IMSA Official(s) at Team's expense.

28.11. (SSR) Penalties

28.11.1. (SSR) Teams are responsible for tracking their allocations. Testing in excess of an allocation may result in penalties. Decisions by IMSA as to whether any provision of the Testing Regulations has been violated and the assessment of penalties is Conclusive.

28.11.2. (SSR) Penalties may include a loss of Test days, Championship points, ineligibility of the Car or Team to participate in Competition, and/or other penalties.

28.12. (SSR) Promoter Tests

28.12.1. (SSR) Promoter Test days as part of an Event (where permitted in the SR) are not counted against a Team's allotment where permitted for Competitors.

28.12.2. (SSR) Promoter Test days must take place within the two (2) days prior to the first Official Session. Any earlier days are not considered part of the Official Schedule for the Event.

28.12.3. (SSR) Promoter Test days are available only to Entrants and Cars participating in the corresponding Event and Cars must use only the approved tires for the corresponding Event.

28.13. (SSR) Tire Manufacturer Tests

28.13.1. (SSR) IMSA may permit Tire Manufacturer Tests and these day(s) shall not count against a Team's (Car #) allocation. All other limitations and blackout periods may apply.

28.14. (SSR) Evaluations & Special Events

28.14.1. (SSR) Evaluation days:

A. (SSR) Replacement of an injured driver or extraordinary cause by a Team: IMSA may permit a Team one (1) evaluation day and is subject to IMSA approval.

B. (SSR) A Driver must not undertake more than three (3) evaluation days in a season.

28.14.2. (SSR) Commercial and Sponsor special events:

- A. (SSR) With prior registration and with written approval from IMSA, Cars may be run for commercial, sponsor, public relations occasions without Test days charged. IMSA reserves the right to require an IMSA designated observer at Team's expense.

28.15. (SSR) Mandatory Tests

- 28.15.1. (SSR) Certain Tests as specified by IMSA may be mandatory and if so, participation requirements are compulsory.

ARTICLE 29 – OFFICIAL SESSIONS & REQUIREMENTS

29. OFFICIAL SESSIONS & REQUIREMENTS

- 29.1.** Only Cars and Drivers having cleared registration, Sporting Checks, Safety Checks and Scrutineering are permitted to take part in the Official Sessions (except as may be permitted where Safety Checks and/or Scrutineering is ongoing after the start of the Official Sessions).
- 29.2. False Grid:** used to organize Cars prior to a Session unless otherwise specified by the Race Director. Unless otherwise listed in the SR, the false grid for a Session opens at the start time of the preceding Session.
 - 29.2.1. (SSR) Except during qualifying, on release to the pit lane from the false grid, Cars may line up at the pit exit at the direction of the Officials or may proceed to their Pit Box where permitted. Cars electing to go to their Pit Box must remain there until released on the instructions of Race Control. During qualifying, Cars must only proceed to and return to their Pit Box.
- 29.3.** Pit to Car to pit radio communication is required. A Crew member must be in the Car's Pit Box and in communication with the Car at all times that the Car is in the pit lane or on-track. Competitor is responsible for the correct conduct of Car, regardless of communications function.
- 29.4.** From the time of the start of a Session until concluded, only a registered Driver, properly helmeted, attired and belted, is permitted to drive the Car to and from the pit lane.
- 29.5.** Officials shall have free access into the Competitor's pit and Paddock space at all times.
- 29.6.** During Official Sessions, access to the pit lane is exclusively reserved for those persons having specific responsibilities in the pit lane area. Only properly credentialed individuals are permitted in the pit lane area.
- 29.7.** The Race Director/Clerk of the Course may interrupt a Session.
- 29.8.** The Officials are not obliged to extend a Session after an interruption.
- 29.9.** Interruption of Sessions is Conclusive concerning any possible effects on the qualification of Drivers and/or Cars.
- 29.10.**(SSR) For a Session stoppage (except for qualifying), Cars may line up at the pit exit or may proceed to their Pit Box. Cars electing to go to their Pit Box must remain there until released on the instructions of Race Control.
- 29.11.Hardship laps:** prohibited unless IMSA directs a Competitor to undertake a change in the Car that must be tested or at the exclusive discretion of IMSA.

ARTICLE 30 – ON-TRACK PROTOCOL & CONDUCT

30. ON-TRACK PROTOCOL & CONDUCT

30.1. ON-TRACK PROTOCOL:

- 30.1.1. Drivers must only use the racetrack. The racetrack is defined on both sides by painted verge lines and/or the edge of the paved surface. A Car not on the racetrack must reenter safely, gain no advantage and must not interfere with a Car properly on-track.
- 30.1.2. It is prohibited to drive a Car in the opposite direction of the Race except to remove it from a dangerous position under the instructions of the marshals or IMSA Officials.
- 30.1.3. During any Session or the Race, should a Car stop on the racetrack, it may be removed by the marshals or responders, as authorized by Race Control, so that its presence does not constitute a danger or hinder the continuance of the Session or the Race.
- 30.1.4. If a Driver is unable to drive the Car out of a dangerous position, the marshals may give assistance at the direction of Race Control.
- 30.1.5. It is prohibited to perform work on a Car within the first line of protection on the racetrack. It is prohibited to refuel the Car. Marshals or other Officials may push or tow a disabled Car under the direction of Race Control to a safe location without penalty. It is prohibited for a Driver to push their Car. Only if and when Race Control determines that a Car is in a safe location are the Driver and/or Crew permitted to work on it.
- 30.1.6. Physical assistance, or pushing between Cars is prohibited, and may be penalized.
- 30.1.7. At all times during Sessions, and as soon as the grid is cleared (Art. 44.2) until all Cars have proceeded to Impound after the finish of the Race, only marshals, safety responders, Officials on duty and Drivers participating in the Race are permitted on the racetrack.

30.2. DRIVER CONDUCT

- 30.3. **PASSING.** It is the responsibility of both the overtaking Driver and the Driver being overtaken to assure safe overtaking. Where two Cars are reasonably alongside each other, each must permit the other racing room. A Car traveling alone may use the full width of the racetrack. Overtaking may be either right or left depending on prevailing conditions.
- 30.4. **BLOCKING.** Any Driver who, in the sole opinion of the Race Director, moves in reaction, altering their line based on the actions of pursuing Competitors, may be warned or penalized pursuant to Art. 57 of the RULES, and such decision is Conclusive.
- 30.5. **INCIDENTS.** Any Driver who, in the sole opinion of the Race Director, is responsible for: an incident where a Car spins, or goes off-track, or suffers a flat tire or other mechanical difficulty resulting from the incident and requiring it to pit directly for repairs, or an incident of contact resulting in a change of position, may be warned or penalized pursuant to Art. 57 of the RULES, and such decision is Conclusive.
- 30.6. **UNJUSTIFIABLE RISK.** Any Competitor who, in the sole opinion of the Race Director, engages in any behavior deemed to represent an unjustifiable risk or reckless endangerment may be warned or penalized pursuant to Art. 57 of the RULES, and such decision is Conclusive.
- 30.7. **STOPPING.**
 - 30.7.1. **Disabled Cars.** During an Event, if a Car is involved in an incident and/or is stopped on or near the racing surface and unable to continue to make forward progress, unless extenuating emergency conditions exist with the Car (i.e. fire, smoke in cockpit, etc.), the Driver should take the following steps as a FCY is declared:

- A. Communicate the condition of the Driver and Car to Officials where possible;
- B. Shut off electrical power;
- C. Do not loosen, disconnect or remove any Driver personal safety equipment until directed to do so by Officials;
- D. After being directed to exit the Car, Driver must proceed as directed by Officials;
- E. A Driver must not approach any portion of the racing surface;
- F. A Driver must not approach another moving Car.

30.7.2. **Driver Egress** A Driver exiting a Car stopped in a location away from the racing surface should first communicate the condition of the Driver and Car to Officials where possible, shut off electrical power, and only move directly to a protected location behind a wall, other barrier, or as directed, and must not approach the racing surface or other moving Cars.

30.8. Officiating of Conduct. IMSA relies on the official resources available to Race Control for officiating purposes. Private or third-party video, anecdotal observation or public statement is inadmissible evidence unless specifically requested by IMSA.

ARTICLE 31 – DRIVER DISCIPLINE

31. DRIVER DISCIPLINE

- 31.1. Driver.** During the Race, should the Driver move more than ten (10) meters away from the Car (in the sole judgment of IMSA Officials), the Car may be considered retired from the Race, at the discretion of the Race Director.
- 31.2.** During the Race, only marshals and responders as authorized by Race Control are permitted to come within ten (10) meters of a Car and/or Driver (in the sole judgment of IMSA Officials) except Crew members when authorized by Race Control to work on a Car that has been removed to a safe location.
- 31.3.** During the Race, apart from the areas in the Pit Box, in the Paddock, behind the wall or on the starting grid, repairs must be carried out by the Driver alone with the tools and parts carried on board the Car, except when Crew members are authorized by Race Control to work on a Car that has been removed to a safe location.
- 31.4.** Except as specifically authorized in these RULES, only the Driver is permitted to touch a Car which has stopped unless it is in its Pit Box, in the Paddock, behind the wall, or on the starting grid, or except when Crew members are authorized by Race Control to work on a Car that has been removed to a safe location.
- 31.5.** IMSA is dedicated to the highest standards of safety and conduct and all Members must conduct themselves accordingly. Unsafe or inappropriate conduct or driving in the Paddock deemed dangerous, erratic and/or of inappropriately excessive speed for the circumstances or established limits is prohibited and subject to penalty.

ARTICLE 32 – PIT ENTRY / EXIT & SPEED LIMIT

32. PIT ENTRY / EXIT & SPEED LIMIT

- 32.1.** Access to the racetrack from the pits must be made through the designated pit exit and access to the pits from the racetrack must be made through the designated pit entrance.

- 32.2.** The deceleration zone before pit entrance and acceleration zone at pit exit are not considered part of the pits, and working on Cars in these areas is prohibited.
- 32.3. Pit Lane Speed Limit.** The speed limit in the pit lane is 60 kilometers/hour. The start and end of the pit lane speed limit (PLSL) is indicated by marked pylons and/or speed limit board(s) at the appropriate locations, or as otherwise announced by the Race Director. Repeat infractions or higher speeds may result in greater or cumulative penalties at the discretion of the Race Director.
- 32.4. Pit Lane Exit Light.** A red light (or flag) operated by an Official controls the pit exit. Failure to stop for the signal is subject to penalty.

ARTICLE 33 – PIT LANE PROTOCOL

33. PIT LANE PROTOCOL

- 33.1. Identification.** The Team Representative must make themselves known to the IMSA Officials in the pit lane as the principal spokesperson for the Team on officiating matters and must wear identification when provided by IMSA.
- 33.2. Responsibility.** Each Entrant is responsible for anyone in their pit, whether members of their Team or not.
- 33.2.1. Competitors must not enter another Team's pit(s) without their approval.
- 33.2.2. Minors under the age of 16 are prohibited in a Team's pit box unless a licensed IMSA Driver.
- 33.3. PIT LANE GENERAL:**
- 33.3.1. The pit wall is a physical barrier such as concrete or other material delimiting the working Pit Box from the Team's pit area or may be defined as a line as determined by IMSA Officials.
- 33.3.2. The cold plane of the pit wall is defined as the inner plane of the pit wall.
- A. The working Pit Box is on the "hot" side of the pit wall. The Team's pit area for timing equipment, etc. is on the "cold" side of the pit wall.
- 33.3.3. Except when work is performed on the Car, all personnel must remain behind (cold side) the pit wall.
- 33.3.4. During all Sessions, Team members and their equipment and spares are prohibited in the pit lane working area (Pit Boxes) unless their Car is stopped in its Pit Box. Equipment or tools must not be rested on the pit wall. Sitting or standing on the pit wall is prohibited.
- 33.3.5. Team members with their equipment are only permitted over the hot side of the pit wall once their Car is stopped in their Pit Box (wheel stop, Car stationary). At the conclusion of the pit stop, all personnel must promptly return behind the pit wall except to clean up spills and tools. Equipment or material must not remain in the Pit Box.
- 33.3.6. Cars must be stopped or placed properly in their own Pit Box, typically parallel to the pit wall, and not interfere with other Cars properly in their own Pit Box in the sole judgment of IMSA Officials. Positioning a Car, equipment and/or personnel so as to interfere with another Competitor properly within their Pit Box, pit area and/or designated space is prohibited.
- 33.3.7. It is prohibited to place objects which, in the sole opinion of the IMSA Officials, unfairly hinder the entry or exit of other Cars into their Pit Boxes, whether deliberately placed or not.
- 33.3.8. Lines, hoses, tools, parts, wheels, etc. must not be permitted to encroach upon, roll into, or otherwise be propelled into persons, the transition or fast pit lane, or adjacent pits.
- 33.3.9. A Car must not be driven over its own lines or fuel hose(s), tools, parts or persons.

- 33.3.10. A Car must not contact any person or be driven over hoses, fuel lines, tools or parts of other Competitors that are properly within their own Pit Box.
- 33.3.11. Whenever a Crew member is working under a Car, approved stands or safety supports must be in place under the Car.
- 33.3.12. Before leaving (wheel start, Car moving) its Pit Box, the Car must be completely free of all hoses, tools, etc.
- 33.3.13. A Car must not contact or damage the RFID readers (if in use) in the pit lane. **Penalty:** Stop plus five (5) minutes plus cost of replacement.
- 33.3.14. Where permitted, all signaling must be done from the designated signaling area. A maximum of two (2) persons per Car are permitted at the outer wall that separates pit lane from the track (Signaling Area) depending on track layout or limitations. IMSA may further limit this number. Crossing pit lane must be done under the direction and supervision of IMSA Officials and should be kept to a minimum. Just before the start of the Race, until all Cars have passed the pit lane exit on the start of the first green flag lap, only authorized Officials and marshals are permitted at the outer wall or in the Signaling Area.

33.4. PIT TRAFFIC:

- 33.4.1. Driving a Car in reverse or against traffic under its own power in pit lane is prohibited and subject to penalty. A Driver who overshoots their assigned pit but has not gone beyond the working Pit Boxes and/or Penalty Box must either complete another lap or may be pushed backwards by its Crew (respecting any limitations thereto), the Officials and/or marshals, to the assigned pit.
- 33.4.2. **Pit "Lanes"**. If the racetrack configuration permits it, the pit lane is divided into three areas: The "Working Area" of the Pit Boxes closest to the pit wall, the transition (acceleration and slowing down) lane and the fast lane farthest from the working pit wall. Once in the pit lane (as defined by the blend line or by the Race Director), Drivers must remain within the designated lanes and must not overtake using the inside transition lane. A Car not under its own power or unable to maintain the PLSL must not use the fast lane. Drivers entering their Pit Box must not directly cross from the outside fast lane and must reduce their speed in the transition lane. When leaving their Pit Box, Drivers must yield to traffic, accelerate in the transition lane and must not enter the fast lane until their speed is at or near the PLSL. Cars must not remain in the transition lane any longer than necessary at the PLSL and must enter the fast lane. Cars in the fast lane must be at or near the PLSL. Any Car within a column of Cars in the fast lane that is entirely behind a Car in the transition lane must yield to the transition lane Car to permit its merge into the fast lane (see four (4) sample graphics below). The order of the Cars at the pit exit is determined by their crossings of the pit exit PLSL loop or the determinations of IMSA Officials. The order of Cars exiting the pit lane relative to Cars on-track is determined by their relative crossings of the pit exit loop where it crosses racetrack or the determinations of IMSA Officials.

33.4.3. **Removal From Pits.** During qualifying or a Race, Cars must only be removed from the pit lane on approval of the Race Director. The Race Director may assign an Official to observe any work.

33.5. **Penalty Box/Penalties.** The penalty box is ordinarily located after the last working Pit Box towards pit exit or as announced by the Race Director and is identified by a sign. Should Race Control give a Car a penalty (Drive-Through, Stop and Go, Stop plus X, etc.):

33.5.1. Car has four (4) green flag laps maximum to serve the penalty (Art. 27.8.3);

- Car must proceed directly to the Penalty Box without stopping at its Pit Box;
- After the penalty is served, Car must rejoin the Race without stopping at its Pit Box;
- No one except IMSA Officials are permitted to approach the Car;
- Additional Drive-Through/Stop and Go penalty for any breach.

33.5.2. It is not required to shut off the engine in the Penalty Box unless the penalty includes a Stop & Restart.

ARTICLE 34 – PERSONNEL IN THE PIT LANE

34. (SSR) PERSONNEL IN THE PIT LANE

34.1. (SSR) Personnel permitted in the Pit Box working area “over the wall” when refueling is in process and/or for maintenance or repairs:

- (SSR) Four (4) persons (mechanics) including refueling, air jack, tire changes and service.

- B. (SSR) One (1) “fire bottle” attendant (must only attend the fire extinguisher bottle).
- C. (SSR) One (1) Driver Assistant (only for Driver assistance per Art. 38.2).
- D. (SSR) Not counted in the six (6) personnel permitted “over the wall” are:
- E. (SSR) One (1) separate (as required per approved Car specification) overflow device (fuel vent) operator (must only attend overflow device).
- F. (SSR) One (1) Industry Support “tire” technician (only perform checks).
- G. (SSR) One (1) Industry Support “brake” technician (only perform checks).

34.2. (SSR) Industry Support Technicians. At anytime during a pit stop, only one (1) industry technician from each discipline, i.e. tire, brake, gearbox etc., whether they are a firm’s technician or members of the Team, are permitted to make checks exclusively.

34.3. (SSR) In the pit lane, four (4) persons maximum are permitted to push a Car belonging to their Team. Dollies and/or quick lifts are permitted to position the Car in its Pit Box.

34.4. (SSR) Any person from a Team, staying on the working area of the Pit Box is considered to be working on the Car. A Driver working on a Car is considered to be a mechanic.

34.5. (SSR) During Official Sessions not including the Race, these same requirements are in effect, except that a Team is not restricted to four (4) persons maximum servicing the Car.

34.6. (SSR) Personnel in the pit lane must be properly attired (Art. 21).

34.7. (SSR) Pit stop practice is permitted only during the times that the Car is in the Team’s pit box during scheduled Sessions for that Series. Refueling during pit stop practice is prohibited except as permitted in the regulations or SR (Night Practice, Warm Up).

ARTICLE 35 – PIT STOP SERVICE & REPAIRS

35. PIT STOP SERVICE & REPAIRS

35.1. (SSR) PIT STOPS:

35.1.1. (SSR) A Driver coming for a pit stop may, only once the Car has come to a complete stop in its Pit Box:

- A. (SSR) Unfasten the Driver safety harness and the containment net(s);
- B. (SSR) Switch off the lights (when in use);
- C. (SSR) Switch off the engine;
- D. (SSR) Open the door.

35.1.2. (SSR) Before leaving the Pit Box:

- A. (SSR) The Driver safety harness and the containment net(s) must be fastened and tightened;
- B. (SSR) The Driver must switch on the lights (if required).

35.1.3. (SSR) Overshooting the Pit Box:

- A. (SSR) The Car must only be moved back to its Pit Box by the four (4) persons maximum or Officials. Use of reverse gear prohibited and subject to penalty.

- B. (SSR) If a Car driving through pit lane or leaving its Pit Box has broken down before the limit of the pit lane, it must be pushed back to its pit, or "behind the wall" by Officials or the four (4) persons maximum, prior to any work performed.

35.1.4. (SSR) A Car may be driven through pit lane without stopping.

35.2. (SSR) SERVICE & REPAIRS

35.3. (SSR) Tools

35.3.1. (SSR) Once the Car is in the pit lane prior to stopping, a pole-mounted signal may be extended over the pit wall to stop the Car. Equipment or tools may be rested on the pit wall as long as they are in the hands of a Crew member.

35.3.2. (SSR) Tools acting on the Car or Driver operated from behind the pit wall are prohibited.

35.3.3. (SSR) Electronic tools, devices or other equipment that may generate sparks are prohibited in the Pit Box during refueling.

35.4. (SSR) Four (4) Persons Maximum are Permitted to Intervene:

35.4.1. (SSR) During a pit stop, after the Car is at a standstill;

- A. (SSR) To make all materials (tires, tools, etc.) ready for use in the Pit Box;
- B. (SSR) To raise the Car and change the tires;
- C. (SSR) To clean the windscreen, two (2) main headlights, rear lights, mirrors and/or cameras;
- D. (SSR) To connect the downloading cable;
- E. (SSR) To change the memory card of the IMSA data logger;
- F. (SSR) To carry out maintenance operations, topping-up liquids, repairs or any other operation whatsoever.

35.5. (SSR) Team members may carry out work on any Car(s) entered by the same Entrant, provided they abide by the four (4) persons maximum.

35.6. (SSR) For checks or maintenance in the pit lane during a Race, an external source of energy may be used to start the engine. When such operations are concluded, the engine must be started only on its onboard battery and starter system by the Driver alone, sitting behind the steering wheel, with no outside assistance. Pushing the Car, "Push starting", jump batteries, etc. are prohibited when a Car leaves the starting grid or Pit Box unless approved by IMSA Officials in case of mechanical failure. Penalty: "Stop and Restart" (engine switched off and started again by Driver alone).

35.7. During the Race, apart from the areas in the Pit Box, in the Paddock, behind the wall or on the starting grid, repairs must be carried out by the Driver alone with the tools and parts carried on board the Car, except when Crew members are authorized by Race Control to work on a Car that has been removed to a safe location.

35.8. Behind the Wall. A Car entering the pit lane or already in its Pit Box with the intention of "going behind the wall", must first request permission from IMSA Officials (not via IM). On receiving permission, a Car entering the pits may proceed directly there. In either case, it may be pushed by the maximum four (4) persons. The Car may be assisted in the pit lane with a jack or dollies.

- 35.8.1. (SSR) When a Competitor is granted permission to work “behind the wall” they must only do so only in their Paddock space or in a location approved by the Race Director. The maximum four (4) persons permitted to carry out work on a Car does not apply when the Car is “behind the wall”.
- 35.8.2. (SSR) Cars undertaking lengthy repairs in their Pit Box may be asked to go “behind the wall” to avoid interfering with other Competitors. Typically, work requiring more than ten (10) minutes should be undertaken “behind the wall”.
- 35.8.3. (SSR) A Car may rejoin the Race directly from “behind the wall” without stopping in its Pit Box. If rejoining from behind the wall under a FCY period while the pits are closed or closed to that class, a Car must only receive “Emergency Service” (Art. 46.3.1.A) prior to rejoining on-track and must then comply with the requirements of the FCY and the Emergency Service obligation (drive-through). The pits are not considered “open” for such Car(s) until the first of the same class of Cars behind the Safety Car has stopped in its pit box.

ARTICLE 36 – WHEEL/ TIRE CHANGES

36. WHEEL/TIRE CHANGES:

- 36.1.1. (SSR) Are only permitted:
 - A. (SSR) On the starting grid until the “5-minute” notification. Tires must not be removed from Cars on the grid except if actively changing from or to Wet tires, or as approved by IMSA. Additional tires and/or tire changing equipment must not be on the grid except if actively changing from or to Wet tires, or as approved by IMSA;
 - B. (SSR) In the assigned Pit Box: by the four (4) persons maximum, with no more than two (2) pneumatic devices (wheel guns) or two (2) torque wrenches over the cold plane of the pit wall at any one time;
 - C. (SSR) In the Paddock, “behind the wall”;
 - D. (SSR) After taking the start, only if the Car has been removed to a safe location.
- 36.1.2. (SSR) Wheelspin is prohibited while the Car is raised.
- 36.2. (SSR) Special equipment designed to: make the wheel change faster; to heat and/or maintain the temperature of the tires in the Pit Box, in the Paddock and/or on the starting grid is prohibited.

ARTICLE 37 – REFUELING

37. REFUELING

37.1. (SSR) Refueling Equipment:

- 37.1.1. (SSR) **Tank.** One (1) autonomous supply tank, per the Technical Regulations, must be used per Car.
 - A. (SSR) The fuel tank assembly, including the automatic self-closing ball valve (Cutoff or Deadman) must not extend beyond the cold (inner) plane of the pit wall.
 - B. (SSR) The vessel must display an IMSA-specified Car number panel (Att. 5) facing the hot pit lane.
 - C. (SSR) It is prohibited to refuel with, store fuel in, and/or add fuel to the autonomous tank except when permitted in the pit lane.

- D. (SSR) Refueling with, storing fuel in, and/or adding fuel to, the autonomous tank is prohibited in the Paddock.

37.1.2. **(SSR) Boom.** A member (boom) for supporting the refueling lines may be part of the autonomous tank, however:

- A. (SSR) Boom must not exceed four (4) meters (13' 1.5") in length and all structures or fixtures, including any refueling hoses and wires, extending over pit lane (when permitted) must be at minimum two (2) meters (6' 7") above the racetrack surface;
- B. (SSR) Boom must only support the hose for a Car utilizing an approved offside vent or fuel filler, lighting for the illumination of the pit stop and the download cable (air hoses prohibited);
- C. (SSR) The boom must display IMSA-specified Car number panels (Att. 5), visible from either direction. Number panel must be a minimum of twelve inches (12") on its longest side.

37.1.3. **(SSR) Ground.** All metal parts of the refueling installation, from the coupling to the main supply tank and its tower, must always also be connected to ground (earth).

- A. (SSR) It is recommended to connect the Car electrically to ground (earth) before the connection of the fuel tank filler and/or vent and throughout refueling.

37.2. (SSR) Fuel Storage & Transfer. Apart from the autonomous supply tank, fuel in excess of two (2) drums (54 gallons each) must not be stored in the pits or the Paddock. Fuel transfer must only be performed using an IMSA approved manual or air powered fuel pump. An attendant manning a fire extinguisher must always be in attendance during the transfer of fuel. Crew must be properly attired per Art .21.

37.2.1. (SSR) Refueling and/or fuel transfer in permanent garage structures is prohibited. Refueling or fuel transfer must be done in the Competitor's Paddock space and attended by a dedicated individual manning a fire extinguisher. Crew must be properly attired per Art .21.

37.3. (SSR) In Sessions.

37.3.1. **(SSR) Practice.** During practice Sessions, refueling is only permitted by means of an approved un-pressurized container not exceeding 25 liters (6.5 gallons) capacity, vented to atmosphere and with a leak-proof coupling connecting it to the Car except as may be specified in the SR. Personnel must be properly attired (Art. 21).

- A. (SSR) For Cars with an approved offside overflow device, the overflow device operator may cross over the pit wall and take up position on the outside of the Pit Box prior to the Car stopping in its Pit Box. The overflow device operator must not engage the overflow device until the Car has come to a complete stop in its Pit Box.

37.3.2. **(SSR) Night Practice and Warm-Up.** During night practice (as listed on the Schedule/SR) or warm up, refueling is only permitted by means of the autonomous fuel rig or approved un-pressurized container not exceeding 25 liters (6.5 gallons) capacity, vented to atmosphere and with a leak-proof coupling connecting it to the Car. All personnel must be properly attired (Art. 21).

- A. (SSR) For Cars with an approved offside overflow device, the overflow device operator may cross over the pit wall and take up position on the outside of the Pit Box prior to the Car stopping in its Pit Box. The overflow device operator must not touch the overflow device until the Car has come to a complete stop in its Pit Box.
- B. (SSR) The autonomous rig must be emptied of fuel following a night practice.

37.3.3. (SSR) Cars not on the starting grid must not be refueled from the close of the pit exit for the reconnaissance lap(s) until the five (5) minute notification.

37.4. (SSR) In Race.

37.4.1. (SSR) Fueling in the pit lane during a Race must only be done using the IMSA approved autonomous tank specific to that Car.

37.4.2. (SSR) For Cars with an approved offside overflow device, the overflow device operator may cross over the pit wall and take up position on the outside of the Pit Box prior to the Car stopping in its Pit Box. The overflow device operator must not touch the overflow device until the Car has come to a complete stop in its Pit Box.

37.4.3. (SSR) For Cars with an approved offside refueling point, the refueler may cross over the pit wall and take up position on the outside of the Pit Box prior to the Car stopping in its Pit Box. The refueler must not touch the refueling probe until the Car has come to a complete stop in its Pit Box.

37.4.4. (SSR) Throughout the Race, it is prohibited to refuel the Car by means other than gravity.

37.4.5. (SSR) The autonomous fuel rig must remain at atmospheric pressure and ambient temperature.

37.4.6. (SSR) It is prohibited to top up the autonomous tank until the refueling rig inspection is concluded or at anytime the Car is in the Pit Box as below.

A. (SSR) Hose(s) attached to the autonomous tank must be clearly visible. All attached hoses must not be covered by any autonomous fuel tank shrouding.

37.4.7. (SSR) N/A

37.4.8. (SSR) Refueling is permitted at any time during the pit stop. The engine may be running and the Car may be raised on its airjacks. Working under the Car during refueling and/or refueling with the Car above or on stands, dollies or quick lifts is prohibited.

37.4.9. (SSR) Supplying the Car with fuel during the Race is prohibited when not in the Pit Box.

37.4.10. (SSR) Throughout refueling, Competitor must ensure that:

A. (SSR) One (1) attendant holding a fire extinguisher that is ready for use, with the pin removed, is over the wall and beside the Car;

B. (SSR) One (1) attendant is operating the automatic self-closing ball valve (Cutoff/Deadman) on the outlet of the autonomous tank and that the valve is functional. The self-closing valve must not be fitted with any device permitting or forcing it to stay in the open position.

C. (SSR) Data download permitted.

37.4.11. (SSR) Minimum Refueling and Refueling Time Calculation.

A. (SSR) An Entrant must not demonstrate a full refueling time below the minimum full fill time listed in the class-specific BoP table and as verified by a single Minimum Refueling Time Audit ([Art. 37.6](#)).

B. (SSR) Any quantity of fuel up to the Maximum capacity as specified in the BoP table may be added during a pit stop in the Race.

- C. (SSR) The Minimum Refueling Time is calculated using IMSA sensors and the following formula:

$$\text{Calculated Full Fill time} = \frac{\text{BoP Capacity} \times \text{Transfer Time}}{\text{Volume Transferred}}$$

- D. (SSR) In the case of a fill less than 100% of the BoP Capacity, the Minimum Refueling Time shall be extrapolated using the refueling data measured during the applicable pit stop.
- E. (SSR) Calculated Full Fill time must not be less than as published in the BoP table.
- F. (SSR) The Calculated Full Fill time does not include vented fuel.

37.5. (SSR) Fuel Consumption Reporting. Competitors must be prepared to report their fuel consumption to IMSA and be prepared to install IMSA specified measuring equipment and report the results.

37.5.1. (SSR) Autonomous Fuel Supply Tank Monitoring. Each Car must purchase and fit a fuel tank monitoring system. Installation requirements and information are found in the Technical Regulations for each class.

- A. (SSR) Failure to adhere to the autonomous fuel supply tank monitoring system requirements is prohibited. Any malfunction must be repaired immediately upon discovery, prior to the Car resuming competition and with notification to IMSA Officials. Noncompliance may result in the following **Minimum Penalties**:
- i. Stop plus five (5) minutes.
 - ii. Un-served Penalties from Practice carry over to the following Practice/Warm-Up session.
 - iii. A Penalty assessed during qualifying may result in qualifying times disallowed.
 - iv. An un-served Race Penalty or a Penalty assessed after the Race is added to the Car's Race finishing time and may include a lap count penalty.

37.6. (SSR) Minimum Refueling Time Audit.

37.6.1. (SSR) An Entrant must not demonstrate a refueling time faster than the minimum full fill time listed in the class-specific BoP table and as verified by a single Minimum Refueling Time Audit.

37.6.2. (SSR) Requirements and process of the Minimum Refueling Time Audit:

- A. (SSR) Maximum fuel capacity and the Car must comply with the Technical Regulations and applicable BoP Table.
- B. (SSR) The Car must comply with the minimum allowable refueling time listed in the class specific BoP table.
- C. (SSR) Autonomous supply tank and associated fittings, volume, height and peripherals, including supply hose, must comply with the Technical Regulations.
- D. (SSR) IMSA seals on the autonomous supply tank, fittings, fasteners, and associated equipment, must be intact.
- E. (SSR) Fuel level in autonomous fuel supply tank must be full and verified by the designated IMSA Official(s).

- F. (SSR) Vehicle must be empty of fuel, engine off, off the air jacks, and on the ground, on its wheels and tires as raced.
- G. (SSR) All fuel pumps must be operational and running when directed by the IMSA Official.
- H. (SSR) During fuel delivery operations, the deadman ball valve must be in the position such that the throat of the ball is aligned axially with the outlet of the deadman valve body.
- I. (SSR) Autonomous fuel supply tank vent must remain unrestricted.
- J. (SSR) The fuel and vent probes must remain fully engaged throughout the fuel delivery operation.
- K. (SSR) A minimum of two (2) liters of fuel must flow into the vent line, or until directed to disengage by the designated IMSA Official.
- L. (SSR) Fuel in the vent line following the fill operation must immediately be returned to the autonomous tank under the supervision of the assigned IMSA Official.
- M. (SSR) IMSA measurement of the audit time is measured with the IMSA mandated autonomous supply tank level sensor.
 - i. (SSR) The vented quantity of fuel, once returned to the autonomous tank, is offset from the time and volume calculations.
- N. (SSR) The Audit Full Refueling Time is calculated from the IMSA autonomous tank level sensor data by the following formula:

$$\text{Audit Full Refueling Time} = \frac{\text{BoP Capacity} \times (\text{Transfer Time} - \text{Vent Time})}{\text{Volume Transferred} - \text{Vent Volume}}$$

- O. (SSR) It is the responsibility of the Entrant to comply with the minimum allowable class specific refueling time or may be subject to the minimum penalties as established in Art. 12.20.2 and Att. 2.
- P. (SSR) Per Att. 2, Par. 2.9, decisions of IMSA regarding BoP are Conclusive and not subject to protest or appeal.

37.7. (SSR) Fuel Capacity Audit Procedure.

- 37.7.1. (SSR) Entrant must demonstrate a fuel capacity equivalent to or less than defined in the BoP table. Fuel capacity may be checked in tandem with the minimum refueling time audit as defined in Art. 37.6.
 - A. (SSR) Car must be filled to capacity by fuel delivered from the Teams' autonomous fuel supply tank with a complete and visible vent.
 - B. (SSR) Once it has been determined by a designated IMSA official that the Car is full, main power to Car must be switched on, with all fuel pumps activated, to remove fuel from the Car.
 - C. (SSR) Fuel may be pumped out of the Car via the engine side dry-break into measurement container(s) and recorded.
 - i. (SSR) This process continues until the Car fuel pumps are ineffective in removing the remaining fuel inside the fuel cell.
 - D. (SSR) The Team must have available all necessary means for the removal of as much fuel as possible via the in-tank fuel pumps.

- E. (SSR) A visual inspection may be performed by IMSA officials to ensure the fuel cell and fuel collector are empty.
- F. (SSR) Remaining fuel not evacuated from the Car via the in-tank fuel pumps may be removed by other means (syringe, vacuum device, etc.) and added to the total.
- G. (SSR) Total fuel removed from the Car is calculated to determine fuel capacity.

37.8. (SSR) Leakage/Excessive Fuel Spill: Prohibited.

37.9. (SSR) Throughout refueling, personnel in the pit lane must be properly attired (Art. 21). Gloves may be removed when not refueling.

ARTICLE 38 – DRIVER CHANGES IN RACE

38. DRIVER CHANGES IN RACE

38.1. (SSR) Driver changes within the nominated Driver combination for a Car are permitted only when the Car is stopped at its Pit Box or in its Paddock.

38.2. (SSR) Driver Assistant. During a pit stop, one (1) person (may be the Driver leaving the Car) is permitted only to give the Driver assistance (such as drink bottle, cool suit, radio, ID plug, helmet hose, fasten/tighten the safety harness), to change the data card, and to close the door(s), regardless of Driver change or not. Any one (1) of the four (4) persons maximum may otherwise perform this function. The Driver Assistant is not required to wear gloves. Any equipment designed to aid driver ingress or egress is prohibited.

ARTICLE 39 – QUALIFICATIONS & STARTING POSITIONS

39. QUALIFICATIONS & STARTING POSITIONS

39.1. Cars are placed in the starting lineup in order of their lap times with the fastest to the front of the field.

39.2. IMSA may require that Cars and/or Drivers achieve a minimum qualifying time in order to be eligible to start a Race. IMSA may restrict the number of starters if a Race is oversubscribed.

39.3. A Car must be qualified by a Driver nominated to drive that Car.

39.4. If two (2) Cars achieve the same qualifying time, the Car that sets the time earliest in their qualifying Session is gridded first.

ARTICLE 40 – OFFICIAL QUALIFYING

40. OFFICIAL QUALIFYING

40.1. (SSR) Dry or Wet Tire Usage

40.1.1. (SSR) Only one (1) set of Dry tires OR one (1) set of Wet tires must be used per Car in the official qualifying Session as below. All qualifying laps must be completed on a single Tire Set. Only the Dry tires used for qualifying shall be identified by recording the RFID or, with no RFID system in use, must be presented at the specified time and location to be marked by IMSA as qualifying tires. Unless declared by the Race Director, Competitors must use only the Dry tires.

- 40.1.2. (SSR) If the Race Director declares that racetrack conditions require the use of Wet tires, all Competitors must use only Wet tires. Should the Race Director declare a Wet Session the provisions of Art. 40.1.4 are void. Such requirement of Wet tires, or not, by the Race Director is Conclusive.
- 40.1.3. (SSR) If the Race Director declares that racetrack conditions warrant flexibility in tire type selection, Competitors may select the marked or RFID Dry OR the Wet tires. Cars with faster qualifying times are gridded ahead of slower Cars in their own class, regardless of tire type used. Such declaration, or not, by the Race Director is Conclusive.
- 40.1.4. (SSR) The Car must be presented on the false grid and start the Race on the four (4) RFID or marked qualifying tires (or Wet tires) or its assigned grid position is forfeit and the Car moved to the back of the grid in its class (Art. 43.4).
- A. (SSR) In case of damage, and only with advance approval from the Sr. Director, Technical Regulations & Compliance (in consultation with the Tire Manufacturer), a Car may be permitted to start on three (3) of the four (4) marked qualifying tires (Art. 40.1.1) and retain its grid position. The replacement tire must be from the Car's allocation and the same compound as the tire being replaced. Requests to replace one (1) damaged tire must be submitted through TIMS (Art. 13.2). Any decision by the Sr. Director, Technical Regulations & Compliance regarding tire damage is Conclusive.
- B. (SSR) Changes to more than one (1) marked tire must be submitted through TIMS (Art. 13.2) and requires the Car to go to the back of the starting grid in its class (Art. 43.4).

40.2. (SSR) Qualifying Segments

- 40.2.1. (SSR) Qualifying is "Guaranteed Minimum Green Flag Time" (GMGFT). In most circumstances, this means that every reasonable effort is made to provide a minimum cumulative green flag running time for each segment. The GMGFT for each qualifying segment is ten (10) minutes.
- 40.2.2. (SSR) For a Session stoppage during qualifying, Cars must not line up at the pit exit and go only to their pit box at the start of the Session or for any Session stoppage until the green flag is again displayed or the Session is concluded.
- 40.2.3. (SSR) Only one (1) Driver is permitted to drive the Car during qualifying. The Driver who drives the Car during qualifying must start that Car in the Race.
- A. (SSR) LMP2/GTD. Must be a Silver or Bronze rated Driver.
- B. (SSR) LMP2/GTD. Non-Silver/Bronze starting Driver. **Penalty:** Stop plus five (5) minutes.
- 40.2.4. (SSR) MOTUL Pole Award (DPi, LMP2 and GTD classes) information per Att. 7.
- 40.2.5. (SSR) Any Driver involved in an incident or a concurrent incident that initiates a red flag stoppage may be penalized by deletion of their two (2) fastest timed laps of that Session and may be prohibited from further participation. Any Driver involved in an incident or concurrent incident resulting in abandonment of qualifying may be placed at the back of the starting grid in their Car's class.
- 40.2.6. (SSR) Should a qualifying segment be interrupted, the green flag clock is also stopped. The green flag clock restarts at the time that qualifying segment is restarted and shall continue until the scheduled time for the segment has elapsed, the GMGFT has elapsed, or until prevailing circumstances prevent continuation in the sole judgment of the Race Director.

- 40.2.7. (SSR) In any circumstance, should less than the GMGFT have been available during any segment, the grid order for that segment is established by “other means” (Art. 40.2.11). The grid order for any class that achieved the GMGFT is set in the order of the fastest times achieved during that segment.
- 40.2.8. (SSR) The time period for qualifying on the Official Schedule includes a time gap between each segment. The Race Director may use part of that time gap to attempt to complete the GMGFT but in any case, at least one (1) minute shall separate each segment from the next. The decision to use or not use the time gap is Conclusive.
- 40.2.9. (SSR) Touching the Car is prohibited once it has left its Pit Box during a qualifying Session until instructed by IMSA Officials at Impound or when released to Paddock. The Driver must remain in the Car until the Car arrives in Impound. A Competitor may request permission from Race Control to clear debris from the radiator inlet screen(s) or to clean the inside of the windshield in inclement weather and if granted, must do so under the direct supervision of an IMSA Official. If a Car is touched after leaving the Pit Box and before so instructed at Impound or released to Paddock, all qualifying times are forfeit and the Car must cease participation in the Session.
- A. (SSR) The pole winning Driver in each class may be directed to participate in interviews and/or a pole award ceremony as directed by IMSA Officials and in such case, the Driver may be directed to exit the Car and a Crew member deliver the Car to Impound.
- 40.2.10. (SSR) If the Car does not participate in qualifying, or qualifying is abandoned, the Team Representative must nominate, within thirty (30) minutes of the end of the final qualifying class segment, the starting Driver for the Race via TIMS (Art. 13.2). Failure to submit a starting Driver as required shall cause the starting Driver to be determined alphabetically by last name.
- A. (SSR) LMP2/GTD. Must be a Silver or Bronze rated Driver.
- B. (SSR) In the event that multiple Cars in a class do not participate in qualifying, they are ordered at the back of the grid in their class in Team championship points order.
- 40.2.11. **(SSR) Other Means To Set The Grid.** Should “other means” be required to set the grid, each class shall be gridded together in the order DPi, LMP2, GTLM, GTD. Within each class, the Cars are ordered by the following priority:
- A. (SSR) The Car with the most Team championship points in that same class for the current season shall be gridded first, with other Cars following in descending order. Tiebreaker per Art. 53, then by Art. 40.2.11.B.
- B. (SSR) Should a Car not have Team championship points in that same class for the current season, the Car shall be gridded by the Car with the most Team championship points in that same class from the previous season. Already tie-broken, then Art. 40.2.11.C.
- C. (SSR) Should a Car not have Team championship points in that same class for the current or previous season, the Car shall be gridded by the Car with the most Team championship points earned in any class from the previous season. Tiebreaker by class order per Art. 40.2.11, then Art. 40.2.11.D.
- D. (SSR) Should any one or all of these individual circumstances not be applicable to a particular Car(s), the Car(s) are placed on the grid at the Race Director’s discretion.

- 40.2.12. (SSR) **Engine Change.** For any Car requiring an engine change after qualifying, the Team Representative must give written notice via TIMS (Art. 13.2) no later than two (2) hours prior to the Race start. For Races of six (6) hours or less, such Car(s) must start from the back of the starting grid in its class. **Penalty** for late notification: Drive-Through.

ARTICLE 41 – WARM UP

41. WARM UP

- 41.1. (SSR) When scheduled, the warm up takes place as listed on the Official Schedule.
- 41.2. (SSR) Refueling by means of the autonomous rig is permitted. All personnel must be properly attired (Art. 21).

ARTICLE 42 – PRE-RACE PROCEDURES / REQUIREMENTS

42. **PRE-RACE PROCEDURES / REQUIREMENTS.** Competitors must adhere to the Minute by Minute (MxM) comprising the Pre-Race procedures/requirements and the instructions of IMSA Officials.

- 42.1. **Pre-Race MxM.** All Cars must adhere to the Pre-Race times designated in the MxM. Any Car arriving at the pit entry loop after a published time may, at the discretion of the Race Director, be placed at the back of the grid and must not attempt to regain its original starting position. Running of engines during Pre-Race ceremonies is prohibited.
- 42.2. **Dispensation.** Permission for a Car significantly damaged or in mechanical distress to miss any Pre-Race activities is at the sole discretion of the Race Director, in consultation with the SDTR&C and/or Series Manager, and any work may be attended by IMSA Officials. Cars receiving such dispensation must start at the back of its class and depart the grid for the formation laps. Cars unable to depart the grid for the formation laps must start the race from the pit lane and are subject to the pit lane start penalty (Art. 44.1).

42.3. (SSR) Grid Presentation.

- 42.3.1. (SSR) Each Premium Entry Team and any IMSA Michelin Endurance Cup Team (Car number) is provided a Team branded grid sign.
- A. (SSR) Grid signs must be displayed during the Open Grid / Fan Walk.
 - B. (SSR) Grid signs are designed to be held or in “hands free” mode using the wheel stand option provided with each sign.
 - C. (SSR) Using the wheel stand option, the grid sign must be placed under the Car’s front tire farthest from the working pit wall. Wheels must be straight and the sign parallel to the wheel face.
 - D. (SSR) Teams must transport, maintain and display the grid signs for all Events.

ARTICLE 43 – RECONNAISSANCE LAPS & STARTING GRID

43. RECONNAISSANCE LAPS & STARTING GRID

- 43.1. (SSR) **Reconnaissance Lap(s):** Permitted as listed on the MxM. When scheduled:
- 43.1.1. (SSR) All Cars must complete one (1) reconnaissance lap, or must start the Race from the pit lane (Art. 44.1). IMSA announces the green flag opening of the pit exit and counts down to the pit exit closing. Driver changes, refueling, and work on the Car are permitted prior to starting their reconnaissance lap.

- 43.1.2. (SSR) When the Car re-enters the pit lane:
- A. (SSR) The Competitor may take their grid position if the grid is in the pit lane;
 - B. (SSR) The Competitor may return to their Pit Box. However, in this case, the Car must start the Race from the pit lane, including the pit lane start penalty (Art. 44.1);
 - C. (SSR) Passing the pit entry on a reconnaissance lap is prohibited if the grid is on pit lane and the Car must start from the back of the grid.
- 43.2. (SSR) Service On Grid.** Once the Car arrives on the starting grid for the Open Grid - Fan Walk, the Team may service the Car until the five (5) minute notification. Refueling is prohibited.
- 43.3. (SSR) Starting Grid Configuration.** The starting grid is drawn up in a staggered two-column formation and ordered by class in the order DPi, LMP2, GTLM, GTD in the order of the best times achieved during the qualifying Sessions and/or as per Art. 40.2.11, with a pole sitter represented in the DPi class (or GTLM at GT-only Events).
- 43.3.1. **(SSR) Absent.** If any Car(s) are absent prior to and/or on departure for the formation lap(s), the grid closes up accordingly.
- 43.4. (SSR) Back of the Grid.** Competitors required to go to the “back of the grid” are placed chronologically in the order that they elected, or were required, to go to the back of the grid, unless otherwise determined by the Race Director. Cars placed at the back of the starting grid are ordered behind all Cars in their respective class and at the discretion of the Race Director, but ordinarily on a ‘first-come, first-served’ basis.
- 43.5. (SSR) Starting Driver.** The Driver that qualifies the Car must start the Car in the Race. Requests to change starting Driver must be submitted in writing via TIMS (Art. 13.2) to the Race Director no later than thirty (30) minutes prior to the start time of the reconnaissance lap(s). If approved, the Car must start the Race from the back of the starting grid in its class. Penalty for changes after this deadline: Drive-Through. Penalty for incorrect starting Driver: Stop plus 30 seconds.
- 43.6. (SSR) Starting Tires.** Tires must be only Dry or only Wet tires as conditions warrant, at Competitor discretion. Dry Tires must be as Art. 40.1.4 (four (4) RFID or marked qualifying tires) or as per Art. 43.6.1. Wet tires permitted as conditions warrant, at competitor discretion. Fitting Wet tires shall not require the Car to go to the back of the starting grid.
- 43.6.1. (SSR) Requests to change any of the RFID or marked starting tires must be submitted in writing via TIMS (Art. 13.2) no later than thirty (30) minutes prior to the start time of the reconnaissance lap(s). **Penalty** for changes after this deadline: Drive-Through.
- 43.6.2. (SSR) Under adverse conditions, the Race Director may require all Cars to start the Race on Wet tires. If so declared, all Cars must take the start on Wet tires. Once a Car has taken the start, that Car is free to change tires. If a Car starts from the pit lane, it must cross the start line once on Wet tires, unless the overall leader has already completed one (1) lap of the Race. Such requirement of Wet tires, or not, by the Race Director is Conclusive. Upon such declaration, any Car placed at the back of the starting grid exclusively for failure to meet Art. 40.1.4 above shall be restored to its original grid position.
- 43.7. (SSR) Posting Time of the Official Starting Grid:** No later than fifteen (15) minutes prior to the start time of the reconnaissance lap(s).
- 43.7.1. **(SSR) Changes to the Official Starting Grid.** After publication, are communicated by Race Control. It is the responsibility of each Competitor to monitor such changes and to adjust their own starting position appropriately, with respect to position and/or column relative to such changes, on the departure from the starting grid and on the formation lap(s).

- 43.8.** (SSR) Any Competitor whose Car is potentially unable to start the Race shall inform the Race Director and Series Manager immediately.

ARTICLE 44 – STARTING PROCEDURE

44. STARTING PROCEDURE

44.1. (SSR) Pit Lane Start / Late Start

- 44.1.1. (SSR) Any Car unable to achieve the starting grid, or still in the pit lane after the pit exit is closed, must start from the pit lane. Penalty: Drive Through (under green flag but not required to pass the start line).
- 44.1.2. (SSR) A Car starting from the pit lane must join the Race only at the IMSA Official's instruction (obey light/flag at pit exit) after all able Cars (subject to the judgment of the Race Director) have passed the pit exit following the start of the first Race lap.
- 44.1.3. (SSR) A Car not starting the Race on time and first driven to the pit exit after one (1) or more laps have been completed after the start of the Race may join without penalty.

44.2. (SSR) Drivers Start Your Engines (countdown):

- 44.2.1. (SSR) 5-Minute Notification: Clear Grid of all personnel except Officials and required Team personnel.
- A. (SSR) All tires must be fitted and work complete.
- 44.2.2. (SSR) 1-Minute Notification: Clear Grid of all personnel except Officials.

44.3. (SSR) Formation Lap(s). During the formation lap(s), the Cars are preceded by the Safety Car and may be followed by a Track Services Intervention Vehicle.

- 44.3.1. (SSR) The Safety Car departs the starting grid and leads the formation lap(s) of the racetrack at moderate speed. Unless otherwise instructed by the Race Director, Cars initially take their assigned grid order positions in Single File behind the Safety Car.
- 44.3.2. (SSR) A Car falling back on the formation lap(s) must not regain its starting position if all other Cars have overtaken such Car.
- 44.3.3. (SSR) Prior to the Race start, a Car is only permitted to enter pit lane for “emergency service” or if disabled and must not rejoin until instructed by the IMSA Official at pit exit. In such case there is no additional emergency service obligation or penalty for pit lane start. Refueling is prohibited. Cars taking more than emergency service subject to penalty: Stop plus 60 seconds.
- 44.3.4. (SSR) On the final formation lap, at a point designated by the Race Director, the Cars must pair up into two (2) columns in their assigned grid positions to form the starting field. In exceptional conditions, the Race Director may require a single-file start.
- 44.3.5. (SSR) At the time that the Cars are directed to pair up for the start, the pole sitter must take their position on the correct side of the racetrack and each successive Car must take up their appropriate starting position, alternating each side of the racetrack to create two (2) starting columns and to fill any open grid positions left by Cars changed from the official starting grid or falling out during the formation lap(s). After the Cars have paired up, the grid positions of any Cars falling out are filled by the Car directly behind in the column, with successive Cars in the same column moving up also and the Car must no longer attempt to regain its position, and must start from the back of the entire grid.

44.3.6. (SSR) A Car unable to stay in front of an Intervention Vehicle during the formation lap(s) must return to the pits at reduced speed without overtaking or obstructing any other Car. It is then permitted to start from the pit exit according to Art. 44.1.

44.3.7. (SSR) If conditions so require, the Race Director may order the Safety Car to carry out one (or more) additional formation lap(s). Should this occur, the start of the Race (Race time) begins at the end of the originally scheduled formation lap(s).

44.3.8. (SSR) The pit exit is closed from the Race Control command to 'pair up' for Races with a single formation lap and at the Safety Car arriving at the pit entry on the first formation lap for Races with more than one (1) scheduled formation lap. The pit exit remains closed until after all able Cars (subject to the judgment of the Race Director) have passed the pit exit following the start of the first Race lap.

44.4. (SSR) Unable to Start Formation Lap(s)

44.4.1. (SSR) A Driver unable to start the formation lap(s) must raise their arm or open a door. When all other Cars have gone, the marshals and/or Officials may push the Car to start the engine, which is an exception to the prohibition on push-starting.

- A. (SSR) Should the pit exit remain open, the Driver may then complete the formation lap(s) but must not overtake a moving Car except if the latter is disabled.
- B. (SSR) Should the Car not start after being pushed, the responders shall push it to the pit lane, where its four (4) persons maximum are permitted to intervene.

44.5. Start is a Rolling Start.

44.5.1. For a rolling start, the Cars are moving at the moment the starting signal is given, in which case a Safety Car (pace car) may be used to lead the field to the starting line. The rolling start is used unless otherwise stated in the SSR for a Series or announced for the Race.

44.5.2. The Safety Car departs the starting grid and makes at least one (1) formation (pace) lap of the racetrack at moderate speed.

44.6. (SSR) Race Start. Track-specific instructions are given by the Race Director at the Driver briefing. Cars must not overtake the Safety Car until it has exited the racetrack. After the Safety Car has exited the racetrack, Drivers must maintain their pace and positions as on the formation lap or as instructed, and must remain in formation until the display of the green flag by the Starter. The pole sitter has earned the right to start the Race and to cross the starting line even or ahead of the other Cars. Cars must maintain the speed of the Safety Car or as instructed until the pole sitter reaches the "start zone". The "start zone" is indicated by cones, stripes, and/or as instructed by the Race Director. The Car in the second starting position must maintain position alongside the pole sitter until accelerating when the pole sitter accelerates. The pole sitter may accelerate upon reaching the "start zone" and the green flag shall be displayed while the pole sitter is within the "start zone". Cars must not overtake within their starting column until they individually cross the starting line after display of the green flag.

44.7. (SSR) No Start/Wave Off. If the Starter waves off the scheduled start of a Race, no flag may be displayed at the starter stand. The Starter shall also call "no start" on the radio and may shake their head indicating "no" and all flag stations shall display a motionless yellow flag. Cars must continue at a reduced pace, reform into the side by side, two-column formation per their original grid positions as directed and anticipate a start on the next crossing of the starting line as described in Art. 44.6.

44.8. (SSR) False Start. A false start occurs when a Driver deviates from the instructions given at the Driver briefing, the Race Start regulations and/or the position assigned to them before the starting (or restart) signal is given. Gamesmanship, brake checking or manipulation of the pace or procedure is prohibited. A missed shift, wheel spin or another unavoidable situation on the start may be determined by the Race Director and is Conclusive. The Race Director may assess a penalty for a false start.

44.9. (SSR) Starters. The Race officially begins and all Cars (and their Driver(s)) that have departed the starting grid become eligible for championship points when the first Car crosses the starting line after completion of the scheduled formation lap(s) regardless of whether or not the Starter has displayed the green flag.

44.9.1. (SSR) A Car (and its Driver(s)) starting from the pit lane becomes eligible for championship points if they start from the pit lane after the Race officially begins in accordance with these RULES.

ARTICLE 45 – SAFETY CAR

45. SAFETY CAR

45.1. The Safety Car is identified as such and fitted with an augmented flashing light system and may be dispatched to neutralize the Race at the discretion of the Race Director.

45.2. The primary purpose of the Safety Car is to create a traffic interval on the racetrack so that responders may handle situations more safely and quickly; therefore, it is essential that all Cars catch up with the field as quickly as possible consistent with safety.

45.3. Special Safety Car procedures may be discussed at a Team Manager and/or Driver briefing and/or communicated to Competitors by Race Control.

45.4. The Safety Car may be dispatched at any time during a Race in order to correct a hazardous situation. Drivers are warned that a Safety Car will be used when all corner stations display two (2) motionless yellow flags. Additionally, a SC board may be displayed. When the IMSA Safety Light System is in use, Drivers may also be warned by the in-Car Safety Light System dash lights and/or by yellow flashing or motionless lights around the racetrack. Overtaking is prohibited anywhere on the racetrack. When possible, the Safety Car (with its lights on) enters the racetrack ahead of the overall leader, who must slow to safety car speed to facilitate this or may be subject to penalty. All Competitors must then follow the Safety Car in Single File. A Driver must not overtake the Safety Car unless specifically instructed to do so.

45.4.1. This procedure may be modified at the Race Director's discretion, including not picking up the overall Race leader at the start of the intervention if immediate dispatching is deemed critical.

45.5. If the Safety Car is required to first pick up a Car that is not the overall leader, when deemed appropriate, the Race Director will instruct an Initial Wave-By (IWB) of all Cars between the Safety Car and the overall leader. Such Cars must overtake the Safety Car on the right, and remaining in order in Single File, proceed around the racetrack as quickly as possible consistent with safety to rejoin the field at the rear of the Car(s) remaining behind the Safety Car. Overtaking the Safety Car must be done only on the right, unless otherwise instructed by Race Control.

45.6. The Safety Car may be used to lead formation lap(s) prior to the start of a Race.

45.7. Pit Exit Closure. A red light (or flag) indicates the pit exit is closed. Cars may enter the pits while the Safety Car is on course, but must not re-enter the racetrack until directed by an IMSA Official. They must fall into line at the rear of the main field after it has passed the pit exit.

- 45.8. TRACK SERVICES / INCIDENT RESPONDERS / INTERVENTION VEHICLE.** Track Services, Incident Responders and/or Intervention Vehicle(s) may be dispatched on the racetrack at any time and Competitors must respect the responders and vehicles intervening and leave them room to work. Tire scrubbing is prohibited in any response area.

ARTICLE 46 – NEUTRALIZATION OF THE RACE: "FULL COURSE YELLOW"

46. NEUTRALIZATION OF THE RACE: "FULL COURSE YELLOW"

- 46.1.** (SSR) The pits are deemed closed at the time of the announcement of Full Course Yellow (FCY) by Race Control, regardless of the function of the pit closed light. The racetrack is deemed to be under FCY conditions at the time of the announcement by Race Control, regardless of the function of the IMSA Safety Light System, any on-track light system or display of flag(s).

- 46.1.1.** (SSR) The pit exit closes from the time that the Safety Car (or the overall leader acting as the Safety Car) is perpendicular to the last working Pit Box until the main field has passed the pit exit and Cars can be released to join the back of the line behind the Safety Car at the sole discretion of the IMSA Officials. For a restart, the pit exit closes from the time that the Safety Car enters the pit lane until the main field has passed the pit exit and Cars can be released to join the back of the main field at the sole discretion of the IMSA Officials. The pit exit may close momentarily to facilitate dispatch of the Safety Car if necessary.

46.2. (SSR) Pass-Around:

- 46.2.1.** (SSR) The pit entrance is closed from the beginning of the Safety Car intervention until the Safety Car has picked up the overall leader and main field and any Pass-Around is initiated or as announced by Race Control. Disabled Cars unable to maintain the speed of the Safety Car or pack up as directed must move aside and permit able Cars to overtake.
- 46.2.2.** (SSR) If deemed appropriate, the Race Director shall authorize the Pass-Around for any Car that has its class leader behind it in the order circulating behind the Safety Car. If the class leader (and any subsequent Car) exits the racetrack, the next Car in line behind the Safety Car in that class shall become the place-holder to determine eligibility for the Pass-Around for the Cars ahead of that place-holder. It is the Competitor's responsibility to determine if their Car is eligible for the Pass-Around.

Penalty for Pass-Around when ineligible: Stop and Hold for time equal to two (2) Race laps (as determined by Race Control).

- 46.2.3.** (SSR) Pass-Around Cars must throughout the procedure remain in Single File in the order initially established behind the Safety Car unless otherwise instructed by Race Control. Tire scrubbing is prohibited where Cars are in two (2) columns during the Pass-Around.

- A.** (SSR) Pass-Around Cars must, only when instructed, overtake the Safety Car on the right, and circulate as quickly as possible consistent with safety to rejoin the field at the rear of the Car(s) remaining behind the Safety Car without entering the pit lane. The Safety Car does not physically direct Cars to overtake. Cars may not be packed up prior to the pit opening sequence.

46.3. (SSR) Standard and Short Full Course Yellow:

- 46.3.1. (SSR) STANDARD FCY.** The Race Director instructs Officials to re-open the pits for the "Standard FCY". Only DPi and LMP2 Cars are permitted to pit on the first lap after the pits are declared open. Only GTLM and GTD Cars are permitted to pit on the subsequent lap. Any Car is permitted to pit on laps after the first two class-specific opportunities to pit are concluded.

- A. **(SSR) Std. FCY Emergency Service.** A Car disabled as the result of an incident, running out of fuel, flat or deflating tire (not flat spot) or similar mechanical handicap (or where a Driver would exceed the maximum drive-time), in the sole opinion of the Race Director, may, after requesting and receiving permission from an IMSA Official (not IM), enter a closed pit lane (or not open for that class) and receive assistance only to remedy the immediate concern (~5 seconds of fuel). Such "Emergency Service" Car(s) are then obligated to make a drive-through (although any service may be performed) on the lap after the pits are open for GTLM and GTD Cars per Art. 46.3.1 (**Penalty:** Stop plus ten (10) seconds for non-compliance with the obligation). Cars that take Emergency Service fuel must pit for fuel at the first permitted opportunity. A Car entering a closed pit and working on the Car (typically crash damage) for an extended time is deemed to have met the Emergency Service obligation to pit again if such Car is still in the pit lane at the time that the pits are open to all Cars (the lap after the pits are open for GTLM and GTD Cars).

46.3.2. **(SSR) Last 30 Minutes.** The Standard FCY is not in effect for any Safety Car period during the last thirty (30) minutes of the Race.

46.3.3. **(SSR) SHORT FCY.** A Short FCY is declared for the first of any FCY declared within 15 minutes of a preceding green flag. Except per Art. 46.3.2, a Short FCY is not followed by another Short FCY. For a Short FCY, after the Pass-Around, the pit lane remains closed until the last Car has passed the pit entry on the restart. No Final Wave-By is performed.

- A. **(SSR) Short FCY Emergency Service.** Emergency Service Cars are obligated to make a drive-through (although any service may be performed), directly after the pits are opened (**Penalty:** Stop plus ten (10) seconds for non-compliance with the obligation). Cars that take Emergency Service fuel must pit for fuel at the first permitted opportunity. The restart is led by the overall leader, or, if that Car (and any others) exits the racetrack, by the next Car remaining in the line behind the Safety Car. For the Short FCY, a Car entering a closed pit and working on the Car (typically crash damage) for an extended time is deemed to have met the Emergency Service obligation to pit again if such Car is still in the pit lane at the time that the main field has taken the restart and passed the pit exit. If the duration of a Short FCY exceeds fifteen (15) minutes, IMSA may elect to initiate a pit stop procedure.

46.3.4. **(SSR) Over Em. Svc. Penalty.** Any Car not disabled that enters while the pit lane is closed (or closed to that class) and receives assistance beyond Emergency Service may be penalized. **Penalty:** Stop plus sixty (60) seconds.

46.4. (SSR) Final Wave-By:

46.4.1. **(SSR) Final Wave By.** If deemed appropriate, the Race Director shall authorize the Final Wave-By (FWB) for any Car that has its class leader behind it in the order circulating behind the Safety Car. If the class leader (and any subsequent Car) exits the racetrack, the next Car in line behind the Safety Car in that class shall become the place-holder to determine eligibility for the FWB for the Cars ahead of that place-holder. It is the Competitor's responsibility to determine if their Car is eligible for the FWB.

Penalty for overtaking the Safety Car when ineligible: Stop and Hold for time equal to two (2) Race laps (As determined by Race Control).

46.4.2. (SSR) FWB Cars must throughout the procedure remain in Single File in the order initially established behind the Safety Car unless otherwise instructed by Race Control. Tire scrubbing is prohibited where Cars are in two (2) columns during the FWB.

46.4.3. (SSR) FWB Cars must, only when instructed, overtake the Safety Car on the right, in Single File and circulate as quickly as possible consistent with safety to rejoin the field at the rear of the Car(s) remaining behind the Safety Car. FWB Cars are permitted to pit. The restart may occur regardless of FWB Cars catching up to the field. The Safety Car does not physically direct Cars to overtake. Cars may not be packed up prior to the DPi class split.

46.4.4. (SSR) If during the process, the first class leader in line behind the Safety Car exits the racetrack, the Safety Car picks up the Car that remains on the racetrack that was the most immediately/directly behind that class leader at the time the FWB was requested.

46.5. (SSR) DPi Class Split:

46.5.1. (SSR) In a mixed-class Race, prior to the restart, Race Control shall conduct the DPi Class Split. LMP2, GTLM and GTD Cars must remain in running order, move left, and permit eligible DPi Cars to move right and in Single File, pass any non-DPi Cars to take position at the front of the field behind the Safety Car. Tire scrubbing is prohibited during the Prototype Class Split. The restart may occur regardless of Cars not yet completing the DPi Class Split.

A. (SSR) At Events without DPi participation, GTLM shall perform the Class Split.

46.6. (SSR) End of Neutralization & Restart:

46.6.1. (SSR) When the Race Director has determined that the racetrack is clear and acceptable for the continuation of Competition, he instructs the Safety Car to extinguish its flashing lights and where in use, the IMSA Safety Light System or any on-track lights are also extinguished and yellow flags withdrawn, indicating that this is the final lap of this Safety Car intervention.

46.6.2. (SSR) The Safety Car may accelerate away and exits the racetrack at the location specified by the Race Director.

46.6.3. (SSR) The Car immediately behind the Safety Car prior to the restart must maintain the previous slow speed of the Safety Car, or as instructed by the Race Director, until the designated restart location. All Cars must remain packed up, in the proper order, until the restart leader initiates acceleration and the green flag is displayed. Once the green flag is displayed, the Race resumes and overtaking is permitted. Any manipulation of this pace or procedure may be penalized for False Start (Art. 44.8).

46.7. (SSR) Race Control may at any time direct that Cars may overtake other Car(s) failing to achieve and/or maintain a pace commensurate with any aspect of the FCY process, as determined by the Race Director. Such determination is Conclusive.

46.8. (SSR) This procedure may be modified at the Race Director's discretion or if a Race does not include all classes of Cars.

ARTICLE 47 – RACE STOPPAGE & RESTARTS

47. RACE STOPPAGE & RESTARTS

47.1. **Stoppage.** Upon display of the red flag during a Race, scoring stops and Competitors must follow the procedure in Art. 27.4 and any applicable SSR. Overtaking is prohibited.

47.1.1. The pit lane entrance and exit are closed. Race Control may order Cars to enter the pit lane. If so directed, Cars that enter pit lane must proceed as directed by Race Control or IMSA Officials. Cars in their Pit Box at the time of the stoppage must remain in their Pit Box until released by Race Control. Cars in the pits at the time of the stoppage may have their lap count adjusted so as to not unfairly advantage or disadvantage them based on their position relative to the control line.

47.2. Service/Replenishment. Unless specifically authorized by the Race Director and announced to all Competitors, service or replenishment of any kind on any Cars is prohibited from the time the red flag is displayed until scoring resumes. This includes Cars already in the pit lane or Paddock.

47.3. Restarting. Once appropriate, the Race Director orders the pit exit opened and Cars that were in the pits shall join the field at the back of the pack in the order they left the pits.

47.3.1. The Race Director restarts the Competition with Cars:

- A. In their original starting positions, unless the entire running field has completed one (1) lap, or the overall leader has completed two (2) laps;
- B. Otherwise, the Race Director lines up the Cars with the normally running Cars in Single File, in the order according to Timing and Scoring, of their last verified crossing of the control line at start/finish prior to the time the red flag was displayed, starting with the Car with the oldest crossing time.

47.4. Lap Count. In order to establish a uniform lap count, once the Cars are circulating prior to the restart, the Race Director may order a wave-by, until the overall leader, or leading Car circulating, is immediately behind the Safety Car. Once this wave-by is initiated, if that leading Car enters the pits or stops, the next Car circulating behind the Safety Car is selected.

47.4.1. IMSA may review and change the lap count of Cars to ensure that they did not gain an unfair advantage as a result of the stoppage. IMSA may require Cars that: were not normally running; impaired at the time of the stoppage; or caused the stoppage, to enter the pits to be reviewed by the Officials. Once cleared, they may then join for the restart at the back of the field in the order they exited the pits.

47.5. Race Time. Overall Race time, but not Race laps, continues to be counted during the stoppage unless otherwise announced by the Race Director.

47.6. Scoring. Recommences upon the order of the Race Director to restart the Cars, and any formation lap(s) to the restart are scored.

47.7. (SSR) If listed in the SR, IMSA may elect to resume a stopped Competition on an alternate day.

ARTICLE 48 – MINIMUM DURATION

48. MINIMUM DURATION. A Race stopped with less than 50% of its scheduled time or distance elapsed and not restarted is considered incomplete and IMSA is not obligated to distribute championship points and/or Point Fund / Prize Money. IMSA, at its sole discretion, may award partial championship points for Races less than 50% complete and not restarted on evaluation of circumstances surrounding such stoppage. If 50% or more has elapsed, IMSA may call the Race complete and direct the distribution of championship points and/or Point Fund / Prize Money.

ARTICLE 49 – CONCLUSION OF RACE

49. CONCLUSION OF RACE

49.1. Once the duration of the Race expires or when the distance to cover is achieved, the pit exit is closed and the checkered flag is displayed to the Car running first in the overall scoring order as it crosses the finish line on the racetrack. If the Car shown first in the overall scoring order has not crossed the finish line on the racetrack once the duration of the Race expires or when the distance to cover has been achieved, the checkered flag is displayed when the next highest placed Car crosses the finish line on the racetrack.

- 49.1.1. In Races of a given distance, the checkered flag is given first to the leading Car, then to the other finishers as they cross the finish line.
- 49.1.2. In Races of a timed length, the checkered flag is given first to the leading Car as it crosses the finish line at or after the expiration of the specified duration, then to the other finishers as they cross the finish line.
 - A. If the leading Car is not running at the expiration of the time limit, the checkered flag is displayed to the next highest running Car (not necessarily the winner) in the same manner. If the leading Car is disabled at the expiration of the time limit, the Race Director shall determine the time permitted for such Car to complete the final lap prior to the display of the checkered flag.
- 49.1.3. Should the checkered flag be inadvertently or otherwise displayed before the leading Car completes the scheduled number of laps or before the prescribed time has been completed, the Race is nevertheless deemed ended when the flag is displayed.
- 49.1.4. Should the checkered flag be inadvertently delayed, the results are based on the positions at the moment provided for in the scheduled Race length or distance. If the delayed checkered flag is inadvertently or otherwise displayed to a Car other than the leader, it is considered a delayed finish as though the flag had been given to the leader.
- 49.1.5. The checkered flag is displayed for a maximum of five (5) minutes.
- 49.1.6. It is not required to take the checkered flag on the racetrack to be eligible for a finishing position, championship points and/or Point Fund / Prize Money.
- 49.1.7. To be listed as “running” in the results, the Car must cross the finish line on the racetrack when the checkered flag is displayed except in case of “force majeure” at the Race Director's discretion.
- 49.1.8. Cars are ordered in the results according to the number of whole laps completed during the Race subject to any penalties applied. For Cars completing the same number of laps, the time when the Cars cross the finish line determines the order.

ARTICLE 50 – IMPOUND

50. IMPOUND

- 50.1. (SSR) When the Checkered Flag is displayed, all Cars, as directed by the IMSA Officials, must proceed to Impound together with a Team representative and under the supervision of the IMSA Officials. A Car not driven directly and immediately to Impound is subject to penalty.
- 50.2. (SSR) A Team representative must be present at Impound to be informed of any decisions taken regarding possible technical checks. Team representatives are prohibited to enter the Impound inspection area unless instructed by an IMSA Official, and Drivers must depart directly after delivering the Car. During voluntary technical inspection, one (1) team representative may be present in the inspection area with the Car during the scrutineering process unless otherwise instructed by an IMSA Official. During involuntary technical inspection, zero (0) team representatives are permitted unless otherwise instructed by an IMSA Official.
- 50.3. (SSR) Team representatives in Impound (Post Qualifying or Race) must be attired consistent with Art. 21.4 (Competitor Uniforms), with a minimum of one (1) Team Member attired per Art. 21.2 (SSR) REFUELING & OVER THE WALL SAFETY EQUIPMENT).

- 50.4. (SSR) Team equipment is prohibited in Impound unless otherwise instructed by an IMSA Official.
- 50.5. (SSR) Computers and/or electronic equipment are prohibited in Impound unless otherwise instructed by an IMSA Official.

ARTICLE 51 – POST-RACE PROCEDURES / REQUIREMENTS

- 51. **POST-RACE PROCEDURES / REQUIREMENTS.** Competitors must adhere to the Minute by Minute (MxM) comprising the Post-Race procedures/requirements and the instructions of IMSA Officials. Unless otherwise directed or approved, only Drivers and authorized Team representatives are permitted on the podium for Victory Circle celebrations. Failure to follow instructions for Post-Race procedures, Impound and/or podium logistics may be penalized.

ARTICLE 52 – WINNER

52. WINNER

- 52.1. The winner is the Car that has covered the greatest distance in the shortest official period of time once the duration of the Race expires or when the distance to cover is achieved. The position of the Cars on the starting grid is not taken into account.
- 52.2. For Races run in two (2) or more parts (red flag), the distances covered in each part are combined. In such case, the winner is the Car that has covered the overall greatest distance in the shortest official period of time.

ARTICLE 53 – TIES

53. TIES

- 53.1. In case of a tie in the final Driver championship point standings, the tie shall be resolved according to the highest ranked Driver's record of first place points finishes, and then if necessary, the number of second place points finishes, and so on down to the last championship points position for the Series. If a tie still remains, the tie shall be broken by the first to achieve the highest points finishing position in that season for that Series.
 - 53.1.1. In case of a tie in other championship standings, the word "Driver" above is replaced with that of the specific championship (Team, Manufacturer, Tire, etc.) in question.
- 53.2. IMSA decisions regarding championship points and/or Point Fund / Prize Money are Conclusive.

ARTICLE 54 – OFFICIAL RESULTS

54. OFFICIAL RESULTS

- 54.1. Only those results (Unofficial, Provisional and/or Official) published and posted by IMSA are deemed the official ones. IMSA may publish and distribute results electronically or by other means at a time after the conclusion of the Session(s), Race and/or Event.
- 54.2. All starting Cars are credited with a finishing position whether or not they are running when the checkered flag is displayed.

- 54.3.** Directly following a Session, results are “Unofficial” until audits of timing and scoring are completed and Technical Inspection is concluded. Directly following the completion of a Race, the “Unofficial” results reflect the running order on the racetrack. “Provisional” results are posted at the conclusion of on-site Technical Inspection and review of on-track incidents and are subject to audit or verification. “Official Results” are those issued in PDF format from the IMSA office (or Series office if designated by IMSA) after any final review, audit, verification, extended technical inspection and/or outstanding protests or appeals are concluded.
- 54.4.** Cars receiving a penalty applied post-Race that alters the finishing position order shall result in all other affected Cars advancing accordingly. Any Car found out of compliance with the RULES may be placed at the back of the Class or penalized up to Removal from the results and all other finishers advanced accordingly.
- 54.5.** IMSA shall authorize payment of Point Fund / Prize Money only after the results of a Race are audited and published in final “Official Results” form.

ARTICLE 55 – RESULTS LISTINGS

55. RESULTS LISTINGS

55.1. (SSR) These Results Listings are Established:

- 55.1.1. (SSR) General (classes joined together for overall results)
- 55.1.2. (SSR) Class-specific (results within class itemized)

- A. (SSR) Prototype classes:
- i. Daytona Prototype International (DPI)
 - ii. Le Mans Prototype 2 (LMP2)
- B. (SSR) Grand Touring classes:
- i. Grand Touring Le Mans (GTLM)
 - ii. Grand Touring Daytona (GTD)

ARTICLE 56 – INTERVIEW PERIOD / PRESS CONFERENCE

56. INTERVIEW PERIOD / PRESS CONFERENCE

- 56.1.** (SSR) Post-qualifying: As may be required or per the Official Schedule, the Driver who has achieved the “pole position” in class or Series must attend an interview period/press conference in the designated media interview area or other location and/or activity as specified by IMSA.
- 56.2.** (SSR) Post-Race: As may be required or per the Official Schedule, first place class or Series winners must attend the winner’s interview period/press conference in the designated media interview area or other location and/or activity as specified by IMSA as soon as the ceremony on the podium is completed and as instructed by the Officials. Other Drivers and Team members may be required to provide interviews as directed by IMSA Officials.

ARTICLE 57 – PENALTIES

57. PENALTIES

57.1. VIOLATIONS & PENALTIES. Any IMSA Member who, a.) Violates the RULES, b.) Attempts to bribe anyone connected with an IMSA Event or activity, or c.) Is party to a fraud or other act prejudicial to IMSA or to the interests of any Competitor or to the interests of motor sports generally may be penalized according to the nature of the offense by IMSA, the Supervisory Officials or the Race Director. Drivers and/or their Cars may be penalized for technical and other violations committed by their Team and/or Crew, including any manufacturer, constructor or technical consultants and/or their Entrant.

57.1.1. IMSA Officials may impose the penalties specifically set out in these RULES in addition to/instead of any other penalties available to them under the RULES. The authority to assess penalties is not limited to violations occurring during an Event.

57.2. PUBLICATION. IMSA shall have the right to publish notice that it has imposed a penalty and the reasons therefore, and a person or body referred to in such notice shall have no right to act against IMSA or the person publishing the notice.

57.3. RANGE OF PENALTIES. Penalties that may be imposed, in order of their severity, include:

57.3.1. **WARNING:** IMSA may determine that a Competitor's actions warrant the issuance of a warning prior to imposing a penalty.

57.3.2. **REPRIMAND** (blame): IMSA may assign blame/fault and issue a reprimand.

57.3.3. **PROBATION:** IMSA may impose a definite or indefinite period of probation.

57.3.4. **FINE:** A fine may be imposed. A Member's Competition privileges are automatically under suspension until the fine is paid. Remit fines to: International Motor Sports Association, One Daytona Boulevard, Daytona Beach, Florida 32114. Fines must be paid within one (1) week of penalty notice/invoice. Entrant must not participate in an Event until fines are paid in full.

57.3.5. **TIME and/or LAP:** A time and/or lap penalty may be imposed during a Competition as the Race Director may deem appropriate by calling a Car into the pits and/or by holding a Car already in the pits, or by requiring a Car to execute a lap or laps at a reduced pace. A time and/or lap penalty may be imposed after a Competition by adding to a Car's finishing time and/or lap count.

57.3.6. **POSITION:** A position penalty may be imposed during a Competition as the Race Director may deem appropriate by changing the finishing result and/or starting grid position of a Car.

57.3.7. **LOSS OF CHAMPIONSHIP POINTS:** Loss of championship Driver, Team, Manufacturer, Tire Partner and/or other championship points may be imposed.

57.3.8. **REMOVAL:** A Driver, an Entrant and/or Car may be removed from Competition, in which case their rights to any championship points and/or Point Fund / Prize Money in the Competition are forfeited and the official results shall advance the next Competitors accordingly.

57.3.9. **SUSPENSION and/or REVOCATION of CREDENTIALS:** A Member's privilege to take part at Events may be suspended for a definite or indefinite period. Credentials and/or parking privileges may be revoked for a definite or indefinite period of time.

57.3.10. **DISQUALIFICATION/LOSS of ACCRUED POINTS:** Loss of accrued points earned by a Driver, Team and/or Manufacturer may be imposed.

57.3.11. **EXPULSION:** IMSA or a court appointed by IMSA may expel a Member for serious offense(s).

57.3.12. **AUTHORITY:** This article shall in no way be construed to limit the authority or discretion of IMSA or the Race Director/Supervisory Officials to assess additional, different, or no penalties for these or other violations of the IMSA RULES.

57.3.13. **PLURALITY:** More than one penalty may be imposed for the same offense.

57.4. Post-Race Penalty Application. Penalties for on-track incidents occurring in the closing stages of a Race, or where circumstances prevent their being served prior to the conclusion of a Race, may include any of the above and may be equal to or greater than the commensurate penalty applied and served during a Race, at the discretion of the Race Director and/or the Supervisory Officials. As with penalties imposed during a Race, penalties for on-track incidents assessed after the Race finish are Conclusive.

ARTICLE 58 – INFORMAL INQUIRY

58. INFORMAL INQUIRY

58.1. Prior to filing a protest, Entrants or Affected Parties (see Art. 59.2.5) are encouraged to resolve any dispute informally. Immediately upon acquiring knowledge of any facts that could potentially be the subject of a protest, but in no case after the expiration of the time limit for any formal protest as established in Art. 59, Entrants or Affected Parties may verbally request an informal inquiry, which shall then be conducted in any manner deemed appropriate by the Race Director. There is no fee payable for such informal inquiry.

58.2. If the informal inquiry does not resolve the dispute, the time limitation for filing a formal protest shall commence at the time the informal inquiry is terminated, or as otherwise provided in Art. 59.

ARTICLE 59 – PROTESTS & APPEALS

59. PROTESTS & APPEALS

59.1. General Administration

59.1.1. Final and Not Subject to Protest or Appeal (Conclusive). The following matters and all actions, decisions, rulings and/or penalties made or taken with respect to such matters are Conclusive:

- A. Any action or decision (or alleged inaction) by IMSA arising out of an Event except those directly related to a Car's technical compliance;
- B. Any Race Procedure penalty;
- C. Any decision with respect to timing and scoring;
- D. A decision as to whether a matter is or is not Conclusive;
- E. Revocation of credentials or parking privileges for such Event.

59.1.2. Publication. IMSA reserves the right to publicize penalties, protests, appeals and/or the decisions thereof and the persons, or entity referred to in the publication shall have no right of action against IMSA.

59.1.3. Bad Faith. If IMSA determines that the submitter of a protest and/or appeal has acted in bad faith, the Entrant shall be in violation of the RULES and may be penalized.

59.1.4. Protests and Appeals must be lodged in accordance with the RULES, with Protests preceding Appeals (Art. 59.2 and 59.3).

59.2. ENTRANT PROTEST

- 59.2.1. **Entrant Protest.** The right to protest rests with an Entrant taking part in the Event in question. An Entrant taking part in the Event in question may protest a decision, act or omission of IMSA, an Official, Competitor, or other person connected with the Event, as permitted in these RULES.
- 59.2.2. **Notice of Entrant Protest.** The protest must be delivered to the Race Director, in writing, stating the specific Regulation alleged to have been violated and the complete details of the alleged violation. The protest must be signed by the Entrant or Team Representative making the protest.
- 59.2.3. **Entrant Protest Fee.** The protest must be accompanied by the protest fee of \$2,500 payable to IMSA. The protest fee may be retained or returned, in whole or part, at the discretion of IMSA.
- 59.2.4. **Time Limits of Entrant Protests.** Time limits for Entrant protests are as follows:
- A. **A protest regarding Race Equipment** must be received prior to the start of the first Official Session for the relevant Event.
 - i. **For a Race Equipment protest regarding a Car's eligibility**, the Entrant must provide, in addition to the protest fee, an additional protest inspection fee of \$3,000. The protest inspection fee is returned only if the protest is found to be valid. Any Entrant who does not permit inspection of their Car is subject to immediate Removal from the Event.
 - B. **A protest regarding a RULES violation during a Session** must be received within thirty (30) minutes after the end of the applicable Session.
 - C. **A protest regarding a penalty or action by IMSA** must be received within thirty (30) minutes of the notification of such penalty or action.
 - D. **Extension.** The Race Director may, at his sole discretion, extend any protest time limit.
- 59.2.5. **Affected Party Protest.** A Manufacturer, Constructor and/or Tire Partner (Affected Party) may protest a penalty solely imposed upon that Manufacturer, Constructor and/or Tire Partner and only if such penalty did not derive from or was not also imposed on an Entrant/Team.
- 59.2.6. **Notice of Affected Party Protest.** The protest must be delivered to the Race Director, in writing, stating the specific Regulation alleged to have been violated and the complete details of the alleged violation. The protest must be signed by the Affected Party making the protest.
- 59.2.7. **Affected Party Protest Fee.** The Affected Party protest must be accompanied by the protest fee of \$2,500 payable to IMSA. The protest fee may be retained or returned, in whole or part, at the discretion of IMSA.
- 59.2.8. **Time Limit of Affected Party Protests.** The Time limit for an Affected Party protest is:
- A. **A protest regarding a penalty or action by IMSA** exclusively to an Affected Party must be delivered to the Vice President of Competition at Headquarters within one (1) business day of the notification of such penalty or action.
- 59.2.9. **Protest Review.** The Vice President of Competition shall deliver the Protest fee and materials to the Supervisory Officials. The Supervisory Officials first determine whether the matter in question is subject to protest under the RULES. Such decisions are Conclusive.

- 59.2.10. **Protest Hearing.** If the matter is found to be protestable, the Supervisory Officials shall identify the parties involved and facilitate the timely procurement of all documents, data and/or other evidence deemed necessary at their discretion to render a fair decision. The Supervisory Officials shall endeavor to hear the protest as soon as practical and may act within a quorum of three (3). A Supervisory Official factually involved shall recuse themselves from participation in the protest hearing. The Supervisory Officials shall establish the most appropriate procedure for hearing the protest and inform all parties of such procedure prior to the hearing. The Supervisory Officials, or parties to the protest at their own expense, may call witnesses or present evidence, but the protestant must present their own case and must not be represented at the hearing by another individual or attorney. Other persons must not be present at the protest hearing except those permitted by the Supervisory Officials. Failure of the protestant to appear as requested or otherwise fail to respond to any investigatory request of the Supervisory Officials may result in the dismissal of the protest with prejudice.
- 59.2.11. **Protest Decision.** In deciding the outcome, the Supervisory Officials may take any action deemed appropriate in the interest of IMSA or the sport of automobile racing including but not limited to, revising the results, imposing penalties, or taking no action at all, but under no circumstances shall they order an Event or any portion thereof to be rerun. A copy of the decision is sent to all parties to the appeal after the decision becomes final. All parties concerned are bound by the decision, subject only to the rights of appeal as provided in the RULES.
- 59.2.12. **Withholding Awards.** With the exception of post-Race podium ceremonies, the distribution of championship points and/or Point Fund / Prize Money occurs after the period for receiving protests has elapsed. When a protest that would affect distribution of championship points and/or Point Fund / Prize Money has been lodged, distribution of any championship points and/or Point Fund / Prize Money affected are withheld and the results provisional until the matter is resolved.
- 59.3. APPEAL.** Provided the applicable protest procedures have been properly exercised, the Entrant or Affected Party shall have the right to appeal any decision or penalty issued against that Entrant or Affected Party, except as otherwise prohibited.
- 59.3.1. **Notice of Intent to Appeal.** Notice of intent to appeal must be delivered to a Supervisory Official within one (1) hour from notice of the protest decision.
- 59.3.2. **Formal Notice of Appeal.** Formal written notice of an appeal must be delivered to the President at Headquarters no later than 5:00 pm eastern, the second business day after the notice of the protest decision or penalty. The written notice of appeal, signed by the appellant, must specify the grounds for appeal.
- 59.3.3. **Appeal Fee.** The formal written notice must include the appeal fee of \$5,000, payable to IMSA, half of which is retained by IMSA regardless of any decision.
- 59.3.4. **Appeal Review.** The President, in his sole discretion, determines whether any appeal is reasonable, complies with the RULES, and if it shall be heard by the Supervisory Officials. Such decisions are Conclusive.

59.3.5. **Appeal Hearing.** If the matter is permitted, the Supervisory Officials shall endeavor to hear the appeal as soon as practical and may act within a quorum of three (3). A Supervisory Official factually involved shall recuse themselves from participation in the appeal process. The Supervisory Officials shall establish the most appropriate procedure for hearing the appeal and inform all parties of such procedure prior to the hearing. The Supervisory Officials, or parties to the appeal at their own expense, may call witnesses or present evidence, but appellant must present their own case and must not be represented at the hearing by another individual or attorney. Other persons must not be present at the appeal hearing except those permitted by the Supervisory Officials. Failure of the appellant to appear as requested or otherwise fail to respond to any investigatory request of the Supervisory Officials may result in the dismissal of the appeal with prejudice.

59.3.6. **Appeal Decision.** In deciding the outcome, Supervisory Officials may take any action they deem appropriate in the interest of IMSA or the sport of automobile racing including, but not limited to, revising the results, imposing penalties, or taking no action at all but under no circumstances shall they order an Event or any portion thereof to be rerun. A majority of the Supervisory Officials must agree to modify the decision of a protest. A copy of the decision is sent to all parties to the appeal after the decision becomes final. All parties concerned are bound by the decision as provided in the RULES.

59.4. APPEAL to the CHIEF APPELLATE OFFICER - Entrant or Affected Party (E/AP). Provided that the applicable protest and appeal procedures have been properly exercised, E/AP shall have the right to further appeal to the Chief Appellate Officer (CAO).

59.4.1. **E/AP Notice and Fee to the CAO.** Notice of intent to appeal to the CAO must be delivered to the President within one (1) hour of the receipt of the Supervisory Official's appeal decision. Formal written notice must be delivered to the CAO at Headquarters no later than 5:00pm eastern the third business day after notice of the decision of the Supervisory Officials. The written notice, signed by the appellant, stating the grounds for appeal, must include the appeal fee of \$5,000 payable to IMSA, which is retained by IMSA regardless of any decision.

59.4.2. **Disposition of E/AP Appeal.** The CAO may choose to hear or not to hear an appeal, or he may choose to review the written documentation and base his decision on the evidence presented at the initial appeal. The CAO's decision as to whether or not an appeal is heard is Conclusive. All parties are informed of the time and place of a CAO's hearing. The CAO, or appellant at their own expense, may call witnesses or present evidence, but the appellant must present their own case and must not be represented at the CAO's hearing by another individual or attorney. Other persons must not be present at the CAO's hearing except those permitted by the CAO. Failure of the appellant to appear when requested or respond to any investigatory request of the CAO may result in the dismissal of the appeal to the CAO with prejudice.

A. The CAO can be replaced by IMSA should the current designated person not be available or have a conflict of interest in the specific appeals determined by the President or CEO of IMSA.

59.4.3. **E/AP Decision.** The CAO may vacate, assess additional, decrease or increase penalties previously imposed and may vacate, modify or uphold protest and initial appeal decisions, but, under no circumstances, order an Event or any part thereof to be re-run. A copy of the final decision is sent to all parties of the appeal to the CAO after the decision becomes final. All parties concerned are bound by the decision given, as provided in the RULES.

59.5. APPEAL to the CHIEF APPELLATE OFFICER - Membership Appeals (M.A.). A person or entity declined a Membership or who has their Membership suspended or involuntarily terminated shall have the right to appeal directly to the CAO.

- 59.5.1. **M.A. Notice and Fee to the CAO.** Formal written notice must be delivered to the CAO at Headquarters no later than 5:00pm eastern the third business day after notice of the decision affecting the Membership. The written and signed notice, stating the grounds for appeal, must include the appeal fee of \$1,000 payable to IMSA. This fee may be retained or returned, in whole or part, at the discretion of IMSA.
- 59.5.2. **Disposition of M.A. Appeal.** The CAO may choose to hear or not to hear an appeal, or he may choose to review the written documentation and base his decision on the evidence presented at the initial appeal. The CAO's decision as to whether or not an appeal is heard is Conclusive. All parties are informed of the time and place of a CAO's hearing. The CAO, or appellant at their own expense, may call witnesses or present evidence, but the appellant must present their own case and must not be represented at the CAO's hearing by another individual or attorney. Other persons must not be present at the CAO's hearing except those permitted by the CAO. Failure of the appellant to appear when requested or respond to any investigatory request of the CAO may result in the dismissal of the appeal to the CAO with prejudice.
- A. The CAO can be replaced by IMSA should the current designated person not be available or have a conflict of interest in the specific appeals determined by the President or CEO of IMSA.
- 59.5.3. **M.A. Decision.** The CAO may vacate, modify or uphold the Membership decision of IMSA. A copy of the final decision is sent to all parties of the appeal to the CAO after the decision becomes final. All parties concerned are bound by the decision given, as provided in the RULES.

ARTICLE 60 – SERIES SUPPLEMENTARY REGULATIONS ATTACHMENTS

60. SERIES SUPPLEMENTARY REGULATIONS ATTACHMENTS

- 60.1. The Series Supplementary Regulations (SSR) include in their entirety, the Attachments.

APPENDIXES

APPENDIX A -- EQUIVALENCE FORMULAE

1 inch = 2.54 centimeters = 25.4 millimeters
 1 millimeter = 0.1 centimeters = 0.03937 inches
 1 foot = 12 inches = 0.3048 meters
 1 meter = 3.28 feet = 1.0936 yards
 1 mile = 1760 yards = 5280 feet = 1.60934 kilometers
 1 kilometer = 1000 meters = 1093.6 yards = 0.62137 miles
 1 square inch = 6.45 square centimeters
 1 cubic inch = 16.387 cubic centimeters
 1 cubic centimeter = 0.061 cubic inches
 1 U.S. gallon = 4 U.S. quarts = 231.18 cubic inches = 3.785 liters
 1 liter = 1000 cubic centimeters = 61.0255 cubic inches = 0.264 U.S. gallons
 1 pound = 16 ounces = 453.592 grams
 1 kilogram = 1000 grams = 2.2046 pounds
 1 mile per hour = 1.467 feet per second = 1.60934 kilometers per hour
 1 kilometer per hour = 0.62137 miles per hour
 Cylinder volume (displacement) = $3.1416 \times \text{bore}^2 \times \text{stroke} \times 4$
 Engine displacement = Cylinder volume x number of cylinders
 Weight of gasoline = 7.2 pounds per gallon at 60° F
 Atmospheric pressure = 29.92" HG = 14.7 P.S.I. = 1.01 Bar 1 Bar = 14.5 P.S.I.
 Average speed formula = $\frac{3600 \times \text{length of racetrack} \times \text{number of laps}}{\text{Total time in seconds}}$

TABLE OF CONTENTS

ATTACHMENT 1 – STANDARD MINIMUM PENALTIES ABBREVIATED TABLE

ATTACHMENT 2 – BALANCE OF PERFORMANCE

ATTACHMENT 3 – TIRES

ATTACHMENT 4 – FUEL

ATTACHMENT 5 – LOGOS / NUMBER PANELS / DECALS

ATTACHMENT 6 – IMSA MICHELIN ENDURANCE CUP

ATTACHMENT 7 – SPECIAL AWARDS (JIM TRUEMAN & BOB AKIN AWARD PROGRAMS / IMSA WEATHERTECH SPRINT CUP / ROOKIE OF THE YEAR / VP FUELS FRONT RUNNER AWARD / MOTUL POLE AWARD)

ATTACHMENT 1 – STANDARD MINIMUM PENALTIES ABBREVIATED TABLE

- 1.1. Except when the Race Director/Supervisory Officials determine there to be extenuating circumstances, these standard minimum penalties are assessed for the RULES violations listed in the table below.
- 1.2. Penalties do not carry over to qualifying or the Race, and outstanding penalties may be assessed as financial or other penalties. Penalties not served during the Race due to the expiration of time available may be converted to time/lap added or financial penalties as may be appropriate for any Car at the end of the Race.
- 1.3. The Race Director assesses these standard minimum penalties. Repeat infractions may result in greater or cumulative penalties at the discretion of the Race Director/Supervisory Officials.
- 1.4. This Attachment shall in no way be construed to limit the authority of IMSA or the Race Director/Supervisory Officials to assess additional or different penalties for these or other violations of the IMSA RULES.
- 1.5. DESCRIPTIONS IN TABLE ARE ABBREVIATED AND FOR REFERENCE ONLY; REFER TO SPECIFIC ARTICLE TEXT FOR ACTUAL REGULATORY LANGUAGE AND ADDITIONAL INFORMATION. Key: W=Warning, D-T=Drive Through, S&G=Stop & Go Black Flag Penalty.

#	VIOLATION	SOURCE	PENALTY
PIT LANE			
P1	Speeding in pit lane (+11KPH or more incurs greater penalty)	32.3 (60 KPH)	Warning/D-T/S&G/Stop + Additional Time
P2	Belts undone/door opened prior to stop	35.1.1 (A-D)	Drive Through
P3	Person(s) over pit wall before Car stops	33.3.3 & 33.3.4	Drive Through
P4	Equipment over wall before Car stops	33.3.3 & 33.3.4	Drive Through
P5	Person(s) over pit wall not properly attired	21.2 & 21.4	Warning/\$500 fine/D-T
P6	Too many persons working/over pit wall	34.1	Drive Through
P7	More than permitted number over wall, considered working on Car	34.1 & 34.4	Drive Through
P8	Using more than two (2) wheel guns	36.1.1.B	Drive Through
P9	Working under Car without approved stands	33.3.11	Drive Through
P10	Run over hose, tool, part, person in own or other box	33.3.9 & 33.3.10	Drive Through
P11	Propelling parts	33.3.8	Warning/D-T if hit by Car
P12	Exit pits with hose or tool attached	33.3.12	Drive Through
P13	Leave pit box with belts loose	35.1.2.A	Warning/Drive Through
P14	Push start in pits (unless approved)	35.6	Stop + Restart
P15	Using reverse gear in pit lane	33.4.1 & 35.1.3.A	Stop + 60 seconds
P16	Working in closed pit (more than Emergency Service)	35.8.3 & 44.3.3 & 46.3.4	Stop + 60 seconds
P17	Failure to abide by instructions - red flag/light at pit exit	45.7	Stop + 60 seconds
P18	Incorrect starting Driver	43.5	Stop + 30 seconds
P19	Wheelspin	36.1.2	Warning/Drive Through
REFUELING			
R1	Fire extinguisher not properly manned	37.4.10.A	Drive Through
R2	Cutoff/Deadman valve not properly manned	37.4.10.B	Drive Through

#	VIOLATION	SOURCE	PENALTY
REFUELING, CONTINUED			
R3	No helmet, goggles/visor up during fuel, improper attire	21.2	Warning/\$500 fine/D-T
R4	Excessive fuel spill	37.8	Warning/\$500 fine/D-T
R5	Top off autonomous tank while Car in Pit Box	37.4.6	Drive Through
ON-TRACK			
T1	Brakelights/Headlights/Taillights not working	22.3.3	Repair
T2	Driver pushing Car	30.1.5	Stop + 120 seconds
T3	Anyone working on Car but Driver except at Pit Box	31.3 & 31.4	Stop + 120 seconds
T4	Fuel Replenishment on-track	37.4.9	Stop + 120 seconds
T5	Drive counter-Race except to remove from unsafe loc.	30.1.2	Stop + 120 seconds
T6	2X Red or Checkered Flag	27.4.4 & 27.12	5 Min. hold each 2X+ or 10 Min. Impound (Car&Driver)
T7	False Start	44.8	Drive Through
T8	Pass under yellow	27.2 & 27.3	Correct/Drive Through
T9	Shortcut	30.1.1	W/Drive Through
T10	Not stop at chicane(s) when missed (shortcut)	30.1.1	Drive Through
T11	Blocking	30.4	Drive Through
T12	Incident Responsibility	30.5	Drive Through
T13	Unjustifiable Risk	30.6	Discretion
T14	Drive-Time Infractions	12	Back of class
T15	Driver more than ten (10) meters away from Car	31.1 & 31.2	Discretion/Retired
T16	Door(s) missing	22.3.5	Stop/Repair
T17	Overboost Limits	22.3.12	Warning/D-T/S+10sec.
T18	Engine Parameters	22.3.11	Warning/D-T/S+10sec.
T19	Transponder Non-Functional	22.3.8	Stop/Repair
DURING A PENALTY			
D1	Must not stop at pit during "Drive Through" penalty	33.5.1.A	Repeat D-T
D2	Must not stop at pit during "Stop and Go" penalty	33.5.1.A	Repeat S&G
D3	No Driver contact during "Stop and Go"	33.5.1.C	Repeat S&G
ADDITIONAL BASELINE PENALTIES			
B1	Un-served PLSL and other penalties that cannot carry over to qualifying or Race	ATT1, Par. 1.2	Warning/\$500/Discretion
B2	Change marked tires <u>before</u> qualifying / pre-Race deadline.	43.6	Back of class start
B3	Change marked tires <u>after</u> qualifying / pre-Race deadline.	43.6	Drive Through
B4	Change starting Driver post-qualifying / pre-recon lap deadline.	43.5	Back of class start
B5	Late notification to change starting Driver after pre-recon lap deadline.	43.5	Drive Through
B6	Change Driver combination / new Driver post-qualifying / pre-recon lap deadline (force majeure)	11.2.1.B	Back of class start
B7	Late notification Change Driver combination / new Driver after pre-recon lap deadline (force majeure)	11.2.1.B	Drive Through
B8	Pit lane blend line violation	32.1	Warning/Drive Through
B9	Improperly served Emergency Service obligation	46.3.1.A & 46.3.3.A	Stop + 10 Seconds
B10	Unserviced penalty after four (4) laps	27.8.3	Drive Through added
B11	Late or absent from mandatory briefings	9.4.15 & 16	Warning/\$500

2. ATTACHMENT 2 – BALANCE OF PERFORMANCE (BoP)

- 2.1.** The Technical Regulations are the basis for the technical specifications for the WeatherTech Championship. In order to achieve IMSA's season-long goal of ensuring the demonstrated performance of the best example of each Manufacturer's Car is within a stated performance window that maintains competitive equivalency between Cars within each class, and achieves the desired separation between classes, IMSA may, at its discretion, utilize an adjustment method (BoP).
- 2.1.1. If a Manufacturer is represented by more than one Car in a single class, the best example is used.
 - 2.1.2. If the Manufacturer is represented by a single Car, that Car is then used then to balance the Manufacturer's vehicle to the class average.
 - 2.1.3. The goals of equalizing lap time and top speed have been and continue to be two of the essential elements of IMSA's BoP process and is consistent with Manufacturer's expectations.
- 2.2.** For the LMP2, GTLM and GTD classes, which have references to Balance of Performance (BoP) in the FIA regulations, where there is any conflict, Attachment 2 supersedes all FIA specifications.
- 2.2.1. For LMP2 Cars, BoP is not applied individually between the LMP2 Constructor Cars (exception - Daytona Aerodynamic limitations).
 - 2.2.2. Cars must comply with the BoP specifications as issued by Bulletin.
- 2.3.** BoP Criteria:
- 2.3.1. Timing and Scoring data.
 - A. Driver lap time distribution
 - B. Fuel stint length analysis
 - C. Lap time distribution
 - D. Race pace lap time
 - E. Sorted lap times
 - F. Trap speeds (top speed)
 - G. Weighted sector analysis (heat map)
 - H. Weighted average lap time
 - I. Weighted eclectic lap time
 - 2.3.2. IMSA Scrutineering logger (logged vehicle data).
 - A. Braking
 - B. Capacitive fluid level sensors (autonomous pit tank)
 - C. Fuel consumption (fuel flow and autonomous tank level sensors)
 - D. Lateral acceleration rates
 - E. Longitudinal acceleration rates (straight line)
 - F. Tire degradation
 - G. Weighted average elapsed time and distance
 - H. Other criteria including but not limited to top speeds and qualifying lap times may be considered.

- 2.3.3. Chassis
 - A. Aero and mechanical configurations
- 2.3.4. IMSA may omit from consideration performance(s) not reflective of the demonstrated performance of the Car.
- 2.4. Manufacturers, Entrants and/or Drivers may be asked to carry out specific testing as may be required by IMSA in order to aid in this process and facilitate the collection of data. Additional class-specific adjustments may occur at any time during the season.
- 2.5. The following adjustments may apply:
 - 2.5.1. Minimum weight of the Car.
 - 2.5.2. Engine restrictor/boost pressure change.
 - 2.5.3. All Aerodynamic Configurations must be Homologated and used as defined in the published BoP table(s).
 - 2.5.4. Other parameters including aero configurations may be changed by IMSA as required.
 - 2.5.5. Adjustments take effect seven (7) days after publication except in the case of Events on consecutive weekends. These adjustments are deemed part of the RULES.
- 2.6. IMSA is not responsible for ensuring Cars not exhibiting performance representative of their class or Cars not yet developed become competitive.
- 2.7. IMSA shall have the right that Teams must provide any Car data that they develop at any Event(s). Further, IMSA shall have the right to require the Entrant to run additional data gathering device(s), and provide inputs for such device(s), at Entrant's expense. Providing false or intentionally misleading information is a breach of the RULES.
- 2.8. Valid data must be provided upon request to assist IMSA in the BoP process. Deliberately providing false information, attempting to influence the BoP process by manipulating the performance through Driver management or by any other means, or displaying a level of performance above or below the expected result in any Session by any entity specified below may be penalized to the full extent listed in Art. 57.
 - 2.8.1. Competitor.
 - 2.8.2. Constructor.
 - 2.8.3. Manufacturer.
- 2.9. Decisions of IMSA regarding BoP are Conclusive and not subject to protest or appeal.
- 2.10. Public statements regarding BoP are subject to Article 3.16 – CODE OF CONDUCT.

3. ATTACHMENT 3 – TIRES

3.1. General

- 3.1.1. IMSA reserves the right to regulate tires and the eligibility of certain tires and tire manufacturers, and may do so at any point in the season, and may modify or waive any part of this Att. 3 at its sole discretion. Decisions of IMSA pursuant to this Att. 3 are Conclusive.
- 3.1.2. All tires used in a Session must be specifically designed for automobile racing and must be approved by their manufacturer for such use.
- 3.1.3. **Class Specifications.** Cars must use properly branded tires complying with class specifications:
 - DPI: Michelin
 - LMP2: Michelin
 - GTLM: Open Tire Competition - Official Proud Tire Partners
 - GTD: Michelin

3.2. Tire Manufacturers

- 3.2.1. The participation of any tire manufacturer must be pre-approved in writing by IMSA.
- 3.2.2. For a tire manufacturer to be approved with a particular brand of tire:
 - A. That brand must be sold for automotive use in the United States of America.
 - B. Enter into an Official Tire Partner Agreement with IMSA.
 - C. Meet such other minimum requirements as required by IMSA.
- 3.2.3. Tire manufacturer must provide to IMSA, prior to distributing any tires, an inventory of all tires they have brought to an Event. IMSA reserves the right to inspect and inventory any manufacturer's tire supply to ensure compliance with this Attachment. Except with written permission from IMSA, a tire manufacturer must not bring tires not intended for use at that Event. For such waiver, tires not intended for use at that Event must be securely stored, with access controlled by IMSA. It is the manufacturer's responsibility to ensure that all tires are stored in secured containers with access limited only to the manufacturer's representatives and IMSA Officials.
 - A. Tire manufacturers must only bring one type of Wet Tire Set for each class of Car they supply. That type must be available to all Cars they supply.

3.3. Tire Specifications

- 3.3.1. Tires must conform to the specifications of the specified Technical Regulations.
- 3.3.2. Recapped tires prohibited.
- 3.3.3. Tires must be declared by their manufacturer to be either Wet tires or Dry tires. A Car must run either an all Wet Tire Set or an all Dry Tire Set at any given time.
- 3.3.4. Tires designed specifically for the purpose of qualifying are prohibited.
- 3.3.5. All tires must be clearly identified and marked with the following information:
 - A. The tire manufacturer's brand, which must be visible and on the side of the tire intended to face the outside of the Car.
 - B. Identification unique to each tire type with regards to construction, tread, rubber compound and tire size. The tire manufacturer is not required to disclose the meaning of this identification regarding construction, tread, and rubber compound or tire size.

C. These identification marks must be manufactured in a manner that they remain visible at all stages of the tire's life in normal racing use. These do not need to be visible while the tire is in use and may be on the bead or on the inside of the tire.

3.3.6. **Wet Tires.** Prior to providing any wet tires intended to be used in Competition to Teams, tire manufacturers must provide to the IMSA Sr. Director, Technical Regulations & Compliance a list detailing what tire types are intended to comprise a Wet Tire Set for each class of Car supplied by the tire manufacturer. The type is defined by the tire's compounding, construction, tread pattern, depth and size. Tire manufacturers must register the tread pattern with IMSA by providing a full-scale diagram of the tread showing at least three (3) repeats of the tread via a digital medium or on a transparency or transparent paper. They must also specify the nominal tread depth, as manufactured, and the nominal ratio of contact areas as a percentage of total area, which must conform to Par 3.3.7 of this Attachment.

3.3.7. Wet tires must conform to the following minimum standards:

A. Tread depth, as manufactured and supplied to Competitors, must be a minimum of 2.5 mm in any void area of the tire.

B. All wet tires must, when new, have a maximum contact area of 70% of the total area. For the purpose of measuring the voids, any void not conforming to Par. 3.3.7.A. is not considered.

C. Contact areas are measured symmetrical to the tire centerline and covering a square:

Measured Maximum	
Tire Width, As Mounted	Measurement Square
9 inches	180 x 180 mm
10 inches	200 x 200 mm
11 inches	230 x 230 mm
12 inches	250 x 250 mm
13 inches	280 x 280 mm
14 inches	300 x 300 mm
15 inches	320 x 320 mm
16 inches	345 x 345 mm

D. Tires with a measured maximum tire width, as mounted, between these sizes, are measured using the next smaller square (e.g. a tire with a nominal tire width of 11.7" is measured with the 11" template).

E. Adding or enlarging grooves on Wet tires by the manufacturer may be permitted with written permission from the IMSA Sr. Director, Technical Regulations & Compliance, provided the wet tires met the requirements of Par. 3.3 of this Attachment prior to the alteration.

3.4. Entrant Tire Declaration & Allocations

3.4.1. **Declaration:** Each Entrant must declare their tire manufacturer in the Vehicle Registration Form and all tires on the Car must be supplied by the selected tire manufacturer.

A. **GTLM:** An individual Car manufacturer must use tires supplied by a single tire manufacturer. A Car manufacturer may, on approval by IMSA, change tire manufacturers but must not do so during an Event.

3.4.2. For the purpose of tire allocations for all classes, an Event includes all Official Sessions through and including the Race day.

3.4.3. New or used Dry tires carried over from a previous Event are counted against the Car's allocation and must be clearly marked by the Team as carryover tires.

A. All tires for an Event must be registered with the Tire manufacturer prior to use in any on-track sessions. Registration occurs in the following ways:

- i. All tires purchased during the Event at the Tire manufacturer's tire workshop or as part of the Tire Cart service for the Event are automatically registered for the current Event at the time of purchase/mounting.
- ii. Teams may register carryover tires (tires purchased at a previous test or Race) at the Tire manufacturer's tire workshop, provided those tires are the correct specification as designated in the SR for the Event. Carryover tires must be brought to the tire workshop for scanning to complete registration.

3.4.4. The Dry tire allocation is limited for each Event as listed in the SR.

3.4.5. Wet tires are not counted in a Car's allocation.

3.5. Tire Selection, Mounting & Marking

3.5.1. **Selection.** For wet tires, IMSA Officials may select tires at random from each tire manufacturer's supply of a particular type to fill Competitor's orders. The method of selection is at the Official's discretion, and tires are selected from the tire manufacturer's entire Event inventory. Tire manufacturers must not provide tires not approved by the IMSA Officials.

3.5.2. **Mounting;** Tire manufacturer service hours of operation commence at 8:00am and end at 4:30pm on the day prior to the first Event day. On all Event days, mounting commences two (2) hours prior to the first Session and ends at the later of; two (2) hours after the last Session, or 5:00pm. The Officials may change these times and notify the Competitors either in the SR or by announcement at the Event. Additional accommodations may be made, by exception.

3.5.3. **Marking.**

A. Tires where the Official's markings have been worn or damaged must be immediately returned to the Officials for re-marking.

B. It is prohibited to change, deface or forge the Official's tire markings, embedded RFID chips or the tire manufacturer's markings. Any such attempt shall result in withdrawal of the tires by IMSA from the Event and imposition of any other penalty deemed appropriate.

C. New or used Dry tires may be carried over from a previous Event for use at a subsequent Event (if the correct specification for that Event). Such tires must be clearly marked by the Team as carryover tires.

3.6. Tire Usage

3.6.1. Entrants must not transfer tires marked for use by one Car to another Car, even if the same Entrant has entered the other Car.

3.6.2. Any tire stamped by IMSA and delivered to the Entrant is charged against the Car allocation. Any tire returned and that is new and determined to be unused by the Officials is credited to the Car's tire allocation. Permission to exchange tires is at the IMSA Official's discretion. Tire marking shall occur at the respective tire manufacturer's mounting area only. Tracking of tires by RFID or bar code may be utilized in place of tire stamping or marking.

- 3.6.3. Used tires damaged in the course of the Event are not replaced except that at the sole discretion of the IMSA Sr. Director, Technical Regulations & Compliance, they may permit up to one (1) tire per Event per Car to be replaced exclusively in case of adverse circumstances, however this tire is considered part of the Car's allocation. Accident or contact with another Competitor, unintentional or otherwise, whether caused by the Competitor or not, does not necessarily warrant replacement of tires. Only tires identified by the Officials as having been damaged are replaceable. Any replacement tire must be an exact replacement (i.e. position, and type).
- 3.6.4. **Prohibited:** Tire modification; Use of a traction compound or any substance that might alter the physical properties of a tire as supplied by its manufacturer; "Grooving" Dry tires to create intermediate style Wet tires; Tire warmers or any other means of artificially warming tires; Any method of regulating tire pressure on-track. Any action, other than ordinary on-track use, designed to alter the tires as supplied. Anything not specifically permitted is prohibited.
- 3.6.5. **Permitted:** Cleaning rubber "pick-up" from used tires via heat gun and scraper.
- 3.6.6. **Operational Requirements:** Tire manufacturers shall issue bulletins, no later than two (2) hours prior to the first scheduled on-track session for each sanctioned Event, specifying appropriate operational requirements. These bulletins may be issued to cover single or multiple Events and/or locations. Such bulletins shall include the following operational requirements (Subject to Penalty per Art. 22.7, Technical Non-Compliance):
- A. Minimum cold and/or hot pressures;
 - B. Minimum and/or maximum front and/or rear camber settings;
 - C. Compliance with Tire Manufacturer operational requirements is mandatory. Deviation from published requirements may only be granted by designated Tire Manufacturer representatives via published bulletin upon approval by IMSA. Noncompliance is subject to penalty.
 - D. **Access:** Officials of IMSA and the tire manufacturer shall have free access into the Competitor's pit and Paddock space at all times to validate the operational requirements including tire pressures and alignment settings. This includes access to tire pressure data from Car telemetry systems. Tire Manufacturers and IMSA may perform comparisons of telemetry-reported tire pressures to actual measured tire pressures. Intentional application of offsets within the pressures being reported by the tire pressure monitoring system and associated Car telemetry system is prohibited and may be subject to penalty.
- 3.6.7. **Location:** If marked by their manufacturer for a specific position on the Car, tires must only be used in those position(s) for which they are marked (such as LF, RF, LR, RR). Dismounting a tire and remounting it with the outboard sidewall facing inboard is prohibited.
- 3.6.8. **Radio Frequency Tire Identification (RFID)**
- A. All Dry tires used in competition must be fitted with RFID identification tags to control tire allocation.
 - B. Active recording of each tire RFID may be used in place of tire marking and/or for tracking of tire consumption relative to tire allocations for each Car.
 - C. Each Car must carry a two (2) Car-specific RFID vehicle identification tags uniquely identifying the Car. The Car RFID tags are supplied to IMSA by the Tire Manufacturer. IMSA issues the Car's RFID tags as part of the equipment package provided to each Entrant.
 - i. One (1) RFID tag is required on each side of the Car.
 - ii. Car RFID tags must be affixed vertically (small section horizontal).

D. Placement

- i. Car RFID tags must be affixed in front of the rear wheel at a height proximal to centerline of the wheel axis (red area in diagram below).
- ii. Alternate locations must be approved in writing by IMSA (the SDRTC or designee) prior to the Event.
- iii. Car RFID tags may be covered with minimal, non-metallic vinyl.
- iv. Car RFID tags must be unobstructed by any other part of the Car.

- E. It is the responsibility of the Entrant to ensure the Car-specific RFID vehicle identification tags operate properly.
- F. Each Car must have functioning Car RFID tags in place prior to exiting pit lane for any IMSA-sanctioned Event on-track session when RFID systems are in use. Proceeding on-track without a Car RFID tag in place may result in a penalty.
- G. RFID readers are located at the exit of pit lane and all Cars must pass through the RFID readers when entering the track.
 - i. Cars entering the track from pit lane must pass through the RFID readers in single file at the Pit Lane Speed Limit.
 - ii. Contact with the RFID reading equipment is subject to penalty.
 - iii. Entrant is responsible for all associated costs of repair or replacement of the RFID reading equipment resulting from contact.

4. ATTACHMENT 4 – FUEL

- 4.1. Cars participating at an Event, including any “Promoter Test Day” (if applicable), or any IMSA-directed Testing, must use the approved fuel (“Official Fuel”) for the engine type as listed by the Entrant in the Vehicle Registration Form.
- 4.1.1. Competitors are responsible for ordering fuel from the IMSA Official Fuel Supplier, with a link to the order form at imsacompetitors.com.
- 4.1.2. The following Official Fuels are authorized by IMSA:
- A. Diesel: IMSA Diesel
 - B. Gasoline: IMSA 100 (E10)
 - C. Gasoline: IMSA E20C
 - D. Ethanol: IMSA E85C
- 4.1.3. All Competitors must use these Official Fuels as dispensed from the IMSA Official Fuel Supplier, typically in sealed, fifty-four (54) gallon lined steel drums.
- 4.1.4. IMSA may sample the actual fuel(s) provided by the fuel supplier as the benchmark from which all Competitor’s samples are judged. IMSA reserves the right to check any fuel at any time.
- 4.1.5. Competitors are responsible for the proper handling, transportation and security of their fuel from the time it is dispensed to them and for the proper disposal of unused fuel and/or fuel drums.
- 4.1.6. Competitors are specifically directed not to leave any fuel at the racetrack after the Event, unless prior arrangements have been made.

5. ATTACHMENT 5 – LOGOS / NUMBER PANELS / DECALS

5.1. LOGOS, DRIVER AND CREW MEMBER UNIFORM REQUIREMENTS (See Also Article 10)

- 5.1.1. IMSA requires specific logos to be on all Driver and Crew Member uniforms. Embroidered logos are acceptable provided they are the exact size, shape & colors of the required/supplied patch. Printed logos are acceptable for Crew Member uniforms.
- 5.1.2. Below are shown the official logos and only acceptable logos to be utilized on all Driver and Crew Member uniforms. All logos must follow the brand guidelines at imsacompetitors.com, retain the original logo aspect ratio, remain intact and must not be altered in any manner:

2019 Required Logos:

IMSA 50th Apex – 2019 race season only, white background and black border are required

WeatherTech Championship Team/Crew Uniforms

Exhibit A

Crew Uniform

Crew/Driver Fire Suit

Logos

WeatherTech Championship
IMSA EST 1969
IMSA Logo (Red)
IMSA 50th Apex
IMSA Michelin Endurance Cup
Tire Partner
VP Racing Fuels

Minimum Size (WxH)

3.75" x 2.5"
3.75" x 1"
3.75" x .77"
4" x 2.5"
3.75" x 2"
4.5" x 0.9"
4" x 3"

5.2. Specifics: (See Exhibit A)

- 5.2.1. WeatherTech Championship logo must be in top position.
- 5.2.2. IMSA Michelin Endurance Cup logo is required at all WeatherTech Championship Events entered by any Driver participating in the IMSA Michelin Endurance Cup.
- 5.2.3. IMSA Michelin Endurance Cup logo must be in second position, directly below the WeatherTech Championship logo.
- 5.2.4. Tire Partner logo size is only mandated for DPi, LMP2 and GTD classes. Logo dimensions referenced in Par. 5.1.2 for minimum embroidered application size or must use the patch as provided by IMSA. Patches may be used to cover any outdated logos. Outdated logo patches prohibited. GTLM - contact Tire Partner.
- 5.2.5. IMSA logo must be located on the left sleeve. Either the standard red or IMSA EST 1969 logo are acceptable for use in the 2019 season only. The red IMSA logo is only acceptable in an embroidered/sublimated format only. IMSA EST 1969 patchovers will be provided to cover red IMSA patches.
- 5.2.6. VP Racing Fuels logo must be located on the left sleeve directly below IMSA.
- 5.2.7. IMSA 50th Apex, if used, must be located on the left sleeve of long sleeve uniforms and firesuits, and may be worn on either sleeve or the chest of short sleeve uniforms. Patches will be provided upon request. Only acceptable in 2019 season.

Multiple Series Team/Crew Uniforms

Exhibit B

**5.3. Teams/Drivers Participating in Multiple Series:** (See Exhibit B)

- 5.3.1. Multiple Series patches/logos are permitted on the same fire suit provided they appear in descending order (IMSA WeatherTech SportsCar Championship, IMSA Michelin Pilot Challenge, IMSA Prototype Challenge, Porsche GT3 Cup) on the same side. Non-IMSA Series logos are prohibited.

5.3.2. Multiple Tire Partner logos are permitted on the same fire suit, however only the appropriate Series Tire Partner must be displayed when participating in the Series. Example, for Driver/Crew Member participating in the WeatherTech Championship and another Series, other Series Tire Partner logo must be covered when in WeatherTech Championship sessions.

5.3.3. VP Racing Fuels logo must be placed on the left sleeve directly below IMSA logo.

5.3.4. All other required logos must be displayed at all times.

5.4. Additional Specifications.

5.4.1. Entrant may receive a minimum \$500.00 fine for logos not in compliance.

5.4.2. All logos must be in their full and correct colors and are available by contacting info@imsa.com.

5.4.3. Blank areas where background shirt/firesuit colors are visible when embroidering logos are prohibited.

5.4.4. Failure to display required logos may result in penalties or ineligibility for Point Fund / Prize Money.

5.4.5. Uniforms must be of tasteful design and neat and clean in appearance.

5.5. IMSA REQUIRED LOGOS/DESIGNATIONS, TRANSPORTERS AND CARS:

5.5.1. IMSA requires specific decals & panels to be placed on WeatherTech Championship transporters and competing Cars. All logos and advertising are subject to IMSA approval. Please reference the IMSA and WeatherTech Championship brand guides at imsacompetitors.com.

5.5.2. One (1) set of series-specific decals are supplied by IMSA to each Premium Entrant. All other decals are the responsibility of the Competitor. Competitors may also be required to display Event-specific sponsor decals in an approved location on each side of the Car.

5.6. Required Logos:

5.6.1. Below are shown the only acceptable and official logos/class designations to be utilized on Team transporters and Cars.

Solid blue and yellow background and white logo/Bib are required

Class Decals:

5.7. LOGOS, TEAM TRANSPORTERS:

- 5.7.1. The following requirements are applicable to transporters in the IMSA Paddock at all Events:
- A. One (1) IMSA EST 1969 logo on each side of transporter with a minimum width of 36" as well as appropriate clear space as determined by brand guide.
 - B. One (1) WeatherTech Championship logo on each side of transporter with a minimum width of 36" as well as appropriate clear space as determined by brand guide.
 - C. One (1) IMSA EST 1969 logo on back of transporter with a minimum width of 18" as well as appropriate clear space as determined by brand guide.
 - D. One (1) WeatherTech Championship logo on back of transporter with a minimum width of 18" as well as appropriate clear space as determined by brand guide.
- 5.7.2. Each Car entry is required to fly the following flags on top of each transporter in the Paddock:
- A. One (1) IMSA EST 1969 logo.
 - B. One (1) WeatherTech Championship logo.
 - C. One (1) IMSA Michelin Endurance Cup logo, for Endurance Cup participants only.
 - D. Flags flown together must be in the above order from top to bottom.
 - E. Limited quantities of flags for each Team are supplied by IMSA. Flags must match the design, size and color as supplied by IMSA.

5.8. LOGOS, CAR:

- 5.8.1. IMSA exclusive areas. Competitors must leave three (3) empty spaces measuring 18" W x 18" H for the Car number panels, detailed below. The outside rear wing end plates, mirrors and upper windscreen banner areas are reserved for the exclusive use of IMSA upon request.
- 5.8.2. Class Color Designations. IMSA designates classes using a 4-color system: Black/White designates Daytona Prototype international cars (DPi); Blue designates Le Mans Prototype 2 (LMP2) cars; Red designates GT Le Mans (GTLM) cars; and Green designates GT Daytona (GTD) cars. In the DPi class, the number plate background and class decals must be fully covered in the class designation color. In LMP2, the number panel background, outside rear wing end plates, mirrors, class decals and LMP2 lockup on the windscreen must be fully covered in the class designation color. In the GTLM and GTD classes, the number panel background, outside rear wing end plates, mirrors, class decals and the outer four inches (4") on each side of the windscreen must be fully covered in the class designation color. For the GTLM and GTD classes, the windscreen banner center (between the class color borders) for single-Car Teams must be white and for Teams with two (2) Cars in the same class, the second Car's windscreen banner center must be black. For LMP2 teams running 2 cars with similar liveries, see your series manager for windscreen requirements. Sponsor decals are permitted on the outside rear wing end plates and mirrors, provided that the class color remains clearly visible. The designated colors for each class are:
- A. DPi: Pantone White / Pantone Black 3C
 - B. LMP2: Pantone 7455
 - C. GTLM: Pantone Red 1797C
 - D. GTD: Pantone Green 354C

- 5.8.3. At the sole discretion of IMSA, a request for a special livery for significant cause may be approved for exemption of certain requirements stipulated in the RULES. Such requests must be made in detail, including renderings and supporting materials describing the significance of the livery and other aspects that IMSA may take into consideration. Such request must be submitted in full no later than 30 days prior to the date of desired first use to the VP of Marketing for IMSA. Any IMSA decision regarding such request is Conclusive.

5.9. NUMBER PANELS

- 5.9.1. **Assigned Number Panels.** Three (3) number panels are required, one (1) on each side and one (1) clearly visible from the front. Side number panels must be clearly visible and affixed on flat and vertical surfaces in class-specific locations. If not possible to read the numbers, the Car may be stopped by Race Control.
- A. In addition to the options listed below, IMSA permits the front and side number panels to be broken down into separate elements, as long as all the relative sizes of each element is maintained and clearly visible on the Car. The permitted separated elements are:
- WeatherTech Championship logo
 - IMSA Michelin Endurance Cup logo (if applicable)
 - Lockup number panel with WeatherTech logo on top

- 5.9.2. For Races taking place partly by night, Cars must be equipped with white light-emitting side number panels. The colored background must be cut out in the number shapes so that they are illuminated during the night.

PROTOTYPE (LMP2) Class

GTD Class

Number plate background = **GREEN** (White#)

Rear Wing Endplates = **GREEN**

Mirror = **GREEN**

Leader Lights = **GREEN**

Windscreen = **GREEN**

White center primary car
Black center second car

5.10. Driver's National Flags and Names.

- 5.10.1. For GTLM and GTD, the national flags of the Drivers as well as their names must be displayed on each side of Car above the door opening.
- 5.10.2. For DPi and LMP2, the national flags of the Drivers as well as their names must be displayed on each side of Car in direct proximity to the door opening.
- 5.10.3. For all classes, the minimum height of both flags and names must be 1.25".

5.11. DECALS. Cars must follow the requirements below, with specified and preferred location per Par. 5.12, 5.13, 5.14 and 5.15.

- 5.11.1. **Exception.** If a Team secures or is working to secure a primary sponsor in the oil category, with appropriate branding presence on the Car, Entrant can apply to IMSA for exemption of requirement to display the IMSA Official Motor Oil partner decals (Par. 5.12.10, 5.13.8, 5.15.9). Request for exemption must be submitted in writing, no later than fourteen (14) days prior to first participation at the applicable Event, to: David Pettit, Vice President of Marketing, IMSA (dpettit@imsa.com) and include depiction(s) of the Car's branding. Should IMSA, at its sole discretion, agree to such display, Entrant shall forfeit any applicable award(s) specific to IMSA's Official Motor Oil partner.
- 5.11.2. **Tire Branding.** Teams participating in an IMSA Event (including but not limited to pre-race activities, on apparel, or outside entities visible to media at an IMSA Race) must not display or project or otherwise promote a company engaged in the production, manufacturing, selling, or distribution of tires without the prior written consent of IMSA.

5.12. Daytona Prototype international

5.12.1. Number Panels

- A. 10" H x 12" W for side panels and 14" H x 13.5" W for front panel
- B. Number panels must match Series design and color. Changes or additional designs prohibited (i.e. stylized numbers).
- C. Numbers must be white in color, Arial font, 7" tall with 1.25" stroke.
- D. Side number panels on all DPi Cars must be placed on a flat surface directly behind the front wheel on both sides.
- E. Front number panel must be clearly visible when viewing the car head-on.

5.12.2. Gold IMSA Logo

- A. 8" wide and must maintain original size aspect ratio.
- B. One (1) decal on front, centered.
- C. Must be clearly visible and affixed on a flat surface.

5.12.3. IMSA WeatherTech SportsCar Championship

- A. 6.5" wide and must maintain original size aspect ratio.

- B. One (1) decal on each side, forward of centerline, clearly visible and affixed on a flat and vertical surface.

5.12.4. IMSA Michelin Endurance Cup

- A. Required only for cars participating in the Endurance Cup
- B. 6" wide and must maintain original size aspect ratio.
- C. One (1) decal on each side, forward of centerline, clearly visible and affixed on a flat and vertical surface.

5.12.5. IMSA 50th Apex Logo

- A. 6" wide (lower left corner to upper right corner, horizontally) and must maintain original size aspect ratio.
- B. One (1) decal, rear of center line, each side.
- C. Must be clearly visible and affixed on a flat surface.

5.12.6. Windscreen

- A. Minimum height of 6".
- B. Entire area is reserved for OEM use.
- C. Windscreen may be any color matching the Car livery, subject to prior approval by IMSA, Geoff Carter gcarter@imsa.com. Mirror color must match the predominant windscreen color.
- D. Primary and secondary Cars may use any color (subject to approval) provided they contrast significantly from each other. Mirror color must match the windscreen color.

5.12.7. Leader Lights

- A. 9" W x 8" H area must remain clear of any other decals, wrap or graphics.
- B. Leader Lights must be clearly visible from side.

5.12.8. Class Decals

- A. 3.25" tall and must maintain original size aspect ratio.
- B. One (1) decal on each side.

5.12.9. Tire Decals

- A. 12" W x 2.5" H tire partner decals.
- B. One (1) Running Bib decal, 8" H x 4.5" W, on the rear lower quarter panel on both sides of the Car.
- C. One (1) tire partner decal must be placed on front fender, forward and below of the front axle centerline, each side.

5.12.10. Oil Supplier

- A. 7.38" W x 2" H
- B. One (1) on each side, forward of centerline.
- C. Must be clearly visible and affixed on a flat and vertical surface.

5.12.11. Fuel Supplier

- A. 24 sq/in, 6" W, maintaining the original aspect ratio.

- B. One (1) on each side, rear of centerline.
- C. Must be clearly visible and affixed on a flat and vertical surface.

5.12.12. IMSA Technical Conformity

- A. 3" H
- B. Left top corner of the windscreen.

5.13. Le Mans Prototype 2

5.13.1. Number Panels

- A. 14" H x 13.5" W
- B. Number panels must match Series design and color. Changes or additional designs prohibited (i.e. stylized numbers).
- C. Numbers must be white in color, Arial font, 7" tall with 1.25" stroke.

D. Side number panels on all LMP2 Cars must be placed on a flat surface directly behind the front wheel on both sides.

E. Front number panel must be clearly visible when viewing the car head-on.

5.13.2. **Gold IMSA Logo**

A. 8" wide and must maintain original size aspect ratio.

B. One (1) decal on front.

C. Must be clearly visible and affixed on a flat surface.

5.13.3. **IMSA 50th Apex Logo**

A. 6" wide and must maintain original size aspect ratio.

B. One (1) decal, rear of center line, each side.

C. Must be clearly visible and affixed on a flat surface.

5.13.4. **Windscreen**

A. Minimum height of 6".

B. LMP2 Lockup decal is mandated in center section with minimum height of 4", maintaining at least 1" of clear space all around the Lockup. LMP2 Lockup must maintain original size aspect ratio.

C. Must be white. For teams with two cars running similar liveries, the center section on the first car must be white, the center section on the second car must of contrasting color, subject to IMSA approval – contact your series manager.

5.13.5. **Leader Lights**

A. 9" W x 8" H area must remain clear of any other decals, wrap or graphics.

B. Leader Lights must be clearly visible from side.

5.13.6. **Class Decals**

A. 3.25" tall and must maintain original size aspect ratio.

B. One (1) decal on each side.

5.13.7. **Tire Decals**

A. 12" W x 2.5" H tire partner decals.

B. One (1) Running Bib decal, 8" H x 4.5" W, on the rear lower quarter panel on both sides of the Car.

C. One (1) tire partner decal must be placed on front fender, forward and below of the front axle centerline, each side.

5.13.8. **Oil Supplier**

A. 7.38" W x 2" H

B. One (1) on each side, forward of centerline.

C. Must be clearly visible and affixed on a flat and vertical surface.

5.13.9. **Fuel Supplier**

A. 24 sq/in, 6" W, maintaining the original aspect ratio.

- B. One (1) on each side, rear of centerline.
- C. Must be clearly visible and affixed on a flat and vertical surface.

5.13.10. IMSA Technical Conformity

- A. 3" H
- B. Left top corner of the windscreen.

5.14. GT Le Mans

5.14.1. Number Panels

- A. 14" H x 13.5" W
- B. Number panels must match Series design and color. Changes or additional designs prohibited (i.e. stylized numbers).
- C. Numbers must be white in color, Arial font, 7" tall with 1.25" stroke.
- D. Number panels must be placed on a flat surface directly behind the front wheel on both sides, one on hood.
- E. Front number panel must be clearly visible when viewing the car head-on.

5.14.2. Rear Number

- A. Arial font, 7" high with 1.25" stroke.
- B. One (1) on rear.
- C. Contrasting color.

5.14.3. Gold IMSA Logo

- A. 8" wide and must maintain original size aspect ratio.
- B. One (1) decal on front.
- C. Must be clearly visible and affixed on a flat surface.

5.14.4. IMSA 50th Apex Logo

- A. 6" wide and must maintain original size aspect ratio.
- B. One (1) decal on the C pillar.
- C. Must be clearly visible and affixed on a flat surface.

5.14.5. Windscreen

- A. Minimum height of 6".
- B. 4" section on each end of windscreen must be solid red.
- C. Center section is reserved for OEM.

5.14.6. Leader Lights

- A. 9" W x 8" H area must remain clear of any other decals, wrap or graphics.
- B. Leader Lights must be clearly visible from side.

5.14.7. Class Decals

- A. 3.25" tall and must maintain original size aspect ratio.
- B. One (1) decal on each side.
- C. One (1) decal on rear.

5.14.8. Tire Decals

- A. Contact tire provider.

5.14.9. Oil Supplier - N/A

5.14.10. Fuel Supplier

- A. 24 sq/in, 6" W, must maintain original aspect ratio.
- B. One (1) on each side, rear of centerline.
- C. Must be clearly visible and affixed on a flat and vertical surface.

5.14.11. IMSA Technical Conformity Sticker

- A. 3" H
- B. Left top corner of the windscreen.

5.15. GT Daytona

5.15.1. Number Panels

- A. 14" H x 13.5" W
- B. Number panels must match Series design and color. Changes or additional designs prohibited (i.e. stylized numbers).
- C. Numbers must be white in color, Arial font, 7" tall with 1.25" stroke.
- D. Number panels must be placed on a flat surface directly behind the front wheel on both sides, one on hood.

E. SPRINT CUP PARTICIPANTS ONLY: Number panel must include the WeatherTech Sprint Cup logo in place of the IMSA Michelin Endurance Cup logo within the number panel.

i.

5.15.2. Rear Number

- A. Arial font, 7" high with 1.25" stroke.
- B. One (1) on rear.
- C. Contrasting color.

5.15.3. Gold IMSA Logo

- A. 8" wide and must maintain original size aspect ratio.
- B. One (1) decal on front.
- C. Must be clearly visible and affixed on a flat surface.

5.15.4. IMSA 50th Apex Logo

- A. 6" wide and must maintain original size aspect ratio.
- B. One (1) decal on front on the C pillar.
- C. Must be clearly visible and affixed on a flat surface.

5.15.5. Windscreen

- A. Minimum height of 6".
- B. 4" section on each end of windscreen must be solid green.
- C. Center section is reserved for OEM.

5.15.6. Leader Lights

- A. 9" W x 8" H area must remain clear of any other decals, wrap or graphics.
- B. Leader Lights must be clearly visible from side.

5.15.7. Class Decals

- A. 3.25" tall and must maintain original size aspect ratio.
- B. One (1) decal on each side.
- C. One (1) decal on rear.

5.15.8. Tire Decals

- A. 12" W x 2.5" H tire partner decals.

- B. One (1) Running Bib decal, 8" H x 4.5" W, on the rear lower quarter panel on both sides of the Car.
- C. One (1) tire partner decal must be placed on front fender, forward and below of the front axle centerline, each side.

5.15.9. Oil Supplier

- A. 7.38" W x 2" H
- B. One (1) on each side, forward of centerline.
- C. Must be clearly visible and affixed on a flat and vertical surface.

5.15.10. Fuel Supplier

- A. 24 sq/in, 6" w, maintaining the original aspect ratio.
- B. One (1) on each side, rear of centerline.
- C. Must be clearly visible and affixed on a flat and vertical surface.

5.15.11. IMSA Technical Conformity

- A. 3" H
- B. Left top corner of the windscreen.

ATTACHMENT 6 – IMSA MICHELIN ENDURANCE CUP

6. IMSA Michelin Endurance Cup

6.1. General.

- 6.1.1. The IMSA Michelin Endurance Cup (IMEC) is a special Competition encompassing IMSA WeatherTech Championship Races at four (4) racetracks: Daytona International Speedway, Sebring International Raceway, Watkins Glen International and Michelin Raceway Road Atlanta.
- 6.1.2. The IMEC is open to DPi, LMP2, GTLM and GTD Entrants (Teams), Manufacturers and Drivers, as entered for Races comprising the IMEC Events.
- 6.1.3. Cars must display any IMEC graphics as determined by IMSA at all Events.

6.2. IMEC Points and Point Fund / Prize Money Eligibility.

- 6.2.1. Teams (assigned Car number and Entrant) entered in IMEC Events are eligible for IMEC points.
 - A. Teams must enter and participate at all IMEC Events in the season to be eligible for IMEC Point Fund / Prize Money.
- 6.2.2. Manufacturers entered in IMEC Events are eligible for IMEC points.
- 6.2.3. Drivers entered in Cars at IMEC Events are eligible for IMEC points.

6.3. IMEC Point Distribution.

- 6.3.1. IMEC Points are awarded on a 5-4-3-2 basis to Drivers, Teams and Manufacturers in each class.
 - A. The first finishing position earns five (5) points, four (4) for second, three (3) for third, with two (2) points awarded for fourth and each subsequent finishing position.
 - B. **Race Ties.** Individual Race tiebreaker is Car at that Race in that class that is scored highest in the Official results. For the season-end IMEC championships, tiebreakers are per Art. 53 of the IMSA RULES using only the IMEC Event results.
- 6.3.2. **Points Intervals.** IMEC Points are awarded based on the standings in each class at specific intervals in each Race. IMEC points are awarded based on the standings of the next completed lap of the overall Race leader followed by all subsequent Cars after the designated time interval.
 - A. At the Rolex 24 at Daytona, IMEC points are awarded at six (6) hours, twelve (12) hours, eighteen (18) hours and at the finish.
 - B. At the Mobile One Twelve Hours of Sebring, IMEC points are awarded at four (4) hours, eight (8) hours and at the finish.
 - C. At Watkins Glen International, IMEC points are awarded at three (3) hours and at the finish.
 - D. At Motul Petit Le Mans at Michelin Raceway Road Atlanta, IMEC points are awarded at four (4) hours, eight (8) hours and at the finish.
- 6.3.3. **Individual Race Recognition.** An individual IMEC Race winner is recognized at the Event victory podium in each class, DPi, LMP2, GTLM and GTD.
- 6.3.4. **Team Points.** IMEC points are awarded to each Team (assigned Car number and Entrant) based on the assigned competition number.
- 6.3.5. **Manufacturer Points.** IMEC points are awarded for the highest-placed, highest-finishing Car from each Manufacturer, with that Manufacturer's additional Cars not counted in the standings and all other Cars advanced in the order.

- 6.3.6. **Driver Points.** Drivers are only awarded IMEC points specific to the class of Car they are nominated in at each Event. Where a Driver is nominated in two (2) Cars in the same class, IMEC points are only awarded to them in the Car in which they are declared for WeatherTech Championship Driver championship points for the Race. Where a Driver is entered in two (2) different class Cars, they accumulate IMEC points in each Car individually.

6.4. Additional Stipulations.

- 6.4.1. Any Car penalized Post-Race affecting the finishing position is subject to commensurate loss in the IMEC championship (additional penalties may apply), with all other Cars advanced in the order.
- 6.4.2. Season-end awards for the IMEC championship are presented to the winning Teams, Manufacturers and Drivers on the victory podium at Motul Petit Le Mans Event.

- 6.5.** All other IMSA RULES apply to the IMEC.

7. ATTACHMENT 7 – SPECIAL AWARDS (JIM TRUEMAN & BOB AKIN AWARD PROGRAMS // IMSA WEATHERTECH SPRINT CUP / ROOKIE OF THE YEAR / VP FUELS FRONT RUNNER AWARD / MOTUL POLE AWARD)

7.1. JIM TRUEMAN AWARD (LMP2) & BOB AKIN AWARD (GTD) PROGRAMS

7.1.1. Overview.

- A. The Trueman / Akin Driver Award programs recognize outstanding Drivers in the LMP2, and GTD classes who, while not professional Drivers, have established themselves and their driving credentials in the racing community through their talent, effort and determination. These awards are presented to those Drivers based on their individual performance, the performance of their Teams and their driving contribution to the Race result of their Car.
- B. The Trueman / Akin programs are intended for Drivers that have built a career outside of racing. These Drivers may become Race winners and champions but they are distinguished by the presence of a business career or other professional pursuit away from the racetrack.
- C. Trueman points and the Jim Trueman season-end trophy are awarded to eligible LMP2 class Drivers. Akin points and the Bob Akin season-end trophy are awarded to eligible GTD class Drivers.
- D. Trueman / Akin Drivers compete for honors at each Event and for a special season-end trophy and the opportunity to earn an invitation to participate at the 24 Hours of Le Mans in 2020. The Jim Trueman award winner is eligible to earn an entry in the LM P2 class in a Car registered in the appropriate ACO homologated category. The Bob Akin award winner is eligible to earn an entry in the LM GTE Am class at Le Mans.
- E. To be eligible for guaranteed entries to the 24 Hours of Le Mans, a Driver must, at minimum, compete in all four (4) of the IMSA Michelin Endurance Cup Events. While earned by the Driver, the guaranteed entries to the 24 Hours of Le Mans are delivered to the Driver's designated Team.

7.1.2. Application and Qualification for the Trueman / Akin Programs:

- A. Silver rated Drivers in the LMP2 and GTD classes must apply to IMSA at imsacompetitors.com and be approved prior to the first Event at which the Driver wishes to accumulate points and IMSA shall make the sole determination of qualification based in part on:
 - i. The Driver does not now and has not recently made their primary living through motor sports;
 - ii. The Driver provides a significant portion of the funding for the entry;
 - iii. Other criteria as IMSA may, at its sole discretion, determine;
 - iv. Such determinations by IMSA are Conclusive.
- B. Bronze rated Drivers in the LMP2 and GTD classes are automatically qualified to participate (but may opt out by notifying IMSA in writing).

7.1.3. Drive-Time & Standings.

- A. **Drive-Time.** Trueman / Akin Drivers must achieve the minimum drive-time listed in the SR for the Race and are subject to the Drive-Time Penalty Order Priority of Art. 12.12. If the Trueman / Akin Driver does not complete the minimum drive-time established in the SR, the Car's otherwise finishing position is not considered in the order of the results for the purposes of awarding any Trueman / Akin awards relative to all other Cars where a Trueman / Akin Driver has completed the minimum drive-time.

- B. **Standings.** Trueman / Akin standings are scored separately from the LMP2, and GTD Team, Driver and Manufacturer championships and a Trueman / Akin Driver remains eligible for LMP2, or GTD Team, Driver and Manufacturer championship points on meeting the requirements of those classes.

7.1.4. Point Distribution.

- A. Trueman / Akin Drivers only earn points in the Car(s) in which they are eligible for WeatherTech Driver championship points at each Event entered.
- B. Points earned in one class do not transfer to another class.
- C. Trueman / Akin points are awarded as shown in the table in [Art. 12.20](#).
- D. Trueman / Akin points are awarded based on class finishing position for each Car.
- E. In case of a tie, the Driver with the greatest total permitted drive-time is placed ahead.

- 7.1.5. All other IMSA RULES apply to the Trueman / Akin award programs.

7.2. IMSA WEATHERTECH SPRINT CUP

- 7.2.1. The IMSA WeatherTech Sprint Cup (Sprint Cup) is a special Competition encompassing IMSA WeatherTech Championship Races at seven (7) racetracks: Mid-Ohio Sports Car Course, Detroit Belle Isle Grand Prix, Canadian Tire Motorsport Park, Lime Rock Park, Road America, Virginia International Raceway and WeatherTech Raceway Laguna Seca.

- A. The Sprint Cup is open to GTD Entrants (Teams), Manufacturers and Drivers, as entered for WeatherTech Championship Races comprising the Sprint Cup Events.
- B. Cars must display Sprint Cup graphics as determined by IMSA at all Sprint Cup Events.

7.2.2. Sprint Cup Points and Point Fund / Prize Money Eligibility.

- A. Teams (assigned Car number and Entrant) entered in Sprint Cup Events are eligible for Sprint Cup points. Teams must enter and participate at all Sprint Cup Events in the season to be eligible for Sprint Cup Point Fund / Prize Money.
- B. Manufacturers entered in Sprint Cup Events are eligible for Sprint Cup points.
- C. Drivers entered in Cars at Sprint Cup Events are eligible for Sprint Cup points.

7.2.3. Sprint Cup Point Distribution.

- A. Sprint Cup Points are awarded as shown in the table in [Art. 12.20](#).
- B. Sprint Cup points are awarded based on the Car's finishing position in the GTD class within the Event results that count toward the Sprint Cup. All Sprint Cup participants are considered part of the GTD class for Race operational procedures.
- C. **Individual Race Recognition.** An individual Sprint Cup Race winner is recognized at the Event victory podium in GTD.
- D. **Team Points.** Sprint Cup points are awarded to each Team (assigned Car number and Entrant) based on the assigned competition number.
- E. **Manufacturer Points.** Sprint Cup points are awarded for the highest-placed, highest-finishing Car from each Manufacturer, with that Manufacturer's additional Cars not counted in the standings and all other Cars advanced in the order.

F. Driver Points. Where a Driver is nominated in two (2) Cars in GTD, Sprint Cup points are only awarded to them in the Car in which they are declared for WeatherTech Championship Driver championship points for the Race.

- i. For the Detroit Belle Isle Grand Prix, a Driver nominated in two (2) Cars must declare the Car in which they are eligible for Sprint Cup Driver championship points per Art. 12.5.1.

7.2.4. Additional Stipulations.

A. Season-end awards for the Sprint Cup are presented at the year-end award ceremonies.

7.2.5. All other IMSA RULES apply to the Sprint Cup.

7.3. ROOKIE OF THE YEAR

- 7.3.1. A Rookie is a Driver who has in their lifetime competed in fewer than five (5) Races in the WeatherTech Championship and/or the TUDOR Championship and/or the IMSA ALMS Series and/or the Grand-Am Rolex Series or similar national or international series.
- 7.3.2. A Rookie typically would not meet the criteria of a Platinum rated Driver.
- 7.3.3. If a Driver begins their season as a Rookie, they remain a Rookie until the end of the season.
- 7.3.4. A Driver is a Rookie in any season of the WeatherTech Championship only once in their lifetime.
- 7.3.5. IMSA, in its sole discretion, shall make any final determination regarding a Driver's eligibility as a Rookie and such determination is Conclusive.
- 7.3.6. IMSA reserves the right to create a championship for the title of Rookie of the Year. If so awarded at the season-end ceremonies, the Rookie of the Year is determined by the total number of Driver Championship points accumulated per Art. 12, tiebreakers per Art. 53.

7.4. VP FUELS FRONT RUNNER AWARD

7.4.1. The VP Fuels Front Runner Award is awarded twice (2X) during the season as follows:

- A. The mid-year award comprises four (4) five thousand dollar (\$5,000) fuel credits, to be used during the 2019 WeatherTech Championship season, with one (1) each awarded to the highest finishing eligible Team (Car number) in each class, DPi, LMP2, GTLM and GTD.
- B. The end of season award comprises four (4) five thousand dollar (\$5,000) fuel credits, to be used during the 2020 WeatherTech Championship season, awarded to the highest finishing eligible Team (Car number) in each class, DPi, LMP2, GTLM and GTD.

Please contact the IMSA Manager, Corporate Partnerships for specific details of award payouts.

7.4.2. Eligibility:

- A. The required VP Fuels decal(s) and/or other materials provided by IMSA must be displayed throughout each Event and maintained in presentable condition in compliance with the VP Fuels Front Runner guidelines, available at imsacompetitors.com. For questions please contact David Pettit, IMSA VP, Marketing at dpettit@imsa.com.

7.4.3. VP Fuels Front Runner Award Points System:

- A. At each Event, the Car from each class that leads the most total laps in the Race(s) receives one (1) point.

- B. Tiebreakers: For a tie at an Event, the tiebreaker is the Car with the highest finishing position in its class in that Race.
- C. For a tie at the end of the award segment of the season to date, the tiebreaker is resolved per Art. 53 for the applicable Races for that award segment.

7.4.4. Mid-Year Award Segment:

- A. The Entrant for the Car in each class with the most VP points from the 2019 Races preceding the Watkins Glen Event is awarded one (1) \$5,000 mid-year fuel credit to be used during the 2019 WeatherTech Championship season.
- B. The mid-year fuel credits are presented at the Watkins Glen Event.
- C. After the mid-year award interval, the VP Fuels Front Runner Award points for each Car are reset to zero (0) and the accumulation of points toward the end of season VP Fuels Front Runner Award are re-started as at the beginning of the season.

7.4.5. End Of Season Award segment:

- A. The Entrant for the Car in each class with the most VP points from the 2019 Races including and following the Watkins Glen Event is awarded one (1) end of season \$5,000 fuel credit to be used during the 2020 WeatherTech Championship season.
- B. The end of season fuel credits are presented at the season-end awards ceremony.

7.4.6. Additional:

- A. Fuel credits are non-transferable.
- B. Fuel credits are applicable for use at IMSA Sanctioned Events.
- C. Outstanding VP Fuels account balances must be settled prior to use of the fuel credit.
- D. All other IMSA RULES apply to the VP Fuels Front Runner Award.

7.5. MOTUL POLE AWARD

- 7.5.1. At each Race Event, Teams in the DPi, LMP2, and GTD classes compete for the MOTUL Pole Award.
 - A. Car must display the MOTUL decal on each side (Att. 5) at each Event.
 - B. If qualifying is abandoned or the grid for that class set by “other means”, the MOTUL Pole Award is not awarded for the affected class(es).
- 7.5.2. A special award, the MOTUL Year End Pole Award, is presented at the year-end award ceremonies, with a trophy to the Driver winning the most pole positions for the season in each of the DPi, LMP2 and GTD classes and a financial award to the Driver’s Team. Tiebreaker per Art. 53.
 - A. Car must display the MOTUL decal on each side (Att. 5) at each Event.
 - B. Eligibility. Driver must participate in all MOTUL-specific post-qualifying marketing activities as directed by IMSA Officials.
